

AVIATION 101

TAKEOFF TOWARD YOUR PRIVATE PILOT CERTIFICATE!

Online High School Course

Build a foundation of flight knowledge through online lessons and weekly quizzes — all designed to prepare you for future pilot training. Learn the fundamentals of flight, weather, navigation, and flight planning through the **Wausau Area Virtual Education (WAVE)** platform.

Weekly VR Simulator Lessons

Experience the thrill of flying in a virtual cockpit each week at **Wausau Flying Service** as you apply what you've learned. Lessons by certified instructors are offered at no cost to students through generous community funding.

Flight Opportunity

Take the controls in a real airplane with a certified instructor for midterm and end-of-course flights (additional flight costs apply).
