

Student Conduct on District Managed Transportation

The following regulations pertain to student conduct on District managed transportation and are intended to ensure the safety and welfare of the students, the driver and other drivers on the road and to ensure safety and proper maintenance of school vehicles.

Students will:

1. be careful in approaching bus stops, walk on the left facing oncoming traffic, be sure that the road is clear both ways before crossing the highway and wait in a location clear of traffic;
2. arrive at the bus stop before the bus is scheduled to arrive in order to permit the bus to follow the time schedule;
3. wait in the school bus or motor van driver designated place of safety in an area clear of traffic and refrain from exhibiting behavior at the bus stop that threatens life, limb or property of any individual;
4. sit in assigned seats (drivers have the right to assign a student to a seat);
5. go directly to their assigned seat without disturbing or crowding other students and remain seated while the vehicle is moving;
6. observe classroom conduct, or the bus conduct established by administrators and transportation personnel and obey the driver promptly and respectfully;
7. keep the vehicle clean and free of trip hazards;
8. refrain from eating and drinking on the bus except as necessitated for medical reasons or as permitted by the District for non-routine trips when supervised by an appropriate chaperone, school administrator or school personnel;
9. refrain from using profane language and from loud talking or laughing (unnecessary confusion diverts the driver's attention and might result in a serious accident);
10. remain seated behind the barrier, keeping aisles and exits clear, keep head, arms and hands inside the vehicle at all times and not throw or pass objects on, from or into the vehicle;

11. comply with applicable State and Federal standards for seat belts or restraints;
12. be courteous to fellow students and to the driver;
13. treat equipment as one would treat valuable furniture in their home (damage to the school vehicle is strictly forbidden);
14. refrain from using nicotine products, or any cigarette, tobacco, alternative to nicotine product, vapor product or electronic smoking device on the vehicle or possessing alcohol or drugs on the vehicle except in accordance with medication policies under State law and
15. carry on the vehicle only items that can be held in their laps or can otherwise be secured on the vehicle in accordance with State law.

Students must remain seated until the vehicle stops, then promptly unload and wait in their designated place of safety until the vehicle leaves. Students who must cross the street to reach the residence side of the street must wait for the signal from the driver and cross in front of the vehicle after also checking for traffic themselves.

Failure of a student to follow these regulations may result in his/her forfeiting the right of transportation on District managed transportation.

Discipline

The Board authorizes the Superintendent or other administrators to suspend a student from transportation privileges only for a period of up to one school year. The only due process required is notice to the student of an intended bus riding suspension and an opportunity to appear before the administrator considering the suspension before it happens. The administrator's decision is final.

When discipline problems with individual students arise, use the following guidelines.

1. If possible, the driver should resolve the problem.
2. When the driver is unable to resolve the problem, he/she should report it to the transportation supervisor. The transportation supervisor and driver, if necessary, confer with the principal. Any discipline is imposed by the principal of the school.
3. Problems that cannot be resolved by measures specified above are referred to the Superintendent.

The suspension of preschool students and students with disabilities from transportation may require a modification of these procedures and complies with all applicable statutory requirements.
