4.1 Conflict of Interest
The conflict of interest form is a mandatory annual acknowledgement. It will be sent out from the Section VI office to council members via email. Prompt reply is kindly requested.

4.2 26-27 North & South Proposed Timelines for Schedules and Assignment of Officials (Appendix A)

The timelines are established annually and reviewed with the league heads. They will be an action item at the November 19, 2025 athletic council meeting.

4.3 August 2025 AD Workshop Update

Positive feedback was received regarding the workshop and all member schools completed the requirement.

4.4 Mandatory AD Workshop

The mid-year mandatory athletic director workshop is scheduled for January 22, 2026 at Erie 1 BOCES. Details will be distributed as the date approaches.

4.5 Pre-season Coaches Meetings

Pre-season coaches meetings are scheduled the Wednesday prior to the start of the season. League heads are in favor of continuing this process.

4.6 Officials Negotiations – identification of lead negotiators due 2/1/26, remaining team members due 3/1/26

2026-2027 is the last year of the current WNYSO/Section VI contract. Current contract details successor agreements wherein both negotiating teams are permitted up to two (2) lead negotiators, four (4) additional members, and one (1) alternate. Western NY Sports Officials (WNYSO) and Section VI will, using formal correspondence, identify their respective Lead Negotiators (2 individuals from each side) no later than February 1st of the year prior to the expiration of the Agreement (contract). WNYSO and Section VI will, using

formal correspondence, identify the remaining members of their respective negotiation teams (up to four (4) additional members and one (1) alternate each) no later than March 1st of the year prior to expiration of the Agreement.

At the November 19 athletic council meeting, the Executive Committee will announce the makeup of individuals sought for the Section VI negotiating team and provide the deadline for volunteers.

4.7 Boys Lacrosse State Championship

Resulting from conflicts with regents exams, the state association changed the semifinals from 6/10/26 to 6/11/26 and the finals from 6/13/26 to 6/14/26.

4.8 Baseball Double First Base

Next spring (2027), a double first base will be used in the sport of baseball, which will require installation of another post. This is informational and for preparation and budgeting purposes as it will be an issue for schools with turf fields.

4.9 Girls Ice Hockey Regional Competition Update

There has been a reversal of decision at the state level. There will be a regional competition this year. It was noted Webster will be part of Section VI. With that it will be possible to not have a Section VI champion.

4.10 Indoor Track 2026 State Championships – 2-Day Competition

Indoor Track & State Championships were approved to be expanded to a two-day meet. Section VI participants will depart Thursday, March 5, 2026 and return Saturday, March 7, 2026.

- Niagara Falls Varsity Boys Basketball
- CSAT Girls Soccer

- CSAT Baseball
- CSAT Softball

4.12 Late COS Request Additional

Tuesday, September 16, 2025, the ECIC brought forth a request for combining of schools involving Tapestry and WNY Maritime in the sport of Boys Volleyball (varsity). The Executive Committee concern about the timeframe for the request, 4 weeks into the season where Tapestry has already played games. In addition, WNY Maritime does not currently have a team and would be required to fulfill 6 practices before competing. Section VI allows for flexibility when circumstances arise involving combining of schools, but a merger has not yet historically been approved after a 1st game has been played.

At the following athletic council meeting, President D. Lilleck will request a motion from the floor to add this action item to the agenda. Discussion to follow.

Class C	Tapestry	Janee Long

Report on changes in Policy or Practice that were implemented:
Coaches were required to enter their state meet entries on Milesplit.com by Sunday at noon, after the state qualifier meet. This was done with better efficiency than in the past.

The requirement for F.A.T. Qualifiers for the 100, 200 and 100/110 hurdles at the Class and State Qualifier Meets went well and increased the level of accuracy in events with very small margins between qualifying and not. Also, more consistent with state policy.

An additional class was added to the state and state qualifier competition. Having different classes at our class meets and at the state qualifier/state level was confusing for some coaches who didn't reference the Section 6 Outdoor Track Handbook.

The additional class at the state level went well from the sectional through the state competition level. Both meets went smoothly and timely with some of the qualifying standard and meet protocol changes that were made.

Problems encountered/concerns:
General problems with coaches following policies and procedures that are outlined in the handbook and were reviewed at our preseason meeting and through emails throughout the season, from entry protocols and deadlines to submitting state meet opt-out forms.

There were some that abused the logistics and intent of the standards. This may include adding a top 8 place consideration for the super standard at the state qualifier meet.

Class Meet starting times could be moved up to avoid issues with busing that required some teams to be dropped off early so their bus could travel back to their district and complete normal runs.

Report on changes in policy or practice that were implemented:

Problems encountered/concerns: No concerns Conduct of players and coaches improved from previous year, shot clock worked exceptionally well

Boys Lacrosse Committee proposals for the 2025 season:

We will have JV/ V games held at the same site to alleviate shortage of officials. 5 pm and 7 pm games.

One league game in larger divisions Class A< B< C count toward sectional seeding, This Allows for more nonleague games to be selected by individual coaches.

In Class D Top 5 teams in division play H/H versus each other for 8 games for top 5 seeding in sectional playoffs. Bottom Developing teams play each other for 8 games for seeding 6-10 in sectional play. Allows these teams to select 8 nonleague games of comparable competition. **(Tabled - Sectional Intersectional Committee wanted further discussion and league feedback, will make a determination on Oct. 9 at next S/I.)**

For scheduling purposes, due to NYSPHSAA approved earlier start date, no games will be scheduled within the first 2 weeks. These were voted on by all varsity coaches at the end of the year meeting.

