

Student Transportation Services

The transportation policies of the Board are aimed at providing a safe, efficient and economical method of getting students to and from school. It is the desire of the Board that the transportation schedule serves the best interests of all students and the District. The Board provides transportation as required by State law.

In addition to that required by law, the Board may provide transportation to all elementary and secondary school students to the extent determined by the administration in accordance with all statutory obligations and approved by the Board. All regulations governing student transportation are in accordance with the Ohio School Bus Operation Regulations issued by the Ohio Department of Education and Workforce, the Ohio State Highway Patrol and the Ohio Department of Public Safety and as required by State law.

The District will transport as many students as practical on school buses that meet all the state requirements for pupil transportation. In some cases, students may be transported by other means as defined by State law.

Fees may not be charged to students for routine transportation or for non-routine transportation for educational field trips provided during the school day.

The Board annually approves designated bus stops and time schedules as presented by the Superintendent/designee, and grants authority to the transportation supervisor/designee to adjust stops during the school year in accordance with statutory timelines and obligations.

The transportation program is under the direction of the transportation supervisor who is responsible to the Superintendent. The Board directs the Superintendent/designee to develop District-level policies and procedures for the safe and efficient operation of student transportation services.

Transportation to Community, STEM, STEAM and Private Schools

The District will provide transportation for eligible students who attend community, STEM, STEAM, and private schools in compliance with State law.

When transportation for any student is not practical by any means approved by State law, the Board may resolve to declare transportation impractical and offer the student payment in lieu of transportation in accordance with State law.
