

RED PEAR

DID YOU KNOW?

- Red Pears are short, squat, and egg-shaped with a wide base that tapers to a rounded top with a thick stem and ranges in color from deep red to a lighter crimson with occasional striations.
- Red Pears are juicy and soft with subtle, sweet flavors and mild notes of lemon and lime.
- To determine when a pear is ready for consumption, slight pressure should be given to the neck of the fruit. If it has a delicate give, the fruit is ripe and ready to be used.
- Pears are a good source of vitamin C. Vitamin C helps your body fight off germs.

FUN FACT!

Pears are an ancient fruit that came from Western Europe, Africa, and Asia.