The Class Chairmen discussed a proposal to move Lakeshore/SC combined team to Class B due to the dominance they have displayed in winning 4 consecutive sectional titles. The competitive advantage is a concern. This will remain the same if Lakeshore and Silver Creek stay combined

Problems Encountered/Concerns from this season:

The new waiver signed by coaches and golfers prior to the tournament declaring their intentions if the golfer and/or coach can commit to the State Championship Tournament in the event the golfer or coaches golfer qualifies was very successful. We knew ahead of time so all tiebreakers were settled and we will know who is representing Section 6 at the state tournament when we leave the afternoon of the sectional championship.

Report on changes in policy or practice that were implemented:
- No changes occurred in season outside of the handbook. We changed from two classes to three classes as the number of participating schools grew across the state. We added modified Flag and had 10 teams participate in 2025 season. Participation surveys for 2026 are due by July 15, 2025. Based on the number of participants for 2026, classes and BEDS breakdown, we will propose new alignments if needed for 2026. We will be looking at consolidating two divisions (3 and 4) for the 2026 season.

Report on Active Pilots:

Effect of new changes: AAA best of three series: went well everyone liked it.

Problems Encountered/Concerns from this season:

Brought up that on deck batter be allowed to go to either side of field. I brought

To our state meeting and was voted down.

Spring 2026:

Sport Committee Meeting Dates:

Pre season meeting Sunday September 21st 9:00 AM place TBD. Others TBD

Sport Committee Proposals:

The committee would like to use a new tie breaking policy for sectional seeding. Passed 3-0

Reasoning fairness

Proposal

1. *Winning percentage of league or division games scheduled (independents all games)* Previously it was simply number of league or division wins.

   Ex: 12-2 team would beat our 10-0 team.

2. *Head to Head if same league or division*
3. *Runs allowed between teams tied if in same league or division*
4. *Coin toss*
5. *3 way tie still pull out of hat after 1-3 are used*

Rational: With the leagues playing different amount of league games, going by total league games won is no longer fair to the teams playing fewer league games.

-Taking out A/B- Starting Point C from current process.

-Adding Runs allowed

Current Tie Procedure:

212.4 If teams have identical power ratings, the following criteria will be used to break the tie:

a. The team with the most **league/division** wins will be the higher seeded team. If still tied:
b. The team with the fewest league **league/division** losses will be the higher seeded team. If still tied:
c. The team with the higher winning percentage of games scheduled will be the higher seeded team. Determined by total league wins divided by total **league/division** games scheduled. If still tied:
d. If teams are in the same **league/division**, use head-to-head results. If still tied:
e. A toss of a coin will determine the higher seeded team.
Approved at 3/21/18 Athletic Council Meeting
f) If 3 or more teams are tied, teams will be drawn out of a hat.
   a. 1st draw is the highest seed
   b. 2nd draw is the next seed
   c. Last draw is the next seed

Things to add to handbook:

1. *For sectionals at neutral sites the higher seed will be home team add and have a choice of dugouts.*

Pertinent Information

- We will continue to fine tune the electronic scoring procedure games. The distribution, maintenance and collection of equipment also need to be addressed. A better system must be implemented to make this process more manageable.
- The start date for the season is November 17, 2025. Section VI will host the regional games on Saturday March 7th and the NYS Championships on March 14 & 15, 2026.
- The Monsignor Martin teams elected to separate from the league and play and independent schedule. The league will consist of 3 divisions for the 25-26 season.
- The three official systems will again be used for the sectionals and finals. This is in line with the NYSPHAA decision to use three officials for regional and state tournaments. A proposal to institute the three-official system for all league games has been received. Staffing needs and costs are being studied.
- The league fee for the 2025-26 season is $5,000.00.

Class C - 17 - (No Split)

Class D - 7 schools

2026 Post-Season Calendar and Important Dates-

Changes in Policy/Practice for the upcoming season:
Due to the need for sub regionals/regionals-
Seeding meeting to Wed, 2/18 so that we could begin Sectional play by Fri/Sat, 2/20-21.
Sectional finals will now ALL be completed by Sunday, 3/8 , allowing necessary Regional/Sub Regional games to be played as early as 3/10.

To accommodate these necessary changes, we have changed what was our “normal” week of Semi-final and Finals games at the Buff State arena, and we are expanding to use Buff State as well as SUNY Fredonia and Jamestown CC. We will also be combining BOTH boys AND girls games on the same nights, sharing these venues. This is NOT a change for our Class C and D schools that have played for many years at JCC, but it WILL be a change, particularly for Class B schools that will now use SUNY Fredonia for semi-final games.

A big thank you to Girls Bball Chairman Chris Durr for all the work he did as well in making this new concept happen. Hopefully it will be a win-win on both the boys and girls side, as well as the many school districts that will have both boys and girls teams playing deep into Sectional play together.

Other Pertinent Data: Our committee voted unanimously to place Class B charter school Health Sciences up to Class AAA for the 2025-26 season. While a Class B school by enrollment numbers, they have continued to show a pattern of dominance, winning the Class AA Sectional Title in the 2023-24 season, and advancing to the Far West Regionals again, doing so without their returning All-WNY point guard who suffered an achilles injury the previous summer.

1.NYSPHSAA approved a two day championship meet for March 2026. Teams will travel down to Ocean Breeze on Thursday and return on Saturday. Competition will be all day

Friday and Saturday.

Ongoing/Active Pilots: None

Other Pertinent Data:

Once again, the number of Section 6 schools/teams electing to participate in the Indoor Track and Field season has risen. This will further stress the already challenging task of meeting the required and desired educational and competitive goals for all of our Student-Athletes in terms of fairness, equity and safety. We will continue to generate and attempt sound competition procedures to best meet these goals as the needs arise in relation to our limited facility and space availability.

With the continuation of 2 Divisions for the relay events at the NYSPHSAA Championships, we will again require supplying 32 additional Section 6 Shields to be distributed at the Section 6 State Qualifier Championships. The 32 Shields (4 each of blue, red, white and green) are for the 1st, 2nd, 3rd and 4th place boys and girls relay teams for the newly established second relay team division at the NYSPHSAA Championships.

