B. Shared Responsibilities for High Student Academic Achievement

1. Education is the responsibility of the school, teacher, and parents. Bonham ES has developed a Parent-School Compact document with the input of the parents for high academic achievement. The document is an agreement between the parents and school to support students and to promote a partnership to develop long life learners. It is the goal of the school to have a strong relationship with the parents and for them to become our partners in the educational process.

C. Building Capacity for Involvement

- The parents will be given the opportunity to provide their input through the school year by participating in Title 1 Meetings (Coffee with the Principal), PTA Meetings, different parental involvement activities such as Literacy Night. We will also send home school correspondence in English and Spanish. This ensures that information about school and parental activities is received by everyone.
- Bonham ES will have meetings to explain the state's curriculum and requirements for the STAAR Testing.

Every parent is afforded the opportunity to become involved with their child's school environment and are welcome in our school. All students are important part of our learning community.
