## Federal Funds

### *Supplement, Not Supplant Methodology*

County-District #: 101921

LEA Name: Tomball ISD

School Year: 2023-2024

## Supplement, Not Supplant (SNS) Methodology

### Purpose:

The Supplement, Not Supplant (SNS) Methodology described in this document is used to ensure that State and local funds are distributed in such a way that each Title I campus receives all of the State and local funds that it would receive in the absence of Title I funds.

(1) IN GENERAL –A State educational agency or local educational agency shall use Federal funds received under this part only to supplement the funds that would, in the absence of such Federal funds, be made available from State and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds.

Tomball ISD has adopted the following policies to assure compliance with regulations regarding Federal funds:

[EHBD \(LEGAL\)](#)

[EHBD \(LOCAL\)](#)

(2) COMPLIANCE. –To demonstrate compliance with paragraph (1), a local educational agency shall demonstrate that the methodology used to allocate State and local funds to each school receiving assistance under this part ensures that such school receives all of the State and local funds it would otherwise receive if it were not receiving assistance under this part.

### Assurance:

The LEA assures that—

- any State and local funds that are retained at the LEA level will be used in a Title I neutral manner; and
- any Title I, Part A funds that are reserved at the LEA level will be used only for Title I, Part A purposes, as indicated in the LEA's approved ESSA Consolidated Federal Grant Application.

As part of Tomball ISD's priority-based budget process, the District uses the following methodology to allocate state and local funds to district and campus programs without regard to participation in the Title I, Part A program.

*Distribution by Personnel and Non-personnel Expenditures  
(per-personnel position plus per-pupil).*

The annual budget process is a major activity in moving the District and its organizational units toward the achievement of strategic goals designed to improve student learning. In essence, the budget process is the translation of the planning process into financial terms and measurements. Tomball ISD focuses on the following priorities when financially planning for the school year:

1. Sustainability of existing staff
2. Hiring need for the projected student enrollment growth
3. Class-reduction teachers for campuses with greatest number of at-risk students
4. Innovative programs

The District prioritizes campus staffing because we understand that providing smaller student-teacher ratios in all classrooms increases student academic achievement. The average student-teacher ratio for Tomball ISD is 16:1 K-12 in comparison to the State’s mandated 22:1 for K-4.

It is understood that the LEA must provide sufficient State and local funds to campuses in order to provide a free, public education, in the absence of Title I, Part A funds.

Description of methodology:

The basis on which State and local funds are allocated:

- DISTRICTWIDE or
- CAMPUS CATEGORY

The type of methodology used:

- SIMPLE FLAT AMOUNT PER-PUPIL
- WEIGHTED PER-PUPIL
- PERSONNEL-NONPERSONNEL COSTS

Description of criteria used: Tomball ISD (LEA) used a simple per-pupil amount for all campuses in Tomball ISD (LEA). The per-pupil amount is multiplied by the campus enrollment amount to identify the campus allocation for the school year.

Tomball ISD spends approximately 87 percent of general fund expenditures on payroll related expenses.

### Campus and Program Description

The Tomball Star Academy, Early College High School will provide a rigorous, supportive learning environment that blends high school and the first two years of college. Students may earn up to 60 college credit hours and either an Associate of Arts or Associate of Science degree by the time they graduate from high school free of charge. Tomball Star Academy utilizes a 1:1 learning environment where students are assigned a personal technological device for use in and outside the classroom.

The Tomball Star Academy, P-TECH Early College High School is designed to prepare students with the knowledge, experience, skills and professional ethics needed to be successful in health care careers. Our program provides students with a seamless pathway from high school to post-secondary education to employment in the healthcare industry. Students earn a high school diploma, including certifications, and have the opportunity to earn an Associate of Science degree. Students engage in work-based education and experiences at every grade level. Tomball is in partnership with HCA Houston Healthcare to invest in our students in the following ways: all students will have a liaison to serve in planning, advising, and ensuring commitments are implemented; work experiences that include mentoring, site visits, speakers, experiences at the facilities, paid internships; a commitment to priority interviewing and first in line for jobs for graduates; and collaboration with the high school and college partner to ensure that work experiences are integrated with high school and college coursework. Students who graduate from the P-TECH program enter the workforce with proven, in-demand skill sets, making them top candidates in their chosen industry.