The Sectional Intersectional Committee recommends for piloting for the 25-26 school year that in all sports without a split classification the Sectional winner determines that the their state championship pathway. Teams competing in the Sectional Final must submit a form, signed by the coach, athletic director, and superintendent, indicating which pathway they will follow if they win.

For sports with a split-classification the committee needs more time prior to making a recommendation. The goal is to have this recommendation ready and have it be a voting item at January Athletic Council to ensure that we are prepared for Spring 26.

Classification of Non-Public & Charter Schools

Proposal for Consideration

This proposal outlines criteria and procedures for NYSPHSAA Section Classification Committees to utilize when evaluating the athletic classifications of non-public and charter school sport programs. It establishes performance-based guidelines for potential movement between classifications, defines processes for incorporating updated enrollment data, and sets forth a clear review timeline aligned with seasonal sports. Additionally, the document details the appeal process available to member schools and Sections to ensure transparency, consistency, and fairness in classification decisions. While providing this standardized framework, the proposal affirms that Sections retain the authority to assign classifications for non-public and charter schools, provided such decisions are made in accordance with consistent criteria and within the established timeline.

1) Criteria for Section Classification Committee

Movement Up in Classification:

Non-Public & Charter school sport programs may be subject to annual reclassification based on performance and enrollment data. A Non-Public or Charter school team may be considered for **movement to a higher classification** if at least one of the following criteria is met:

1. The team achieves a winning percentage of .750 or higher in any of the following categories: overall record, league record, or in-class record (with a minimum of four games played).
2. The team is recognized as a league and/or playoff champion.
3. The team is a sectional semifinalist.
4. The team wins a state championship.

Remain in Current Classification:

A Non-Public or Charter school team may **remain in its current classification** if it meets at least one of the following during the season:

1. a winning percentage of .500 or above in-class, overall regular season, or league competition;

2. the team qualifies for sectionals or wins a first-round sectional game.

Move Down in Classification:

If a non-public or charter school team was previously moved up in classification but does not meet any of the criteria listed above (*#1 & #2 of remain in current classification*), the Section Classification Committee will consider moving the team down one classification level. Any exception to this downward reclassification will require clear, objective justification. However, a team may not be placed in a classification lower than the level determined by its BEDS (*Basic Educational Data System*) number under any circumstances.

Changes in BEDS or Sport Variation Numbers

If updated BEDS numbers or changes to NYSPHSAA sport classification cutoff numbers would result in a non-public or charter school's team moving down a classification, a review of the team's placement may be initiated. The criteria used to justify reconvening the Section classification committee will mirror those required to consider a move up in classification.

2) Examination process

Timeline:

The Section Classification Committee will convene three times a year to review the classification of Non-Public and Charter schools and the dissemination of information.

Fall Sports – Section Classification Committee Meeting in **January**
*To be reported at February NYSPHSAA Executive Committee meeting

Winter Sports – Section Classification Committee Meeting in **April**
*To be reported at May NYSPHSAA Executive Committee meeting

Spring Sports – Section Classification Committee Meeting in **June**
*To be reported at July NYSPHSAA Central Committee meeting

Information to be reviewed:

Relevant information should be submitted to the Section Classification Committee.

1. Sectional tournament brackets, scores and results.
2. Section Transfer information.

Decision to be made for the following school year by the Section Classification Committee.

3) Appeal process

Any NYSPHSAA Section may submit an appeal request to the NYSPHSAA Classification Oversight Committee no less than 15 calendar days following the information being reported to the NYSPHSAA Executive/ Central Committee. Upon receipt of such a request, the Committee will conduct a comprehensive review of all relevant information submitted by both the appealing Section and the Section in which the non-public or charter school is located. Based on the totality of the evidence and circumstances, the Classification Oversight Committee maintains the authority to assign the non-public or charter school to the classification it deems most appropriate.

In instances where a NYSPHSAA member school is directly affected by a decision rendered by its Section's Classification Committee, that school must first exhaust all administrative remedies available to it under its Section's governing documents (e.g., bylaws, constitution, or other applicable policies and procedures). Only after those avenues have been pursued in full may further appeal or review be considered at the state level in accordance with the NYSPHSAA Handbook.

BOYS/GIRLS SWIMMING & DIVING – ADOPT BACKSTROKE STARTING LEDGES STARTING IN FALL OF 2026

___ Action Item
_X_ Discussion Item
___ Informational Item

Presenter:
Peter Hugo, NYSPHSAA Boys Swimming & Diving Coordinator
Diane Hicks-Hughes, NYSPHSAA Girls Swimming & Diving Coordinator

Proposal:
The NYSPHSAA Boys and Girls Swimming & Diving Committee is seeking approval to implement NFHS Rule 2-7-3 (this rule can be adopted with State Association approval only). This will allow backstroke starting ledges to be used for high school competition in New York State permitting they meet the guidelines set by NFHS.

Effective:
Fall 2026

Rationale:
This rule would now allow competitors to use backstroke ledges in competition providing the pool meets the minimum of 6' of water depth measured from the starting end through 16'5" from the end wall. It will allow athletes a safer take off from the wall.

Proposal Originated:
At the State Swimming & Diving Committee meetings on May 1, 2025.

Budgetary Impact:
The proposal has been delayed to 2026 so schools have time to purchase the ledges, if necessary. Depending on the facility and who currently uses the facility for practice and meets, the backstroke ledges may need to be purchased. The USA Swimming program and college programs have had the opportunity to use the backstroke ledges for many years and if schools use those facilities, then they will already be equipped with them. If the schools need to purchase, the cost varies from $75 to $400 each depending on the brand and style.

Notes:
Both committees voted 11-0 in favor of this proposal on its May 1st Zoom call.

