

EVALUATION OF CLASSIFIED STAFF

Regular evaluation of all classified staff is intended to bring about improved services, to provide a continuing record of the service of each employee, and to provide evidence on which to base decisions relative to assignment and re-employment.

The superintendent will establish a continuing program of performance evaluation for the classified personnel. The program will include written evaluations and a means of making the results of such evaluations known to the employees.

New employees will be evaluated during the first year of service. The services of continuing employees will be formally evaluated as per the terms of the negotiated agreement.
