| 1 | Blakeley, Hillary | AP Biology | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 14 | U102 |
| 1 | Broyles, Dan | Growing Closer with Jesus | What was the purpose for Jesus coming to earth, and how did He model this purpose in His life? How did the great men and women of the faith from the book of Acts through our time live out their purposes? In this class, we will explore and discuss some of these questions and how to apply the answers in our own lives. Some of the activities in Mr. Broyles' class will also include learning how to have quiet time, worshipping, practicing listening to the Holy Spirit, and reading stories from incredible men and women of God about how He used them to expand His kingdom here on earth. We will also watch some documentaries about people living sold out lives for Jesus. | 7-12 | 18 | M206 |
| 1 | Cross, Kelly | From Chaos to Creation: Metal Sculpture Art | Do you like making order out of chaos? Can you imagine constructing miniature models of famous buildings, everyday items, and/or animals? This hands-on course introduces students to the fundamentals of metal model art. Emphasis is placed on creative problem-solving, teamwork, and patience. Students will work individually and collaboratively to design artistic metal sculptures, culminating in finished products that showcase their skills and vision. No prior experience required; all skill levels welcome. You need only a cheerful and cooperative attitude! | 7-8 | 18 | M207 |
| 1 | Davison, Kevin | Tabletop Wargaming | Tabletop wargaming is an incredibly popular pastime across the world and has been for decades. From generals and gentry who use it to study historical battles to popular variants that put players into fighting fantasy or sci-fi battles, enthusiasts love the ability to collect pieces, build, paint, model terrain, learn strategies, and face off with their friends. In this class, you will learn how to do build your own army and battle table from the ground up, from building an individual piece to constructing terrain to fight in and playing with your friends. Sign up and let your imagination take over! | 7-12 | 18 | U203 |
| 1 | Dingwall, Chelsie | Hollywood Movie Adaptations of Classic Literature | Ever wonder why classical literature is considered classic? Why do people read these stories time and time again? Join Ms. Dingwall to watch Hollywood film adaptations of classical literature and see the classics reinterpreted and told from a modern perspective. What would Jane Austen's <i>Emma</i> look like when set in the 1990s? Find out by watching <i>Clueless</i> . Can you imagine Shakespeare's <i>Twelfth Night</i> set in the early 2000s? In the movie <i>She's the Man</i> , it was! Together, we will discuss the classics and watch these and other Hollywood adaptations of great literature. Ms. Dingwall will provide baked goods and popcorn! | 9-12 | 22 | U202 |
| 1 | Gardiner, Catherine | Puzzled Minds: The 2,000-Piece Challenge | Think you've got the patience and teamwork to tackle 2,000 tiny pieces? In Puzzled Minds, you and your classmates will spend two weeks assembling one epic puzzle together. Along the way, enjoy snacks, cozy music, and good company as you strategize, sort, and celebrate each satisfying connection. It is part challenge, part hangout, and entirely about persistence, collaboration, and the joy of seeing a masterpiece come together one piece at a time. No puzzle experience required, just curiosity, creativity, and a love for a good challenge! | 7-12 | 20 | U227 (Andrea Lairson Library) |

| 1 | Gere, Josh | I Got Rhythm! An Introduction to Authentic Solo Jazz Dance | In the words of Duke Ellington: "It don't mean thing if it ain't got that swing!". This course will introduce students to the art of authentic solo jazz dance and have them work towards learning and performing a short group choreography to a classic song from the early swing music era. Alongside learning basic steps and choreography, students will have the opportunity to develop their musical capabilities as well as learn about the history of jazz dance and how it became a foundation for many forms of modern dance. No prior dance or music experience is required, just come ready to move and groove! We will be dancing quite a bit, so please bring a water bottle and wear comfortable clothing. This course will be taught by Bear Creek alumnus Josh Gere '17. | 7-12 | 20 | U143 (Charles Wesley Choir Room) |