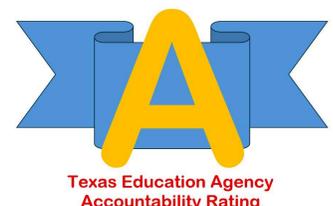

The students' core class instruction during their freshman year is all at the TAP level. Students begin taking college courses their freshman year which include College Readiness (EDUC 1300) and Public Speaking (SPCH 1315). Sophomore coursework will include TAP and AP core classes as well as dual credit electives. Students will complete an additional nine college hours their sophomore year. These hours include Music Appreciation I (MUSI 1306 and MUSI 1307) and Criminal Justice (CRIJ 1301). Juniors begin splitting their time between Lone Star College Tomball and Tomball Star Academy. The students take English 1301/1302, Government 2305, Math 1316/2412, and an elective of their choice on the Lone Star Tomball campus. They take Dual Credit US History, Physics AP or Level, and PCC III on the Tomball Star Academy campus. Seniors continue their coursework with courses at Lone Star College Tomball and Tomball Star Academy. In their final year, students take English 2322/2323, Biology 1408/1409, Government 2306, Economics 2301 or AP Economics, Math, and electives of their choice on the Lone Star campus.

All students participate in a Path-College/Career (PCC) class. This class is an innovative course that provides instruction in things such as Organization and Planning, Study Skills, PSAT/SAT Preparation, TSI Preparation, Graduation Requirements, Community Service, College and Career Investigation, and College Success.

Additionally, Tomball Star Academy provides services for special populations that include special education, Section 504, Gifted and Talented and English as a Second Language.

To provide students extra academic support, we provide a Power Hour twice a week. This block is utilized to give students an opportunity to make-up missing work or receive additional instruction as needed.

Tomball Star Academy offers a variety of clubs including Conservation, Robotics, Dance, Music and Art, Journalism/Yearbook, Strength and Conditioning, Student Council, and a variety of Cultural clubs. These clubs meet throughout the week to provide students with opportunities to grow and connect with each other. Students also participate in clubs and organizations through Lone Star College Tomball.

## Data Analysis and Comprehensive Needs Assessment

Data Action is structured around a multidimensional “data cube” which represents the dynamic relationship between all students, teachers, and standards. Data Action starts with an analysis of integrated data sources through which district needs are identified. The District Improvement Plan is based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the district. The needs are assessed to determine what is the root cause which drives the current results. Lastly, strategies are developed to address those root causes. Action items are detailed to monitor timelines, responsibility, and resources, and a SMART goal is established to measure efficacy.

## Effective Schools Framework (ESF)

At the core of effective schools is effective instruction: interactions between students, teachers, and content determine learning outcomes. This instructional core is strengthened and supported by effective, well-supported teachers, high-quality curriculum, and positive school culture. Strong school leadership and careful planning encompass and ensure each of these prioritized levers.

The [Effective Schools Framework](#) consists of a set of district commitments and, for schools, essential actions. District Commitments describe what local education agencies do to ensure that schools are set up for success. The Essential Actions describe what the most effective schools do to support powerful teaching and learning. The ESF framework is rooted in the continuous improvement process.

### ESF Theory of Action

#### BUILD A COMMON VISION

The Effective Schools Framework builds a common vision with clarity and specificity to codify the best practices that effective Texas schools engage in daily.

#### ASSESS

Campuses should assess current campus practices to the aspiration language of the Essential Actions in the Effective Schools Framework. This practice will act as a needs assessment to determine strengths and areas of growth. To ensure campuses and districts are appropriately prioritizing the highest leverage actions for continuous improvement efforts, the ESF Diagnostic Process serves as an effective tool to clearly identify strengths and areas of growth through the lens of an unbiased ESF Facilitator.

#### PRIORITIZE GAPS

Once a campus has assessed their current practices, they will prioritize 2 – 3 Essential Actions to prioritize their focus. Prioritization can be identified through a big gap/small gap analysis to narrow the focus on highest leverage actions that lead to improved systems and student outcomes.

#### CONNECT WITH CAPACITY BUILDERS

Capacity building is a key part of the school improvement process. Campuses can partner with Vetted Improvement Partners (VIPs) or Education Services Centers (ESCs) who offer services to help improve campus practices and procedures aligned to specific essential actions of the Effective Schools Framework.

