MISSION

In an environment of high expectations, high support, and no excuses, the staff of Federal Way Public Schools will continually learn, lead, utilize data and collaborate to ensure our scholars have a voice, a dream and a bright future.

OUR CORE BELIEFS

- We believe that **every** scholar can learn at the highest level.
- We believe that race, socioeconomics, language, cultural background, and other exceptionalities should not be predictors of student achievement.
- We believe that our scholars must have a voice, see themselves in their schooling, and be connected to the adults that teach them.
- We believe that what we do in the classroom every day has the greatest impact on student learning.
- We believe that we must continually learn and grow in our practice if we are to meet the needs of all scholars.
- We believe that we must intentionally collaborate and use data as a guide to improve our practice.
- We believe that our families are critical partners in each child's learning.

FEDERAL WAY
PUBLIC SCHOOLS

FWPS.ORG

Dear Scholars,

As you enter high school next year, you should be filled with hope and met with opportunity. These next four years are critical in the preparation for college and career. The Federal Way Public Schools administration and staff want to provide you with the best possible chance to be successful in high school and beyond. When we created the District Strategic Plan, over 2000 stakeholders came together to focus solely on ensuring your success. Goal Two in the Strategic Plan was developed and embraced by each school to measure the growth of the Whole Child:

GOAL TWO: Whole Child: Thriving, confident, responsible individuals: *Every scholar will be empowered and prepared to develop personal responsibilities in order to be positive, productive members of society.*

One measure of growth in Goal Two focuses on providing scholars the opportunity to give back to their community through community service or service learning projects. The Federal Way Public Schools staff and larger community believe that community service plays an essential role in the education of scholars. We believe that the opportunities to serve our community will broaden the perspective and skills of each of our scholars. Therefore, each scholar must meet the requirement of completing 24 hours of community service between their freshman and senior years.

Upon entering your respective high school, staff will help you use this handbook to understand the expectations, explain the criteria for service, and guide the process for completing the community service experience successfully. Through this process, you will develop a stronger sense of compassion, empathy, and personal responsibility. By making community service a priority at the school, we believe we will build a stronger, more vibrant, and more inclusive community. Imagine the benefits of completing this requirement. Not only will you be giving back to your community, but you will have the opportunity to add this experience to your High School and Beyond Plan or resume for college entrance or employment.

By volunteering, you have the chance to make a difference in your community. Giving of your time will provide valuable services, and allow for extra resources to be directed towards other projects. If you take a moment to think about why volunteer work looks good on your high school resume, you will realize that engaging community service says a lot about you as a citizen. However, volunteer work is not just about how it looks on paper, but more about what you can give and gain from this experience. In short, community service will allow you to “be the change you want to see in the world.”

One of my favorite quotes is by Desmond Tutu in which he states: “Do your little bit of good where you are; it’s those little bits of good put together that overwhelm the world.”

Sincerely,

Federal Way Public Schools Strategic Plan Goals

1

The Early Years:

BUILDING THE FOUNDATION

Every student scholar will enter kindergarten ready to learn with the social-emotional skills that will propel each student to meet or exceed grade level standards in English Language Arts (ELA) and Mathematics by the end of 3rd grade.

2

Whole Child:

THRIVING, CONFIDENT, RESPONSIBLE INDIVIDUALS

Every student scholar will be empowered and prepared to develop personal responsibility in order to be positive, productive members of society.

3

Active Learners:

ENGAGED, EMPOWERED CRITICAL THINKERS

Every student scholar will be empowered with ownership of their education and be fully engaged in becoming critical and creative thinkers.

4

Content-Area Competence:

MASTERY OF ALL SUBJECTS

Every student scholar will receive equitable opportunity for success, and will meet or exceed standards of performance in all subjects by the end of each grade.

5

Persistence To Graduation:

HIGH SCHOOL GRADUATION THROUGH SUCCESSFUL TRANSITIONS

Every student scholar will successfully navigate the critical transitions in their schooling, and will graduate from high school ready for college, career, and post-secondary experiences.

MEASURE OF PROGRESS

- Percentage of scholars in at least 90% of classroom instructional time.
- Percent of scholars and families participating in scholar-led conferences.
- Percent of scholars meeting expectations on non-academic behaviors on standards-based report card.
- Percent of scholars who feel their school is safe and welcoming as measured by a perception survey.
- Percent of scholars who complete 24 hours of community service before graduation.

Overview

Requirement

Scholars for the Class of 2021 and beyond must earn twenty-four (24) hours of community service as one of their graduation requirements. Community service hours must be completed prior to the scholar's participation in a commencement ceremony and the granting of a diploma.

The community service experience is a 24-hour active, community-based learning or service experience. This unique experience will allow scholars the opportunity to:

- Apply identifiable classroom learning that demonstrates the skills necessary for transitioning from high school to post-high opportunities,
- Build real-world skills like teamwork, communication, time management, and leadership,
- Strengthen college, scholarship, and employment applications by showing initiative, responsibility, and commitment to others,
- Help explore career interests and gain hands-on experience in fields like healthcare, education, environmental science, and public service, and
- Work with a community mentor.