| 1 | Gruber, Eric; Russell, Carl | Woodshop 101: A Practical Introduction to Woodworking | In this hands-on woodworking course, students will explore the journey from raw wood to finished product through two engaging projects. The class begins with carving a wooden spoon, starting with green wood and learning the process of shaping, carving, and finishing. In the second week, students will transform a board into a keepsake box, gaining experience with basic joinery techniques and essential woodworking skills. No prior experience is required, just an interest in learning. Students must be able to follow safety protocols and demonstrate responsible tool handling throughout the course. Students will complete two projects and gain a deeper appreciation for craftsmanship. The course is taught by Bear Creek dads Carl Russell and Eric Gruber, who bring a passion for woodworking. (Note: No power tools will be used in this class. Parents will be asked to sign a waiver.) | 9-12 | 12 | Main Prop Shop |
| 1 | Hill, Daniel | Powerlifting | Students will learn and perfect the techniques of powerlifting: mastering movement in the barbell squat, barbell chest press, and barbell deadlift. Coach Hill will teach the proper form for the three main foundational movements of powerlifting (squat, bench, deadlift) as well as how to add accessories to your physical strength training program to advance your strength and scale intensity to help solidify strength gains and avoid injury. | 9-12 | 16 | Fitness Center |
| 1 | Jackson, Michelle | Hand Lettering and Bullet Journaling | Students will learn a variety of hand lettering techniques and then put them to use setting up their own bullet journals. In a world filled with digital distractions, the bullet journal is a pen-to-paper organization method that is rooted in intention and reflection. Students will leave with a variety of useful pages, including space for gratitude journaling, habit tracking, setting priorities, building a regular prayer life, and more. Though bullet journaling can be simple, Mrs. Jackson will take a maximalist approach by incorporating lots of color, lettering, doodles, and stickers! Hand Lettering and Bullet Journaling is not just for students who are already artistic—come learn a creative skill and organize your life! Repeat students permitted. | 7-12 | 20 | U107 |
| 1 | LeQuatte, Josie | The Nail Salon | Join Ms. LeQuatte and learn all the different ways to paint your nails! Students will get to practice various types of nail designs with gel polish on their own nails as well as on acrylic sets. All materials for painting nails will be provided. | 7-8 | 15 | M204 |
| 1 | Malchow, Christie | Running for Change: The Strategy Behind Local Campaigns | Ever wondered how people actually get elected? This hands-on course pulls back the curtain on local political campaigns, from crafting messages and analyzing voter data to planning door-to-door outreach and following campaign finance laws. You will learn the strategy, communication, and teamwork behind winning votes as well as design your own mock campaign for a local issue or office. | 9-12 | 20 | U209 |

|-------|--------------------|--|--|--------|----------------|------------------------------|
| 1 | Mangin, Joel | Discover Japan! | Get ready for an exciting adventure into the heart of Japanese culture! Whether you are a total beginner or already love all things Japan, this course is your passport to explore the traditions, tastes, art, and everyday life of one of the most fascinating cultures in the world. Each day brings something new—from trying delicious Japanese snacks and drinks, to learning traditional arts like origami, calligraphy, and manga drawing. You will dive into pop culture with anime and J-pop and explore ancient customs like the tea ceremony and samurai history. We will play traditional games, learn a few handy Japanese words and phrases, and maybe even try out a sport like kendama or Japanese-style dodgeball! No textbooks, no pressure—just hands-on experiences, cool activities, and a chance to discover what makes Japan unique and awesome. This course is perfect for curious minds who want to learn through doing, tasting, and playing. | 7-12 | 18 | Nagel Commons |
| 1 | Montalvo, Aaron | AP Statistics | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 16 | U103 |