BOYS/GIRLS SWIMMING & DIVING – Establish a Team State Championship

NEEDS Discussion Going to PHIL Comm. Champ

____ Action Item
____ Discussion Item
__X__ Informational Item

Presenters:
Peter Hugo, NYSPHSAA Boys Swimming/Diving State Coordinator
Scott Warner, NYSPHSAA Boys Swimming/Diving Assistant Coordinator
Diane Hicks-Hughes, NYSPHSAA Girls Swimming/Diving State Coordinator

Proposal:
The NYSPHSAA Boys and Girls Swimming & Diving State Committees propose reclassifying swimming and diving from an individual sport to an individual/team sport. This change would introduce a Team State Championship alongside the existing individual championship. Each of the 11 NYSPHSAA sections may send one team, consisting of 8 athletes plus 1 alternate (including divers), to compete on Day 1 of the state tournament. Athletes would compete in their individual events, earning points toward their team's total. The team with the highest points would be crowned the NYSPHSAA Team State Champion, with awards presented to the top four teams.

Note: Most top teams in each section already have athletes participating in the state meet, minimizing the need for additional qualifiers.

Effective Start Date:
2027-2028 school year

Rationale:
The NYSPHSAA Swimming & Diving Committees have long discussed adding a team championship. With stable qualifier numbers at recent state meets, now is an opportune time to implement this change. New York is the only state that does not crown a single-school swimming and diving champion. Aligning with other NYSPHSAA sports, such as girls' golf, this proposal would establish equity by recognizing team achievements. The team championship would enhance competition and engagement, mirroring regular-season dual meets.

Impact on Participation:
The team championship would slightly increase the number of athletes at the state meets while remaining manageable:

- Boys State Meet (2025 Data): 377 participants; with teams, 407–422 athletes (25–40 additional swimmers, 5–6 divers).
- Girls State Meet (2024 Data): 360 participants; with teams, 390–405 athletes (25–40 additional swimmers, 5–6 divers).
- Coaches: No increase in the number of coaches.
- Fans: An estimated 50–150 additional spectators per meet.

DATE REVISED: June 12, 2025

Each section's team would consist of 9 athletes (8 competitors + 1 alternate), following a format similar to the Girls Golf Team/Individual Championship. Scoring would extend to 16 places for swimming and be based on the order of finish in an 11-dive competition for diving.

Entry Guidelines:
Athletes entered in the individual championship would automatically be entered in the team championship for the same events.

Budgetary Impact:
NYSPHSAA Costs:

- **Awards:**
  - Plaques for 1st–4th place: $180 per meet.
  - Medals for champion and runner-up teams (9 per team): $55 per meet.
- **Venue Costs:** Up to $400 per meet due to extended time (20–30 minutes for swimming, 60–90 minutes for diving on Day 1).

Revenue Offset:

- Additional ticket sales from 50–150 fans at $10.50 each would generate $525–$1,575 per meet.
- Venues (Ithaca, Webster, Erie, and Nassau) can accommodate the increased attendance.

Section/School Costs:

- Minimal travel costs, as most top teams already have athletes at the state meet. The proposal adds 1–6 athletes per section (30–45 total across all sections).

Proposal Originated:
NYSPHSAA Boys and Girls Swimming and Diving State Committees on May 1, 2025

Notes:
The NYSPHSAA Boys Swimming/Diving State Committee voted in support of this proposal at their June 10, 2025 meeting. (8 Yes, 1 No, 2 Absent)

Presenter:
Jennifer Simmons, State Cheerleading Coordinator

Proposal:
Consider approval to break the current Competitive score sheets into 3, rather than 2. This proposal includes:

- 1 Score Sheet/Judge for all Cheer scoring elements (25)
- 1 Score Sheet/Judge for Jumps/Tumbling/Dance (25)
- 1 Score Sheet 2 Judges for Building (Stunts/Pyramids) (50)

Rationale:
Dividing the scoresheet allows for a more accurate implementation of the scoring system, as it enables judges to focus more closely on each scoring element.

Effective Start Date:
Winter 2025-26

Proposal Originated:
Cheerleading Committee in April 2025.

Budgetary Impact:
Instead of two judges on some of the components, there will be only one, so no additional judges required.

Notes:
The Committee would review the rules every two years for any updates needed.

Girls Wrestling: Revise the Representation Rule

____ Action Item
__X__ Discussion Item
____ Informational Item

Presenter:
Ryan Palmer, NYSPHSAA Girls Wrestling Coordinator

Proposal:
The NYSPHSAA Girls Wrestling Committee is recommending revising the current NYSPHSAA Representation Rule that allows female wrestlers to participate in both male and female events during the regular season and then chose to participate in the female NYSPSHAA Championship. The revision would prohibit any female that participates on a boys team during the regular season from participating in the girls post season.

Effective Start Date:
2026-2027

Rationale:
The committee has supported the current NYSPHSAA Representation language because it allowed Girls Wrestling to grow and gave athletes the opportunity to wrestle. The committee now feels the time has come for girls to choose which post season they are going to participate in by deciding who they will compete against during the regular season. This change would also help in seeding the girl's tournament because all the results would be from girl only matches. The committee believes this proposal helps level the playing field between all female competitors.

Proposal Originated:
NYSPHSAA Girls Wrestling Committee

Budgetary Impact:

Notes:
Girls would still be able to practice against the boys if they successfully passed mixed competition. The committee voted 5-4 in favor of this proposal.

Proposal:
The NYSPHSAA Girls Wrestling Committee is recommending that girls be allowed to wrestle in a maximum of 7 matches per day.

Effective Start Date:

Rationale:
The current USA Wrestling rules does not specify a maximum number of matches per day. Typically, girls freestyle matches are much quicker the folk style wrestling matches. Some Sections are having difficulty completing the entire tournament with only being allowed to wrestle a maximum of 6 matches in a day.

