Board Goals

The Jericho Public Schools Board of Education (BOE) will be creating a manual for the standard operating procedures for all Board Members.

The Jericho Public Schools BOE will select and complete the Superintendent's evaluation tool and evaluation on time

District Goals

The school district will leverage district technology and other appropriate resources to increase community engagement and positive perception of Jericho Public Schools.

The district will participate in the process of developing a three-year strategic plan.

The district will be creating standard operating procedures for various functions within the district including, hiring practices, employee accountability and student tracking.