| 1 | O'Gara, Caleb | Weather or Not: A Meteorology Crash Course | Has your weather app ever been wrong ? Did your sporting event get rained out ... again ? Have you ever looked up at the sky when it's raining sideways on a stormy fall day and thought, "What the heck is going on up there?!" Every day, your decision making is impacted by the weather, and in this class, you will learn what the weather is doing each day and why! Join meteorology student, storm chaser, award-winning weather photographer, and Bear Creek alumnus Caleb O'Gara '23 in a crash course into the wonderful, wacky, and wild world of weather. We will learn how God manifests Himself in the beauty and power of the atmosphere, peel back the mystery of the science of meteorology, perform real-time and historical weather analysis, gather the tools you need to make your own informed weather decisions, and, of course, watch some sweet tornado videos. | 9-12 | 18 | U206 |
| 1 | Scrivner, Marianne | How to Host a Game Night | Come and join Mrs. Scrivner to learn how to host a delicious and fun game night with friends. During each class period, students will learn to prepare a quick and easy snack followed by learning and playing strategic card games together. | 7-12 | 16 | U110 |
| 1 | Shah, Shameen | Turmeric Treasures: Indian Cooking | Learn about the vastness and flavors of Indian cuisine in this class with Mrs. Shameen Shah. We will explore the many tastes, sweet, sour, salty, and spicy (just a bit) as we learn about the different foods of India. While curry is the most well known, we will also explore rice dishes, street food, chutneys, dessert, and of course regional specialties focused on vegetarian meals. This will be a hands-on class with an introduction to the main Indian spices. Join us for a spice-filled journey! Tasting is included (of course!). | 9-12 | 8 | Farmhouse |
| 1 | Sinclair, Jennifer | Play with Clay | Have you ever wanted to have free choice to guide your learning style? This class will give you the freedom to design and make your own choices for what you will create with clay. You must come prepared to learn and have fun while doing it. This class is very relaxing, therapeutic, and does not require any previous experience. You will be playing with clay so expect to get dirty (if you don't like getting your hands or nails dirty, you might reconsider taking this class). You are welcome to repeat this class if you have taken it before. | 9-12 | 10 | M24 (Hazel Petesch Art Room) |

| 1 | Smidt, Robert | Game On: Multiplayer Madness | Do you love video games? Do you enjoy having fun? Then this JanTerm class with Mr. Smidt is for you! This class will focus on fun, friendship, and fellowship that is established through the community building process of playing fun, multiplayer videos games together as a group including Mario Kart, Super Smash Bro's, Beat Saber, Crash Bandicoot Racing, and more! Students will be encouraged to bring in their own video game consoles so long as the games are multiplayer games that can be shared with other students present in the classroom. *Non-repeat students have priority. **Games like Fortnite, Rivals, and other Battle Royale-style games will not be permitted. ***No games on phones. | 7-8 | 20 | M202 |
| 1 | Sorensen, Robert | AP European History | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 20 | U208 |
| 1 | Steinkraus, Katy | Knit Lit | Calling all book enthusiasts and crafters alike to Knit Lit! Bring a craft of your choice such as knitting, crocheting, cross stitch, origami, or drawing and settle in for 80 minutes of creative calm. While crafting, we will listen to a shared audiobook, blending storytelling with hands-on relaxation. This class is a unique opportunity to enjoy our peaceful library space, unwind from the grind, and connect with each other. Whether you are a seasoned crafter or just curious, Knit Lit is a fun, eye-opening way to enjoy literature and crafting in a whole new way. We will even provide drawing and coloring materials for anyone who wants to come but doesn't have a craft! No pre-requisites; repeat students permitted. | 7-12 | 18 | M210 |
| 1 | Strobel, Brent | APUSH | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 26 | U201 |
| 1 | Summers, Ryan | AP English Literature and Composition | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 19 | U204 |
| 1 | Thompson, Kelsey | Middle School Jazz Band | Come learn the basics of jazz with Mrs. Thompson! Students will learn multiple jazz styles and delve into the world of improvisation. Prior musical knowledge is preferred but not required. | 7-8 | 22 | M30 (Main Music Room) |
