

# Our Telemedicine Solution

## Doctors Nationwide

- › Best doctor to member ratio in the industry – 10x better than top competitors
- › Fastest doctor response time in the industry – less than 5 minutes

## Simple User Experience

- › No need to pre-register
- › No need for appointments
- › No lengthy waits for doctor consults

## Guaranteed Employer Savings

- › Savings from diverted healthcare visits guaranteed to exceed FSH cost by 125% (Increases to 150%, if Care Navigation is included)
- › Credit or refund if FSH fails to meet our savings guarantee level
- › Average client savings is 115%— saving them more than 4.5 times the average cost to implement FSH

“

So glad for this service. I had been feeling sick all day. Came home, called the doctor and gave him my symptoms. He asked a few questions and within an hour I had my prescription that was needed. I was on the road to recovery!

“

**Excellent experience!** The doctor called me back within minutes and I received text messages when my prescription was sent to the pharmacy along with a text of the estimated cost. My husband picked it up for me and I was able to start feeling better immediately. Everyone was helpful. Excellent customer service experience..
