SCENES FROM THE 2025 MAURY CITY ELEMENTARY SCHOOL COLOR RUN

With a week of Fall Break coming up, it's a good time to let your school children blow off a little steam... and raise a lot of money while they're doing it.

At Maury City Elementary School Friday, the kids got a chance to run around and turn each other into rainbows, the teachers got an opportunity to squirt them with water and powder, and Principal Christine Schwartz and Assistant Principal Kiley Doyle got to total up the money from the annual fundraiser: a whopping $26,161!

All teachers, staff, and administration wish to thank the community for the tremendous support. Here are some colorful scenes from the 2025 MCES Color Run.