| 2 | Bell, Elissa | The Leadership Challenge | In this class, students will have an opportunity to engage with the best leadership practices, honing their skills and reflecting on their strengths and weaknesses as a leader. The skills students develop in this class will assist them in being successful here at Bear Creek as well as in their future life or in any situation in which they find themselves. Students will be using the principles outlined in "The Student Leadership Challenge," analyzing story, discovering their own leadership styles, and learning to galvanize the leadership potential in those around them. | 9-12 | 20 | U106 |
| 2 | Benyon, Colin | Yearbook 2026: What Lies Within the Pages? | Join us as we create the 2026 yearbook. In this class, you will learn the basics of photography and design through helping produce this year's yearbook. We will talk about what this year means to us and bind the memories within. We will also play games and eat snacks. Hope to see you this January! | 9-12 | 18 | U103 |
| 2 | Blakeley, Hillary | AP Biology | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 11 | U102 |

|-------|--------------------|--|--|--------|----------------|---------------|
| 2 | Brandao, Katie | Reacting to the Past: American Revolution Role-Play | Students who enjoy strategy and role-playing games, improv, and character-driven acting will thrive in this immersive JanTerm course led by Ms. Brandao. Students will take on historical personas such as Alexander Hamilton, Robert Livingston, and James Delancey to experience the political tensions of 1775-1776 New York. Through debates, primary source analysis, and back-room dealings, students will build arguments, navigate unpredictable events, and compete for faction control (while potentially smuggling tea). The course blends historical inquiry with theatrical flair, encouraging students to think critically and creatively. Gameplay includes speeches, alliances, secret objectives, and voting rounds. No prior experience required. Costumes encouraged! | 7-9 | 18 | M207 |
| 2 | Broyles, Lindy | Cards and Coffee | Come join Mrs. Broyles to learn and play a variety of card games while sipping on delicious beverages. Card games will include but are not limited to Cribbage, Nertz, Hearts, Pitch, Spades, Golf, etc. Students will also learn to make delicious espresso beverages. | 9-12 | 20 | U101 |
| 2 | Corrick, Alexandra | Little Foods, Big Fun: How to Build a Charcuterie Board for Any Occasion | Get ready to slice, style, and snack your way through this deliciously fun course hosted by Mrs. Corrick! In Little Foods, Big Fun, students will explore the art of assembling beautiful and tasty charcuterie boards that fit any theme—from cozy winter holidays to game day gatherings and everything in between. Whether you are working with gourmet ingredients or just what's in the fridge, you will learn how to pair flavors and textures like a pro, design eye-catching boards with creative flair, build a board using what you have on hand, and customize boards for different events and holidays. Best of all, students will take home their edible masterpieces to share. No prior experience needed—just bring your appetite and imagination! | 7-12 | 18 | M210 |
| 2 | Davis, Josh | Together: A Crash Course in Sociology | When should we follow the rules? When should we go along with the crowd? Who made these rules anyway? Why do we give one another labels? Is society a good thing? Have you asked any of these questions? Or other questions about how our lives intersect? What are the ways in which our culture and society shape us, our desires, and actions? Come join Mr. Davis to explore the wild world of living in society together through the study of sociology. In this course, we will explore crazy and sometimes bizarre ways we live in community. | 7-12 | 18 | U203 |
| 2 | Dingwall, Chelsie | Hollywood Movie Adaptations of Classic Literature | Ever wonder why classical literature is considered classic? Why do people read these stories time and time again? Join Ms. Dingwall to watch Hollywood film adaptations of classical literature and see the classics reinterpreted and told from a modern perspective. What would Jane Austen's <i>Emma</i> look like when set in the 1990s? Find out by watching <i>Clueless</i> . Can you imagine Shakespeare's <i>Twelfth Night</i> set in the early 2000s? In the movie <i>She's the Man</i> , it was! Together, we will discuss the classics and watch these and other Hollywood adaptations of great literature. Ms. Dingwall will provide baked goods and popcorn! | 9-12 | 22 | U202 |