Timeline

Scholars will be able to complete and document the required hours from their **freshman year** through their **senior year**. The hours may be earned all in one time frame (up to 8 hours/day maximum), or in any manner that meets the scholar's schedule, during his/her high school years.

High School & Beyond Plan

The Community Service hours are one part of the High School & Beyond Plan. Please reference the High School & Beyond Plan for more information on all expectations of high school scholars prior to graduation.

Selection

Your community service experience deserves a great deal of contemplation and discussion. Research has shown that people who take great care in their decisions find community service more relevant and make more meaningful connections with their community. Upon making your selection consider the following:

Dare to dream. Rather than making quick decisions regarding your community service, make a list of the exciting possibilities. Seek advice and input from your parents, family members, school staff, and friends.

Be hopeful. Consult school staff and other interested adults to connect you with potential community mentors and resources.

Approach potential community mentors personally. Act as though you are doing a job interview: dress nicely, discuss your plans, and showcase who you are. An in-person discussion will be far more effective than a phone call.

Don't limit yourself. If you truly want to try something, there is a resource or organization willing to work/dream with you. Some scholars give up on ideas after a few rejections. Your school counselor will be glad to help you find the right community service experience and community service learning project point person.

Superintendent's Certificate of Merit

A **Certificate of Merit** will be issued to high school scholars meeting the requirements below. This recognition is designed to honor those scholars who demonstrate a deep commitment to serving their community by going far above and beyond the graduation requirement for community service. Each high school will publicize the qualifications and procedures for earning a Certificate of Merit via their websites and disseminate this information each year to parents/guardians. Furthermore, each high school will designate the individual(s) who is/are responsible for tracking and documenting each scholar's progress towards earning this recognition. Community service hours may be accumulated annually or throughout the high school career. Scholars will keep a written log and hours must be verifiable. In addition, scholars must fill out and submit the Community Service Reflection.

A **bronze-level** designation on the certificate is earned for completing 80–99 hours of community service.

A **silver-level** designation on the certificate is earned for 100–119 hours of community service.

A **gold-level** designation on the certificate is earned for 120+ hours of community service.

Community Service Criteria

Beginning with the Class of 2023, scholars are required to complete 24 hours of community service as part of their high school graduation requirements.

- This experience requires active participation in a minimum of 24 hours (6 hours per year) as part of their high school graduation requirement.
- The work must be completed outside of regular class requirements, unpaid and untied to any class credit.
- The project or community service may be completed through participation in school activities or clubs (e.g., National Honor Society, Key Club, athletic teams, etc.) as well as other acceptable community activities on the list provided.
- The community service activity must provide a needed and viable service to the community.
- **All activities listed in this guide have been pre-approved.** Independent service hours must be pre-approved by the school counselor, college and career specialist, or school administrator (see Community Service Verification Form) *only if the activity is not listed on the directory of approved activities in the back of this guide.* Please review the pre-approved volunteer opportunities located in the back of this guide.
- For activities that occur over more than one day, a maximum of 8 hours/day is allowed for the 24 hours of community service required for graduation.
- Activity must be monitored by an approved adult community supervisor. Supervisors may be a high school staff member.
- Scholars transferring into a school will be prorated at 6 hours per year.

Community Service Process

Directions for Scholars

STEP 1: First, think about how you can “be the change you want to see in the world,” how you can positively impact your community, and what you can gain from this experience. Then, select a community service from the pre-approved **FWPS Community Service/Volunteer Opportunities** starting on page 11 of this guide, or create your own community service activity.

STEP 1A: If the activity is not on the pre-approved list, fill out a **Community Service Pre-Approval Form** on page 9. Make sure to include scholar and guardian signatures/dates.

STEP 1B: Meet with school counselor, college and career specialist, or school administrator and receive approval if creating an activity not listed in this guide.

STEP 2: Complete community service hours. Track completed hours on optional log on page 10.

STEP 3: Submit your community service hours in your SchoolLinks account. In the Student Dashboard > School > Experience Tracking. Click +Add Entry. Select Community Service for experience type. Complete all fields. If you completed Independent Service Hours-Approval Required, you must upload your completed and signed Community Service Pre-Approval Form. Click Save.

Community Service Pre-Approval Form on page 9, required **only** if agency is not on approved list starting on page 11.

If you need support on navigating through this process, contact your Career and College Specialist or school counselor.

Community Service Pre-Approval Form

- Community service hours are completed outside of school time.
- The work must be voluntary in nature and not tied to any class credit or pay.
- Community service projects must be pre-approved by the scholar's parent/guardian and school counselor, college and career specialist, or school administrator *only* if the activity is not listed on the directory of approved activities in the back of this guide. All activities listed in this guide have been pre-approved.
- For activities that do not fall in these categories, justification is required to demonstrate how the community is being served by the activities.
- For activities that occur over more than one day, a maximum of 8 hours/day is allowed.

Description of Proposed Community Service Activities	Rationale for Choice of Activity	Community Service supervisor name and email address	School Pre-Approval Needed only if the activity is not listed on the directory of approved activities in the back of this guide.

These projects are scholar and parent/guardian-centered. Therefore, I assume all responsibility for any risks and/or costs that might be inherent in the activities my child chooses. Both my child and I also understand that faking or plagiarizing any part of the activities will negatively impact his/her graduation status.