Proposal Originated:

Proposal:
The NYSPHSAA Girls Wrestling Committee is recommending adding the following language to the NYSPHSAA Handbook under Girls Wrestling for multi-school meets.

> ***Multi school meet: Minimum of three (3) schools and twenty (15) wrestlers. If the wrestler wrestles only one (1) opponent they are charged one (1) point, if they wrestle more than one opponent, they are charged two (2) points. Each wrestler may only wrestle a maximum of four (4) matches. No team scoring is allowed, and no individual prizes are awarded. Multi-school meets can be attached to dual meets on the same day at the same site. A pound allowance is in effect for matches/tournaments preceding and following a multi-school meet.***

Effective Start Date:
2025-2026

Rationale:
The Girls Wrestling Committee believes until teams get bigger and can support having dual meets, this option allows schools to get together and have girls wrestle on the mat during the week instead of waiting to attend a tournament on the weekend.

Proposal:
The NYSPHSAA Girls Wrestling Committee is recommending an expansion of the appeal procedure by coaches to include all rounds of the NYSPHSAA Girls Wrestling Championships.

Effective Start Date:

Rationale:
The current USA Wrestling rules allow coaches to challenge officials calls during a bout in all USA Wrestling events. The current NYSPHSAA regulation limits appeal to the semi and final rounds only. The girls committee believes that all matches are important and should get the right calls for all bouts. The coach would get one challenge per match. Rationale:
Currently, only the Appeals Committee can request a video replay on a misapplication of a rule. Boys Wrestling: Revise Penalty for Maximum Number of Tournaments

___ Action Item
_X_ Discussion Item
___ Informational Item

Presenter:
Marty Sherman, NYSPHSAA Boys Wrestling Coordinator

Proposal:
The NYSPHSAA Boys Wrestling Committee is recommending revising the current penalty for going over the maximum number of tournaments in a season. The revised penalty would mirror the current penalty of going over the maximum number of points/games in a season for all sports.

c. If an individual or team exceeds the maximum number of contests permitted, the penalty is team ineligibility from the date of violation for the rest of the season. In the sports of wrestling, cross country, indoor track & outdoor track, swimming & diving, and bowling, when an individual exceeds the maximum number of contests, only the individual would no longer be eligible for that season. When an athlete exceeds the maximum number of contests the level in which the student-athlete participated as an ineligible competitor will be affected.

Any member school that has exceeded the maximum number of contests has the option to utilize the existing penalty outlined above (c) or may elect to suspend the head coach from all team related functions and activities (including, but not limited to, practices, scrimmages, conditioning/weight training, film sessions, and games) from the date of the violation for the remainder of the season and forfeit additional contests. The use of this option must be submitted to the Section Executive Director and State Executive Director in writing from the Superintendent of Schools or Headmaster self-reporting the violation prior to the next game/contest being played (July 2020)

Effective Start Date:
2026-2027

Rationale:
This proposal provides a consistent penalty to similar situations that may arise by going over the maximum number of tournaments but staying within the maximum number of points during the season.

Date: June 18, 2025 at 1:00pm

Attendees: Joe Sigillo (I), Mike Robbins (2), Dr. Scott Sugar (III), Jeff Ferrara (IV), Dr. Patrick Irving (V), Marisa Fallacaro-Dougherty, Michael Graney (VII), Patrick Pizzarelli (VIII), Greg Ransom (IX), Mark Wilson (X), Todd Gulluscio (XI), Alphonse Lambert (Non-Public, East), Buddy Wleklinski (Non-Public, West), Stephen France (Charter, East), Mark LaMorticella (Charter, West) NYSPHSAA – Adam Stoltman (Chair), Tim Mullins, Debra Ferry, Renee James, Dr. Robert Zayas, Kristen Jadin, Todd Nelson, Joe Altieri , Lexi Swatt

Status Updates/Items Discussion/Action Taken:

1. **Welcome:** Dr. Zayas welcomed everyone and thanked them for their time.

2. **Legislative Update:** Dr. Zayas reported that a downstate legislator's bill concerning non-public postseason participation did not progress in the 2025 session. The bill did not gain momentum during the legislative session. Dr. Zayas met with the legislator to explain NYSPHSAA's ongoing efforts. The association's lobbying team will monitor for reintroduction in 2026.

3. **Recap from 4/28/25:** Dr. Zayas summarized the previous meeting and noted the Oversight Committee model was the idea most supported by this committee. He also noted a survey showed approximately 50% of public schools who responded accept tuition-paying students. However, there was little appetite for further exploration regarding this topic.

4. **Oversight Committee Proposal:** Dr. Zayas and Todd N. presented a proposal which was included in the meeting packet. The proposal included performance-based guidelines for potential movement between classifications, processes for incorporating updated enrollment data, and a defined review timeline aligned with seasonal sports. Additionally, the document described the formal appeal process available to member schools and sections, ensuring transparency, consistency, and fairness in classification decisions.

   Pat P. supported Oversight Committee for appeals only; wants sections to retain decision-making. Greg R. reiterated the original plan was for sections to decide. The oversight was needed to handle appeals. Joe S. questioned moving teams up; warned against overloading AAA and wanted clarity on the purpose of the proposal. Buddy highlighted Section III's effective existing process; advocated flexibility in language ('may' vs. 'must'). Mike G. supported centralized review for consistency and clear communication. Patrick was open to appeal-only role for Oversight Committee but raised concern about comparative competition levels. Todd G. opposed centralization and favored local control. Marc L. suggested using sectional finals (not semifinals) as criteria; cautioned against excessive committee workload. Alphonse described Section 2's automatic move-up rules based on finals appearances. Mark W. supported section authority with a clear appeals mechanism. Michael R. raised concerns about mergers and Dr. Zayas suggested discussing this with the Combining of Teams Committee.

