

Kilby Laboratory School

Vision

Kilby Laboratory School is to serve as a site for university students to engage in meaningful interdisciplinary teaching, research, and service opportunities. Kilby Laboratory School provides a safe, stimulating, and cooperative learning environment for elementary students.

Mission

Kilby Laboratory School is committed to preparing elementary and university students to meet the future challenges of an ever changing global community.

Beliefs

Kilby faculty believe students will be successful when they have supportive teachers and administrators, equal opportunities in the curriculum, active student engagement, and creative thinking and learning for every student.

The Kilby Way /P.R.I.D.E.

Objectives

- Foster a school climate that promotes high academic achievement, good citizenship and strong collective self-efficacy amongst the faculty and staff.

Critical Initiatives

- Promote the Kilby Way through providing incentives for displaying good character and providing Perseverance, Respect, Integrity, Diligence and Excellence.

Key Measures

- Improved discipline and sense of school safety
- Lower chronic absenteeism

Academic Proficiency

Objectives

- Increase achievement in reading and especially math on the end-of-year ACAP assessment.

Critical Initiatives

- The school will hire an interventionist to work with students in math. We will also work to move the high achievers through enrichment activities, including the "One School, One Book" initiative.

Key Measures

- 90% proficiency in reading
- 80% or higher proficiency on ACAP in math

Parental Engagement

Objectives

- The school will create opportunities for the PTO organization to assist with school initiatives and fund raising for various needs in the school.

Critical Initiatives

- The PTO will create standing committees to assist with grant writing and fundraising for a new playground. The PTO will also help organize various school spirit days and provide decorations for them.

Key Measures

- At least 30 active parents in the PTO
- New playground planned and prepped
