Owasso Public Schools

Signing into Your Chromebook/iPad for Secondary Students
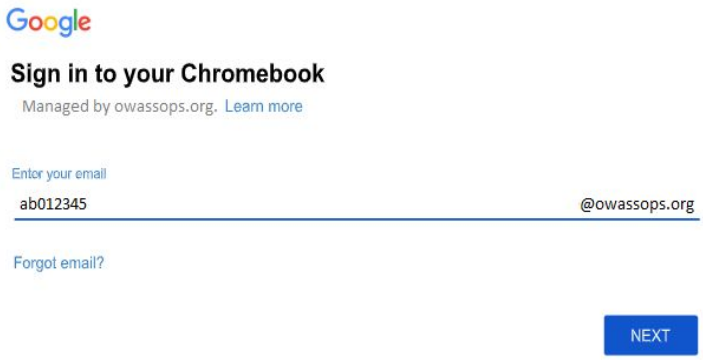

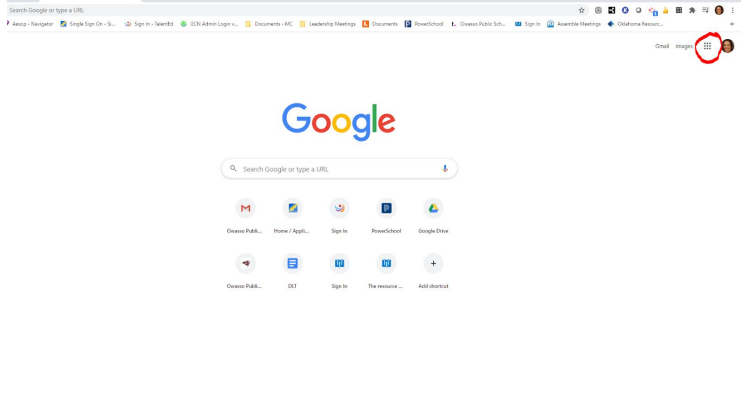

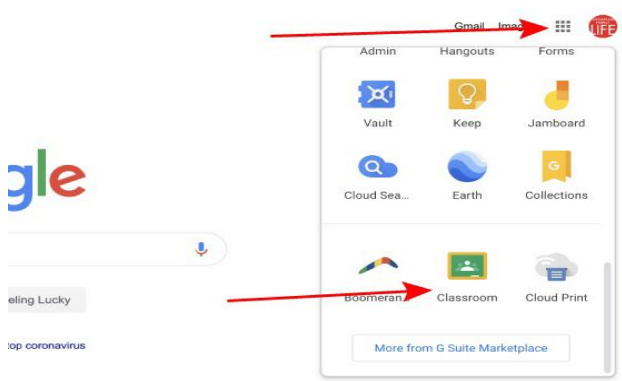

Power On

Before signing into your Chromebook, familiarize yourself with the power button. It may look like a keyboard key marked with this icon ⏻. Press this key to turn on the Chromebook.

Connect to WIFI
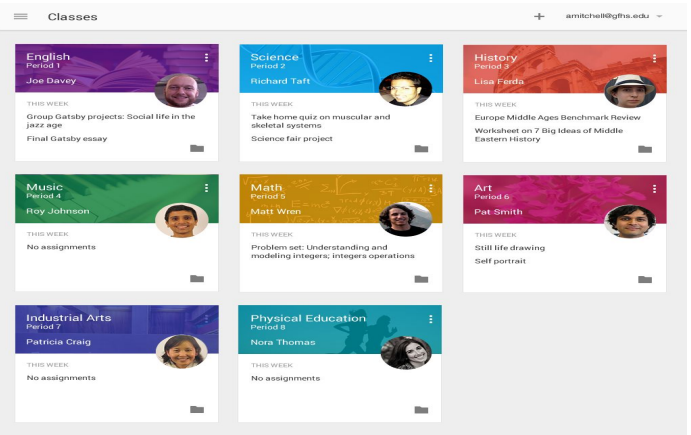

After the Chromebook powers on, it's time to connect to a WiFi.

1. At the bottom right of the screen, click the WiFi service indicator.
2. In the menu that appears, Click the WiFi indicator at the top left.
3. Select your WiFi network and login.
4. After you have successfully connected to WiFi, you can log into the Chromebook.

Login with student credentials	Accessing Google Classroom
Step #1: On the login screen enter your student user id. Then click Next. This is the student's first two initials followed by their ID# (Example: MC12456)	**Step #1:** Once you login into the chromebook, you will be on the landing Page. Click on the "waffle" (9 dots).
Step #2 Enter your password and click Next again. (note: format is OPS and 8 digit birthday. Example OPS04121966)	**Step #2:** Click on the Google Classroom icon

	Step #3: Then you will see your classes for the year.

Accessing Google Meet

Step #1: Click on the "Stream" tab in Google Classroom.There you will see a link for Google Meet. Click on it and join your class