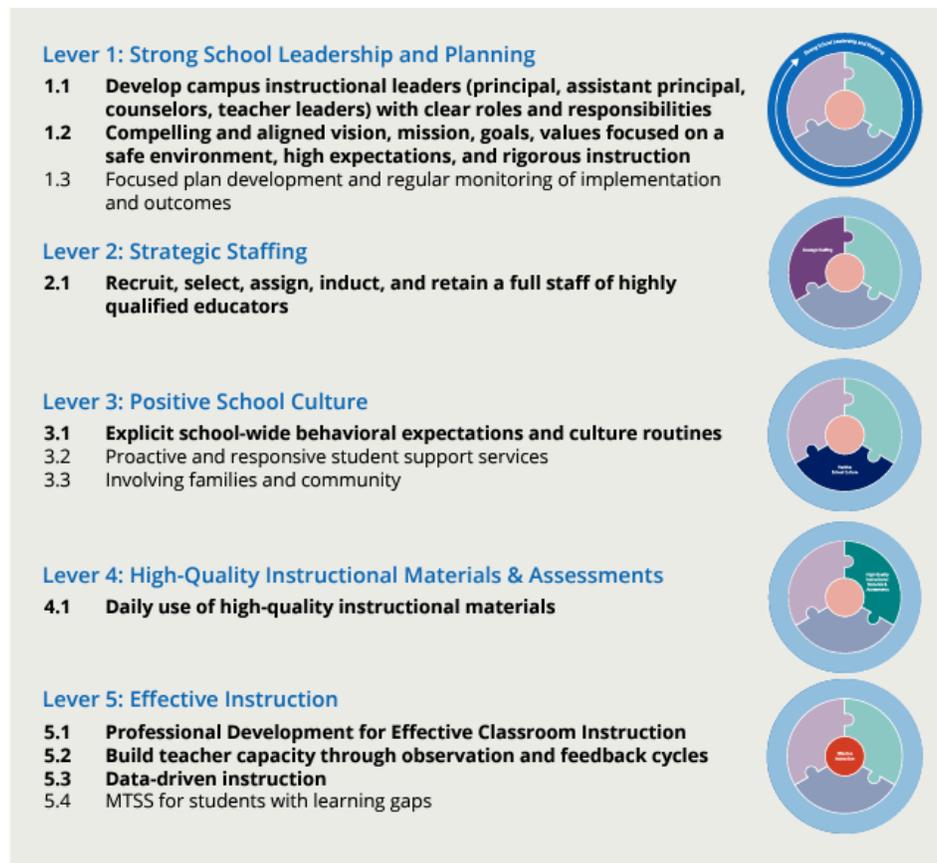

#### TARGETED SUPPORT

Accountability is the foundation to success in any change effort. Districts and campuses should establish an ongoing targeted support plan throughout their continuous improvement efforts.

## ESF Levers

	Strong School Leadership and Planning	Effective campus instructional leaders with clear roles and responsibilities develop, implement, and monitor campus systems and structures that are aligned to a compelling school mission, vision, values, and goals rooted in student achievement.
	Strategic Staffing	Campus leadership retains effective, well-supported teachers by strategically recruiting, selecting, assigning and inducting teachers so that all students have access to high-quality educators.
	Positive School Culture	Campus systems support positive school culture through explicit behavioral expectations, school-wide culture routines, proactive and responsive student support services, and involved families and communities.
	High Quality Instructional Materials and Assessments	All students engage daily with TEKS-aligned, high-quality instructional materials, and assessments that support learning at appropriate levels of rigor.
	Effective Instruction	Campus leaders provide teachers with job-embedded professional development, including observation and feedback cycles, and access to time and data needed to reflect, adjust, and deliver instruction that meets the needs of all students.

## Staff Development Needs

### *Summary of Needs:*

The district addresses the Excellent Educators for All Initiative (Title I, Part A under the Every Student Succeeds Act) by developing goals and strategies to decrease the equity gaps as they relate to low-income students and students of color being taught at higher rates than other students by inexperienced, out-of-field, and ineffective teachers. It does not matter what classroom these students walk into – in Tomball ISD, an effective teacher awaits them. In order to successfully implement the CIP for 2025-2026, professional development, including teacher-led training is required for teachers and administrators in the major areas of collaboration, infused technology, multiple pathways to teaching and leading, meaningful evaluation and support, strong teacher leadership, mentoring, instructional leadership.

Texas Data Portal of Texas Assessment Management System	Use of Eduphoria Aware	2027	This waiver allows school districts and charter schools to apply for a waiver of participation in the teacher portal component of the Texas Assessment Management System. ## District of Innovation

Tomball ISD is an approved Texas Education Agency District of Innovation. Districts of Innovation may be exempt from state statutes to:

- take greater local control in decision-making about the educational and instructional model for students
- have increased autonomy from state mandates that govern educational programming
- be empowered to innovate and plan differently – to think outside of the box

The Tomball ISD renewal plan will be in effect for the 2022-2023 school year through the 2026-2027 school year. This plan may be amended at any time by the committee with the approval of the Board of Trustees.