| 2 | Faris, Mike | Me Like Fire! The Art and Science of Grilling | For thousands of years, meat and flame have been combined to sustain us. And often, it sure does taste good. In this class, students will learn how to grill their food. We will discuss heat sources, grill materials, rubs, sauces, meats, and veggies. And we will eat. As a final project, students will prepare a meal for their families. Students will be working with open flames. This class may not be repeated but arrangements can be made to be a teacher's assistant if the course has been taken before. | 9-12 | 15 | Nagel Commons |

| Block | Teacher | JanTerm Course Title | Course Description | Grades | Max # Students | Room |
|-------|---------------------|---|--|--------|----------------|---------------------------|
| 2 | Fox, Amy | Baker's Book Club | Students will learn how to bake simple, tasty bread—no experience required! Each session includes a quick baking demo, time to prep your dough, and then a peaceful 30-minute reading break while the dough rises (aka proves). It's the perfect blend of hands-on kitchen time and quiet literary escape. During JanTerm, students will bake at least three loaves or rolls and enjoy the rhythm of mixing, reading, and baking together. | 7-12 | 12 | Farmhouse |
| 2 | Gardiner, Catherine | Españooooooooo: An Introduction to Spanish | Do you know what language you will study in Upper School? Do you ever plan to vacation in a Spanish-speaking country? As of 2022, there were more than 572 million Spanish speakers around the globe with the United States home to the second-largest Spanish-speaking population in the world after Mexico. It is inevitable that you will run into a Spanish speaker at some point in your life. So why not learn some Spanish from Profe Gardiner, one of our Upper School Spanish teachers? In this JanTerm course, students will create imaginative stories and experience aspects of Latin culture all while learning some basic Spanish. Intended for true beginners. | 7-8 | 20 | U207 |
| 2 | Gruber, Eric | Woodshop 101: A Practical Introduction to Woodworking | In this hands-on woodworking course, students will explore the journey from raw wood to finished product through two engaging projects. The class begins with carving a wooden spoon, starting with green wood and learning the process of shaping, carving, and finishing. In the second week, students will transform a board into a keepsake box, gaining experience with basic joinery techniques and essential woodworking skills. No prior experience is required, just an interest in learning. Students must be able to follow safety protocols and demonstrate responsible tool handling throughout the course. Students will complete two projects and gain a deeper appreciation for craftsmanship. The course is taught by Bear Creek dad, Eric Gruber, who brings a passion for woodworking. (Note: No power tools will be used in this class. Parents will be asked to sign a waiver.) | 9-12 | 6 | Main Prop Shop |
| 3 | Higley, Phil | Building, Painting, and Playing with Boardgame Miniatures | If you love to play boardgames, come join Mr. Higley for building, painting, and playing with board game miniatures. A variety of miniatures will be provided as well as paints and brushes (and other supplies). You are welcome to bring your own supplies as well. Examples of games include D&D, Warhammer, Gloomhaven, and LOTRs. Additionally, if you just want to paint figurines for fun, that's cool too. | 7-8 | 20 | M208 |
| 2 | Mack, Jared | Songwriting (and Recording) with Mr. Mack | Come learn to write an original song with Mr. Mack. Students will collaborate to turn their ideas into tunes and culminate with recording their songs in the studio. This course is designed for new songwriters as well as those who have been writing for years. | 7-12 | 12 | U141 (Vivaldi Drama Room) |
| 2 | Malkasian, Gary | Building Websites with HTML and CSS | This is an introductory, project-based class that teaches students the foundational languages of web development: HTML for content and structure, and CSS for styling. You will build and publish a live website of your own design for layout, colors, fonts, images, videos, slides shows, and more! This is a shorter version of a class that Mr. Malkasian teaches at Lake Washington Tech. | 7-12 | 18 | U205 |