   After further discussion, consensus emerged to revise the criteria language and include consistent review timelines. Further input was encouraged from sections on the

semifinal vs. final debate. It was also clarified that schools can appeal Oversight Committee decisions via the NYSPHSAA appeal structure.

5. **Next Steps**: Dr. Zayas and Todd N. will revise the proposal based on feedback. A Doodle poll will be sent to schedule a follow-up meeting in early–mid July.

Future Items/Meeting:

1. Next meeting: Early-Mid July

President Mullins thanked Greg and the CAC for their continued service. It was a quick year and the committee's work is appreciated. Greg announced to everyone it is the CAC members' responsibility to represent the association and not schools or sections individually.

Greg asked for a motion to approve the minutes of the April 16, 2025 CAC meeting.
MOTION by Dave. SECOND by Josh. CARRIED 8-0.

PROPOSALS

(*These items will be presented as discussion or action at the next Executive/Central Committee Mtg)*
Following proposal presentations by Sport Coordinators, Greg announced Sport Coordinators may depart the call so the CAC can discuss and vote on proposals.

BOYS/GIRLS SWIMMING & DIVING – Team Championship – Girls Coordinator Diane Hicks-Hughes, Boys Coordinator Peter Hugo and Boys Assistant Coordinator Scott Warner presented the proposal. Adam asked if there would be a Federation champion as well. Scott stated no there would not be. Kathy confirmed it's the section's discretion to send whatever team they want. There are some dominant teams in swimming/diving who will be perennial qualifiers and its important to have the opportunity to set up a fair format to allow all teams to qualify. Scott noted numerous sections are talking about changing their sectional formats to provide for equitable competition. Eileen liked the proposal and confirmed day #1 would be the team competition. Scott stated tes, it will be. Greg indicated there will not be a vote today but likely at the next CAC meeting in October. This would be after the team/individual designation is approved (swimming/diving is currently an individual sport). Todd added information on the Championship Philosophy Committee meeting on June 17th which was discussed in more detail next.

INFORMATIONAL:

Status of Championship Philosophy Committee – Joe provided an overview of the Championship Philosophy Committee meeting on Tuesday, June 17th. He stated the committee discussed the awards proposals that were approved for regional plaques and championship awards. The committee also reviewed several sectional concerns including qualifying standards for swimming/diving, indoor and outdoor track as well as the 5-8% qualification philosophy and the current selection process for skiing qualifiers. He also reported on the status of girls ice hockey and 8-man football as emerging sports who have culminating regional championship events. Last, he stated the committee discussed the swimming/diving team championship at length and said its something that wouldn't go into effect until fall 2027 if approved. Todd added the 5-8% participation was one of three focuses (also qualifying standards and when athletes qualify for states was discussed).

Outdoor Track Site Selection 2026 – Joe A. explained the status of outdoor track now being firm at Webster Schroeder High School (Section V) for 2026. This event was not bid on after two RFP's went out. When this happens, the NYSPHSAA staff is then tasked with finding a suitable site on their own. Kathy Hoyt noted the ample parking, seating and great staff at the school. Joe asked CAC if they had any concerns and noted it would go forward as an informational item at the Central Committee Meeting in July. **CAC expressed no concerns with this selection by the staff.**

3 Nights Rest Rule – Greg reported this proposal was defeated at the May Executive Committee meeting therefore the CAC does not need to do anything further with this. *Subsequent to the meeting, Joe noted that an amendment for two nights rest was proposed during the May meeting however that was also defeated.*

2025-30 Championship Dates & Sites – Greg noted the updated championship documents in the packet.

3. Financial Report
Chris Joyce presented the financial report.

- There have been improvements to the financials since the previous meeting. Donations through championship ticketing continue to be a great source of revenue and section fundraiser income has been deposited as well. Golf tournament revenue is also beginning to come in.
- Net income around $9,000 is a significant improvement over the $200 deficit shown at the last meeting.

- We still owe a grant check to Vestal but are working on getting the necessary receipts to pay out before the end of the school year.
- Balance sheet is healthy with about $47,000 in the account.
- After the golf tournament all proceeds will be transferred to the restricted fund for grants.

Motion to approve financial report as submitted. Carried. Knolles/Schon

4. Presidents Report

Gavin thanked the sections that have conducted fundraisers already and reminded others about the importance of conducting an event each year.

5. Director's Report

Chris Joyce provided his Director's report:

- Remind schools in your sections to read the grant guidelines carefully. The biggest reason grants are not approved is because the applications request funding that doesn't meet the guidelines. We want to encourage as many applications as possible so we can give back to our schools and fulfill the purpose of the Foundation.
- Registration and sponsorships are open for the 2025 Golf Tournament.
    - Sponsor menu will be updated as necessary in the sharepoint folder. If you have any leads or suggestions for sponsors please direct them to Chris J.
    - Besides sponsors, also need help securing golfers and raffle items. Raffle items don't need to be major, can just be a gift basket, apparel from your school, vouchers/gift certificates, etc. Please reach out to businesses or partners within your section to help collect items to contribute. The more we can give away to participants the better experience they'll have and more likely they'll continue to support our Foundation.
    - Also need volunteers to help with registration, course game witnesses, etc so please let me know if you are able to attend.

Gavin expanded on the golf tournament discussion to add that he has reached out to the section offices and several schools in his section about picking up sponsorships. Chris will add the letter template to sharepoint for board members to use within their section.

7. Grant applications

- **Motion to enter executive session** to discuss applications. Carried. Bennett/Knolles
- **Motion to exit executive session.** Carried. Brostowksi/Barnhart

After exiting Executive Session, Woodlands Middle/High School application was selected for funding. Chris and Eric will work together on a metric to add to future applications to help demonstrate the level of need in a district.

