

2025-2026 RAS e-Learning Plan

Revised July 24, 2025

Overview

The Robbinsdale Area Schools e-Learning Plan is written to provide continued, standards-aligned educational experiences to students on days with inclement weather. E-Learning Days provide Robbinsdale Area Schools an alternative to extending the school year in the event of such weather events. The RAS e-Learning Plan will also be used during Blended Learning Days. Items specific to Blended Learning and/or different than e-Learning are called out in subsequent sections of this document. Where otherwise not called out, both e-Learning days and Blended Learning Days will follow the same procedures. Our plan is developed following Minnesota Statute [120A.414](#) and [124D.094](#), which state the following:

Subd. 1. **Days.**

a. "e-learning day" means a school day where a school offers full access to online instruction provided by students' individual teachers due to **inclement weather**. A school district or charter school that chooses to have e-learning days may have up to five e-learning days in one school year. An e-learning day is counted as a day of instruction and included in the hours of instruction under section [120A.41](#).

b. "Blended instruction" means a form of digital instruction that occurs when a student learns part time in a supervised physical setting and part time through online instruction.

c. "Online instruction" means a form of digital instruction that occurs when a student learns primarily through digital technology away from a supervised physical setting.

Subd. 2. **Plan.** A school board may adopt an e-learning day plan after meeting and negotiating with the exclusive representative of the teachers. If an exclusive representative does not represent a charter school's teachers, the charter school may adopt an e-learning day plan after consulting with its teachers. The plan must include accommodations for students without Internet access at home and for digital device access for families without the technology or an insufficient amount of technology for the number of children in the household. A school's e-learning day plan must provide accessible options for students with disabilities under Chapter [125A](#).

Subd. 3. **Annual notice.** A school district or charter school must notify parents and students of the e-learning day plan at the beginning of the school year.

Subd. 4. **Daily notice.**

- a. On an e-learning day declared by the school, a school district or charter school must notify parents and students at least **two hours prior** to the normal school start time that students need to follow the e-learning day plan for that day.

- b. A Blended Learning Day will be declared by the school district with at least **five days** notice to families and staff.

Subd. 5. **Teacher access.** Each student's teacher must be accessible both online and by telephone (via Voicemail) during normal school hours on an e-learning day to assist students and parents.

Subd. 6. **Other school personnel.**

- a. A school district that declares an e-learning day must continue to pay the full wages for scheduled work hours and benefits of all school employees for the duration of the e-learning period.

This includes the following staff: AFSCME, Cabinet, Casual Employees, Custodians, Education Assistants, Nutrition Services, Principals, Robbinsdale Equity Allies, Program Assistants, Program Directors, and Teachers. During the e-learning period, school employees must be allowed to work from home to the extent practicable, be assigned to work in an alternative location, or be retained on an on-call basis for any potential need.

- b. During a Blended Learning Day, staff must report to work as directed by their supervisor.

This includes the following staff: AFSCME, Cabinet, Casual Employees, Custodians, Education Assistants, Nutrition Services, Principals, Robbinsdale Equity Allies, Program Assistants, Program Directors, and Teachers.