| 2 | Mendezona, Tyler | Pickleball | Come get picklish in this fun course with Coach Mendo! Pickleball is a paddle sport that combines elements of tennis, badminton, and ping-pong using a paddle and plastic ball with holes. Rules for pickleball are simple, making it a great introductory sport. It can also be quite the challenging, fast-paced, and competitive game when people become more experienced at playing. Students will play singles and doubles tournaments. | 9-12 | 22 | Gym |
| 2 | Meyer, Stephanie | Beading Designs and Ambient Tunes | Have you always wanted to create your own jewelry? Join Mrs. Meyer in crafting delightful jewelry with beads, wire, and other findings. Students will make bracelets, earrings, and other lovely pieces during the time we have together. Students will also explore soothing ambient music to set the tone. Beginners welcome! | 7-12 | 14 | M201 |

| Block | Teacher | JanTerm Course Title | Course Description | Grades | Max # Students | Room |
|-------|-----------------|--|---|--------|----------------|----------------------------------|
| 2 | Montalvo, Aaron | AP Calculus AB | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 29 | U227 (Andrea Lairson Library) |
| 2 | Park, Katy | Seoulful Strokes: Korean Calligraphy and Arts | Are you a fan of K-pop, K-dramas, or Korean culture? This course invites you to explore the beauty of Korean calligraphy while connecting it to the excitement of modern Korean culture. Using traditional brush pens, you will learn to bring Hangeul, the Korean alphabet, to life through creative calligraphy projects. Along the way, we will look at how this timeless art still shapes today's K-pop styles, K-drama visuals, and even the design of K-food packaging. No prior knowledge of Korean is required—just curiosity, creativity, and a love for Korean culture. By the end, you will have your own calligraphy art to show off and a fresh appreciation of the Korean written language, Hangeul. This course is taught by Bear Creek parent Katy Park. | 7-12 | 15 | U214 |
| 2 | Pina, Laura | BR-OGA | Yoga? Good. Brunch? Good. Yoga and brunch? Even better. BR-OGA is a morning wellness experience designed and taught by Laura Pina. Each session begins with a beginner-friendly yoga flow focused on breath, movement, and restoration, followed by a delicious breakfast enjoyed together. This course is open to all experience levels—no prior yoga background required—and is perfect for students looking to start their day with calm, connection, and community. Repeat students are welcome! Note: This class is only open to females. | 7-12 | 20 | U143 (Charles Wesley Choir Room) |
| 2 | Ramoji, Sudheer | AI Unleashed: Exploring the Brainpower Behind Smart Machines | Dive deep into a realm where technology blends seamlessly with imagination. This captivating JanTerm course is handcrafted by Sudheer Ramoji, Scientist at Amazon, and enriched with insights from 15 years of work in the AI field. Ever wonder how Siri seems so intuitive or how game characters move with such realism? The nature of this course is interactive and explorative, blending theory with real-world examples. Students will unearth the AI secrets behind popular gadgets, emphasizing its omnipresence in our lives. Engaging and hands-on, it couples theoretical foundations with tangible real-world applications. While it is a boon to have a basic grasp of linear algebra and probability theory, these are purely optional. Students of all backgrounds are welcome! All that's required is an inquisitive mind and a passion for the wonders of technology. Step onboard for a riveting journey through AI's magical landscape and experience the future now! | 7-12 | 18 | U209 |
| 2 | Rogers, Sean | AP Physics 1 | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 17 | U110 |
| 2 | Schnarre, Jacky | Let's Be Knotty: Embroidery Floss Creations | A lot of knots tied together can create many a lovely thing including friendship bracelets, cross stitch, and embroidery. We will spend time looking at the basics of knot tying for friendship bracelets focusing first on patterned bracelets and moving into more elaborate designs with images. Once you feel comfortable with knots, we will focus on cross stitching and creating designs on fabric with simple x's. Come and explore the colorful world of knots. | 9-12 | 16 | M204 |