8. Action items

- **Motion to approve** John Buonamano as Secretary, term to end July 2027. Bill is leaving the board so a new Secretary is necessary. No volunteers came forward and John was selected using random draw. Carried. Regan/Robbins
- **Motion to revise the bylaws** to remove the term limit for officer positions. During discussion Chris explained that the bylaws were written before the organization began operations, and changes can be made to better fit the way the Foundation runs. Since Gavin has done a great job and is interested in continuing, the group had no concerns with this revision. Motion carried. Knolles/Brostowski
- **Motion to approve** Gavin Regan as President, term to end July 2027. Carried. Knolles/Schon

9. Other Business

Chris offered two options for meetings during the 2025-26 school year. Option 1 mirrored the current schedule which is connected to Athletic Council schedules. Option 2 moved meetings to be more evenly spaced for grant applications. Gavin expressed the opinion that it was important to have timely information when presenting at Athletic Council meetings, so the current format will be kept.

- 2025-26 dates: August 15, December 19, March 13, May 8

10. For the Good of the Order

Gavin and Chris thanked Bill for his service to the board. Tim Mullins expressed his appreciation to the board and the work of the Foundation.

President Gavin Regan asked for motion to adjourn at 1:38pm. Carried. Robbins/Schon

    c. State championships duties: Marbry, Becca, and Brian will have ongoing discussions throughout season

After committee meeting ends, Joe meets with Marby, Becca & Brian. Key points from discussion:

- State and section coordinators recognize that there are teams that we believe should be represented at the state championships are not advancing past sectionals within the current rules, and expansion to 5 classes may not solve the “geography problem” (concentration of small or large schools in various regions of states will not change with

expansion of classes). State coordinators will research and draft an initial proposal to be discussed with the committee; proposal will include possible “at large” or ratio-based “additional team” entries.

- Concerns regarding bids: discussion of ways to increase number of bids submitted (increased personal outreach, dedicated discussion of RFP and bid process in years leading up to bid submission) as well as consideration of a “backup plan” should we not receive any bids (or continue to receive only one). Proposed backup is a return to the rotation through sections.

c. **Representation Rule:**

- Consider adjustment to the representation rule: Specific challenges may present itself, particularly in upper weights.
    - Each Section has the ability to request a reduction in the representation rule, on a section basis.

- Change the definition of multi-meet for Girls: This is based on conversations at the 2/6/2025 GWSC meeting about whether there could be a 3 or 4 point day.

- My proposal would be to create a language that as long as the number of matches does not exceed 6 total. (They could be varsity or exhibition), a girl would never be charged more than 2 competition points.
    - The current

i. Multi Meets Language:

1. Below is the language of multi-meets for boys wrestling.

2. MULTI-TEAM MEETS

To be considered a Multi Team Meet, at Least 3 teams must be represented and at least a total of 20 wrestlers must participate in the event.

Wrestlers are matched by their weigh-in weights and are allowed to wrestle up to 3 times. Wrestlers could compete at their weigh-in weight or go up one weight class from the weigh-in weight to get additional matches. There is no limit to the number of Multi-meets an Individual can participate in (so long as they do not exceed their 20-point maximum). No team scoring is kept. No awards are given out.

No additional pounds shall be granted for multi-meets for back-to back contests, as they are not a team event. No additional pound is granted for the Multi-meet if a wrestler in the meet competed the day prior, and no additional pound is granted for a contest the day after a Multi-meet if a wrestler had competed in the Multi-meet the day prior. (Note an extra pound for multimeets can only be granted when a competition is postponed for one calendar day for reasons beyond the control of the

participating school(s) or if one teams practice (the day before a competition) is cancelled due to school policy.

Each individual is charged 2 points towards the maximum number of points permitted (if the wrestler wrestled either 2 or 3 times) and 1 point if they only wrestled one time. As Multi Team Meets are not a dual meet or a tournament, then if a bout sheet has been prepared and sent to the head table and one of the wrestler's decide they do not want to compete, no result should be recorded if no bout takes place. It is recommended that unless a wrestler becomes injured or time becomes a factor, they should honor the agreement to wrestle all bouts that are scheduled. In a multi meet format, athletes from the same school cannot wrestle each other. (If they wanted to wrestle an exhibition match, they could but the result would not count as a match, would not count on the W/L record and could not be entered as a result into Track Wrestling).

ii. ACTION ITEM:
    1. Motion to alter the language regarding Multi-Meet Competitions.
        a. Adjust minimum number of wrestlers from 20 wrestlers to 15 wrestlers
        b. Adjust maximum number of matches from 3 matches to 4 matches
        c. 1 Competition Point for 1 match, non-inclusive of forfeits
        d. 2 Competition Points for 2-3-4 matches, non-inclusive of forfeits
        e. Add "Varsity Level Multi-Meets" to Page 108, #7 of the rulebook which identifies only Dual Meets and Tournament.

d. Rules:
    i. List "Bow & Arrow" as an illegal move.
        1. Will leave this to a judgement call for officials.
    ii. Move closer to the USA rulebook. Hybrid between NFHS and the USA is confusing.
        1. Leave as is.
    iii. Match Limit per day
        1. Currently at 6 matches/day - NYSPHSSA Handbook

