# Determining Eligibility - (Percentile Scores)

## How do you locate your child's standardized test score information to determine program eligibility?

- If your child has taken the North Carolina End-of-Grades (EOGs) tests, you can determine their percentile by looking at their Individual Student Report (ISR). This information is located by the red arrow below. Submitted applications that do not meet program criteria will be marked “**Does Not Qualify**” and will be **Cancelled**.
- If your child is coming from a private/charter or home school that did not administer the NC EOGs, we will use the information gathered from the standardized test that was used by that institution. We will be utilizing the percentile ranking, as well.

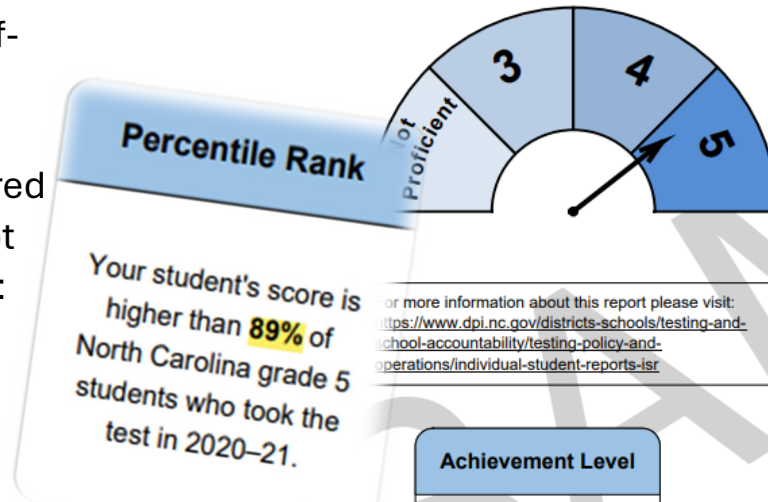

**North Carolina Individual Student Report**  
 Grade 5 End-of-Grade Test

Student ID: 1234567890  
Student Name: JOHN DOE

Process Date: 08/01/2020  
School Name: ABC School w/ District data

This report provides information on how your student performed on the End-of-Grade (EOG) Mathematics test. Your student's score is only one way of knowing how your student is progressing in school. Parents, students and school staff should consider all available information when making decisions about student success.