| 2 | Schuldt, Mark | World War Two Pacific War Simulation | WWII, table-top strategy, and history enthusiasts will find a unique opportunity for learning and fun in this JanTerm course. This is a new and revised version of this Simulation and will include specific scenario-based play rather than a full scale theater campaign. Students will learn about the history, and the strategies, employed by Japan and the United States in the Pacific between 1941 and 1945. Students will form teams to take either side and work together to manage the economy, logistics, strategy, and combat of the Pacific War. We will use elaborate rules and systems to manage a simulation far more complete than any board game can offer. This class is intended for students who love complex board games, war-strategy, and teamwork. This course will be challenging and require maturity and endurance. | 9-12 | 16 | U210 |

| 2 | Various | Lower School Classroom Assistant | Looking for a meaningful way to spend JanTerm? Get to know some of our youngest Grizzlies and make a lasting impact! This special opportunity invites seniors to serve in a Lower School classroom (grades K – 4) for one 80-minute block each day of JanTerm. You will be matched with a Lower School teacher and become part of his/her classroom community for eight (8) days. Each day will look a little bit different, assisting teachers with prep, supporting students during homeroom lessons, joining them in specialist classes, or even playing alongside students at recess. It is a chance to build relationships, grow in leadership, and earn up to 10 hours of community service. Pre-registraion is required for this course, and spots are not guaranteed. If you are interested, please let Ms. Hale know by October 29. Daily attendance is required. | 12 | Limited | Lower School |
| 2 | YANG, Eddie | The Law School Experience (and Beyond) | A homeowner knows about a broken stair on the front porch but doesn't warn a delivery driver that gets injured while making a delivery. Is the homeowner liable? What if instead of a delivery driver, it is a trespasser? Join this engaging class where you have the opportunity to discuss real-life cases and learn how lawyers craft arguments as well as how judges make decisions. Eddie Yang, a Bear Creek dad and lawyer at Microsoft, will drive discussions mimicking a law school class and open discussions to some of the different career paths that are available in the legal profession. No prerequisites are required for this class. | 9-12 | 18 | U208 |
| 3 | BESAW, Jim | Pickleball | Discover the fastest-growing sport in America! This JanTerm course introduces students to the fundamentals of pickleball—an exciting blend of tennis, badminton, and ping-pong. Whether you are a beginner or looking to sharpen your skills, you will learn rules, techniques, and strategies through hands-on play. The class will culminate in a fun tournament where everyone gets a chance to compete. | 7-8 | 20 | Gym |

| 3 | Bird, Prisca | Animated Movie Magic with Studio Ghibli, Aardman, and Disney | Come ride in a cat bus and hang out with sky pirates. Help teach a giant robot the difference between good and evil. Cheer on the escape attempt of a group of brave chickens from a poultry farm. Join Ms. Bird for this special film course celebrating the history of animation and the dynamic storytelling of Studio Ghibli, Aardman, and Disney. In addition to enjoying some classic animated films, you will gain film analysis skills and will create artworks connected to each film. Through breathtaking scenery and unforgettable alliances, animated movies invite us to see our world anew as a place of true enchantment and meaningful connections. | 7-10 | 22 | U202 |
| 3 | Bolton, Kelsey; Graves, Elizabeth; Krauskopf, Marissa | Sip and Stroll | Do you enjoy going for a walk in nature? How about sipping a hot beverage and chatting with friends? Perhaps you find rest in a solo stroll? Join Mrs. Bolton, Mrs. Krauskopf, Madame Graves, and others for an enriching experience that combines the simple pleasures of walking, talking, and sipping a favorite hot (or cold) beverage with contemplations on God, nature, faith, and creative expression, among others. We will stroll in nearby natural landscapes and parks in an effort to get away, re-charge, and re-focus. Prerequisite: ability to walk. Repeat students permitted. | 7-8 | 15 | Offsite |
| 3 | Broyles, Dan | Personal Finance | In this course, students will learn practical financial skills like budgeting, saving, and avoiding debt. Join Mr. Broyles to discover responsible money management through engaging lessons and real-world applications. | 7-12 | 20 | M207 |
| 3 | Broyles, Lindy | Cards and Coffee | Come join Mrs. Broyles to learn and play a variety of card games while sipping on delicious beverages. Card games will include but are not limited to Cribbage, Nertz, Hearts, Pitch, Spades, Golf, etc. Students will also learn to make delicious espresso beverages. | 9-12 | 20 | U101 |