2. ACTION ITEM:
    a. Motion to adjust maximum matches wrestler per day from 6-Matches per day to 7-Matches per day.
    b. Motion Made: Sean Severin - Section 8
    c. Seconded By: Tom Shifflet - Section 6
        i. *Rationale: Current USA Wrestling rules have an unlimited number of matches. Expansion to 7-matches would allow for growth at our Girls State Tournament. Girl's Freestyle matches are traditionally faster than Boy's matches.*

iv. Outline a procedure for formal protests
1. Video replay to be used in Semi-Finals and Finals matches, when a brick is thrown
2. Matches prior to the Semi-Finals and Finals, the chairman could call a conference, if questioned by a coach. Video replay could not be used. The three man mechanics.
3. ACTION ITEM:
    a. Motion to expand the use of challenge bricks and video replay for the entirety of the State Championships Tournament.
    b. Motion Made: Brand MacWhinnie - Section 4
    c. Seconded By: Eric Mullen - Section 5
        i. *Rationale: Video was already set up at all 10-mats, and this would ensure that the protest procedures can be followed for the entire tournament, as opposed to just the Semi-Finals and Finals. The video review is done by the assigned Juror. Two jurors would be needed/identified for the NYSPHSAA State Championships*

e. Revisit NYSPHSAA Handbook (MacWhinnie):
- Update for 6 matches/day
  - Current handbook says 6
- Remove Girls periods start in neutral and OOB restarts in neutral (2023-2024 modified folkstyle rules)
  - Needs updating
- Clarify how to handle exhibition matches:
  - Count as points - Yes
  - Must be entered in track - Yes
  - Do not count toward won/loss record (currently would count is in track) - Would be included in PINS
  - Based on above, should not count toward PINS (but likely does) - Would not count towards PINS - Would be included in PINS
  - Handbook still has a 2 year waiver of representation rule in it.
    - Needs to be updated
    - Individual sections can apply for waivers/reductions
    - Will maintain waiver of 6-Tournament Rule
    - Needs to be moved to Girls Tournament page

f. Modified COMPETITION:
- Whereas many 7th & 8th graders are being APP to varsity, and most teams do not have big modified numbers, it can be very hard for modified girls to have practice workout partners
- I do not know the process, but I propose a modification that modified girls are allowed to practice with girls of similar weight who are on JV/Varsity, but still only compete against other modified girls.

3. Championship Operations

a. Postseason Process (Allocations)
- Sectional Champions qualify for states. Additional entries qualify through their region. Additional entries per region TBD.

- Can we increase the state tournament, based on projected growth? 9% of 2600 is 18 per weight class.

- Current process for additional entries does not take into account the current season. Seniors should not be factored into a section's performance for future at large entries.

a. State Tournament Scratches/Replacements
   - In 2025 we decided to make the deadline when a scratch became a Forfeit on the bracket instead of being filled by the allocation system at the 5PM Scratch meeting the night before the Tournament.
   - Boys Language: REPLACEMENT WRESTLERS: Sections that qualify 3 wrestlers may not send a replacement wrestler (as no 4th place sectional finishers are allowed). Sections that qualify 2 wrestlers may send their 3rd place finisher if either of their 1st of 2nd place finishers scratch prior to noon on the Wednesday prior to the seeding meeting. If they cannot fill the spot prior to noon on Wednesday, the spot will not be filled (as they already have representation at the weight class). No replacements will be made after noon on the Wednesday prior to the seeding meeting, with the following exception: Exception: If a Champ from a Section with only one qualifier scratches after noon on Wednesday, the Section can designate the replacement Sections that qualify 1 wrestler may replace their wrestler with the either their 2nd or 3rd place finisher at any time prior to the conclusion of Thursday scratch meeting prior to the state tournament

b. State Tournament Logistics
   - Have a gap in the middle for judge's score table. I've found 2 matches where the incorrect wrestler won, because the score was wrong. The judge and chairman need to be able to compare bout sheets in times where there are questions concerning the score.
   - Challenge Brick for everyone round. This does not slow down the tournament. Also, the jury needs to have a microphone to announce the decision. Fans were left in the dark.
   - The score table needs to be closer to the mat for finals. The camera is too far away to be able to make any judgements on challenges. Video quality needs to be better.
   - Semis wrestled on 4 mats. This is the round where we lost significant time.
   - TURN DOWN THE HEAT!
   - Grade levels listed on brackets

4. Postseason Seeding

a. Wrestlers listed in the following order
   - Place Finishers at 2025 Nationals - Age group juniors
   - Place Finishers at 2025 NYSPHSAA Championships
   - In order by PINS

b. Wrestlers now have the opportunity to move up that order starting with wrestler #2. If #2 has a head to head win over #1, the #2 wrestler takes the #1 spot. #3 now has the opportunity to move up.
   i. If you have a head to head win over some above you, you move one spot above them, unless someone in between has a head to head win over

you and that would block you. In that case you move up, and stop behind the wrestler that blocks you.

Example:
Wrestler A
Wrestler B
Wrestler C
Wrestler D

Suppose Wrestler D beat Wrestler A, but Wrestler D lost to Wrestler B.

In this case, Wrestler D would move to just behind wrestler B. The new order would be:

Wrestler A
Wrestler B
Wrestler D The notes would say D beat A blocked by B
Wrestler C

c. In the case that wrestlers have wrestled more than once.
   If the wrestler who has won more times is already higher on the list, the lower wrestler can move up to the spot below that higher wrestler, or up until they are blocked by someone else who beat them. If the wrestler who has won more times is lower on the list, they will move up to one spot above the other wrestler, or up until they are blocked by someone who beat them.
d. If the wrestlers have split evenly, the lower wrestler can move up until they are blocked. If there is no block the two wrestlers will take adjacent spots, the wrestler with the higher initial order (National Place, State Place, PINS order) will take the higher order.

e. If there are extenuating circumstances, a committee member may make a motion to alter the final seeds. If the committee passes the motion by a ⅔ vote, the seeds may be changed.

OR

Continue to use PINs, but with an entire of season of data behind us, start next season with offseason matches pulled out of the PINs calculation. This would adjust for the inflation created by athletes that stay local and don't wrestle in the offseason. If girls wrestled boys all season and have a lower PIN rating, sorry but that's the choice they made. If a girl has a lower PIN rating due to injury, sorry, it happens. Case and point Carter Storrocci.

E. Hartmann will setup another SubCommittee meeting in the near future.