Statutory Exemption	Texas Education Code/ Tomball ISD Board Policy	Proposed Innovation
<p>1. OPERATION OF SCHOOL AND SCHOOL ATTENDANCE</p>	<p>TEC 25.0811 EB(LLEGAL)</p>	<p>To allow for a calendar that fits the local needs of our community, we would like to consider moving the mandatory start date back one week which would better benefit our students.</p> <p>a. Students will begin no earlier than the <u>2nd</u> Monday of August.</p> <p>b. Teachers will begin no earlier than the <u>1st</u> Monday of August.</p> <p>c. This will allow the first and second semesters to be closer in the number of days of instruction.</p> <p>d. The goal is to improve the district attendance rate and student success through the flexibility in the calendar.</p> <p>e. Flexible start dates and times will accommodate Early College High School schedules.</p>
<p>2. SUBMITTING WAIVERS FOR KINDERGARTEN – GRADE 4 CLASS SIZE</p>	<p>TEC 25.111 TEC 25.112 TEC 25.113 EEB(LLEGAL)</p>	<p>While we certainly believe that small class size plays a positive role in the classroom, we do not believe it has a negative effect when you only add one or two more students. Many times it is not the number of the students but the makeup and chemistry of the classroom which influence the learning environment.</p> <p>a. TISD will attempt to keep all K-4th core classrooms to a 22:1 ratio. However, in the event the class size exceeds this ratio, the superintendent will report to the Board of Trustees.</p> <p>b. In the event a K-4th core classroom reaches 24:1, the campus will notify the parents of the number of students in the classroom and inform them of the situation.</p> <p>c. A TEA waiver will not be necessary when a K-4th classroom exceeds the 22:1 ratio.</p> <p>d. This gives TISD flexibility without having to apply for waivers within the Texas Education Agency.</p>

<p>3. TEACHER CERTIFICATION</p>	<p>TEC 21.003a TEC 21.057a-e</p> <p>(DK LEGAL) (DK LOCAL) (DK EXHIBIT)</p>	<p>In order to best serve TISD students and allow more flexibility in our scheduling and class offerings, certification issues will be handled locally.</p> <p>a. The campus principal may submit to the superintendent a request to allow a certified teacher to teach one subject out of their certified field. The principal must specify in writing the reason for the request and document what credentials the certified teacher possesses which qualify this individual to teach this subject.</p> <p>b. Flexibility with personnel on Title I campuses per ESSA guidelines.</p> <p>c. In exceptional circumstances, when a certified educator is not found for a unique or innovative class, the campus principal may submit to the superintendent a request for local certification that will allow a non-certified yet highly qualified professional to teach OR a certified educator to teach a subject in a related field for which she or he is not credentialed by the state.</p> <p>d. A teacher certification waiver, state permit applications or other paperwork will not be submitted to the Texas Education Agency.</p>
<p>4. IMPLEMENT A LOCAL TEACHER AND ADMINISTRATOR APPRAISAL SYSTEM</p>	<p>TEC 21.203 TEC 21.352</p> <p>DNA(LEGAL)</p>	<p>a. Tomball ISD will follow a modified TTESS and TPESS as a localized Teacher Appraisal System and an Administrator Appraisal System, which are better aligned with the Tomball ISD strategic goals and student assessments. This exemption would allow flexibility to evaluate various performance measures, including classroom observations, goal setting and tracking, and collective student growth progress toward identified learning objectives. The local system will be detailed in Board Policy DNA(LOCAL) and accompanying documents.</p>
<p>5. CAMPUS BEHAVIOR COORDINATOR</p>	<p>TEC 37.0012</p> <p>FO(LEGAL)</p>	<p>The proposal is for the District to seek exemption from the statute requiring each school to have a designated campus behavior coordinator. The relationships that are established between the campus administrator, counselor, student, and parent are the foundation for promoting and maintaining positive behavior. Utilizing a local district process allows the administrator who currently has a relationship with the parent and student to be the person to make parental contact. The administrator notifies the parent of discipline or behavior concerns, rather than having contact by a campus behavior coordinator, who may not know all the students, providing a much more individual and personal approach.</p>

<p>6. INTER-DISTRICT TRANSFERS</p>	<p>TEC 25.036 FDA(LLEGAL)</p>	<p>Texas Education Code 25.036 and Tomball ISD Board Policy FDA (Local) currently allow for inter-district student transfers. Under Section 25.036, a transfer is interpreted to be for one school year. However, in rare instances, a transfer appears not to be in the best interest of the student, the students of Tomball ISD, and the District when the transferred student engages in behavior that warrants significant discipline, does not attend needed interventions, and/or has attendance that falls below the TEA truancy standard. In those rare instances, Tomball ISD seeks the ability to revoke the transfer during the one school year time period.</p> <p>Proposed Innovation: Tomball maintains an inter-district transfer policy under Board Policy FDA (Local) requiring nonresident students wishing to transfer to file a transfer application for each school year, and in approving transfer requests, the Superintendent or designee shall consider the availability of space and instructional staff and the student’s disciplinary history and attendance records. Under Policy FDA, transfer students are expected to follow the rules and regulations of the District. The District is seeking to eliminate the provision of a one-year commitment in accepting an inter-district transfer for the following circumstances:</p> <ul style="list-style-type: none"> <li>- student behavior warrants suspension (in or out of school), placement in a disciplinary alternative program, or expulsion; and/or</li> <li>- student has not attended required interventions (if needed); and/or</li> <li>- student attendance falls below the TEA truancy standard.</li> </ul>