| 3 | Coleman, Emily | Are you ready? LEGO®! | Do you love building things out of LEGO®? If you have been building for years or love walking by a LEGO® store and you want every set, then Mrs. Coleman's class is for you. Come have fun building by having team-building competitions, using your creativity, and being able to use your building brain to come up with new creations. We will go through struggles but, as a team, we will problem solve, brainstorm new ideas, and just all around have fun. Just as LEGO® pieces can be put together to make something beautiful, we will see how every piece is important to hold our creations together just as God does in every day of our lives. | 7-12 | 22 | M203 |
| 3 | Dunn, Donna | AP Environmental Science | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 15 | U102 |
| 3 | Faris, Mike | Me Like Fire! The Art and Science of Grilling | For thousands of years, meat and flame have been combined to sustain us. And often, it sure does taste good. In this class, students will learn how to grill their food. We will discuss heat sources, grill materials, rubs, sauces, meats, and veggies. And we will eat. As a final project, students will prepare a meal for their families. Students will be working with open flames. This class may not be repeated but arrangements can be made to be a teacher's assistant if the course has been taken before. | 9-12 | 15 | Nagel Commons |
| 3 | Higley, Phil | RPG Extravaganza! | Come join Mr. Higley for role playing board games. In this class, we will focus on the art and science of board game RPG playing. Participants will gain skills in not just "playing games" but also learn strategy that challenges the mind and builds tactical social skills in the process. Games available will be D&D, Dominion, and Magic the Gathering. | 7-8 | 20 | M208 |

| Block | Teacher | JanTerm Course Title | Course Description | Grades | Max # Students | Room |
|-------|-------------------|---|--|--------|----------------|-----------------------|
| 3 | Hill, Daniel | Powerlifting | Students will learn and perfect the techniques of powerlifting: mastering movement in the barbell squat, barbell chest press, and barbell deadlift. Coach Hill will teach the proper form for the three main foundational movements of powerlifting (squat, bench, deadlift) as well as how to add accessories to your physical strength training program to advance your strength and scale intensity to help solidify strength gains and avoid injury. | 9-12 | 16 | Fitness Center |
| 3 | Kuhle, James | Ukulele JAMTerm | Enjoy the island vibes and learn the basics of Hawaii's famous instrument with Mr. Kuhle. We will learn chords, strum patterns, and play along to both popular and traditional songs. Students with their own ukuleles are welcome to bring them to the class; for those who don't own one, the school will provide one. | 7-12 | 16 | M30 (Main Music Room) |
| 3 | Lee, Hana | Annyeong Hankook: An Immersion into South Korean Language and Culture | Curious about K-pop or K-dramas? Or maybe you are already a fan. Do you love Korean food or are you curious about dishes such as kimchi and Korean BBQ? Join Mrs. Lee and dive into all of the above topics and more while immersing yourself in the Korean language. Through exploration of Korean food, music, fashion, and art, students will learn how to engage in basic conversations in Korean. They will also master Hangeul, the Korean alphabet, in order to read and write in Korean. No prior knowledge of Korean required. | 7-12 | 16 | Farmhouse |
| 3 | LeQuatte, Josie | The Nail Salon | Join Ms. LeQuatte and learn all the different ways to paint your nails! Students will get to practice various types of nail designs with gel polish on their own nails as well as on acrylic sets. All materials for painting nails will be provided. | 9-12 | 15 | M206 |
| 3 | Meyer, Stephanie | Fiber and Flair: Intermediate Jewelry Design | Building on the foundations from Beading Designs and Ambient Tunes, this class invites you to explore more advanced techniques in wearable art. You will design and create unique pieces using beads, wire, and fabric elements, learning how to incorporate textiles into jewelry for added texture and flair. Whether you are refining your skills or discovering new materials, this course is all about creativity, craftsmanship, and personal expression. | 7-12 | 14 | M201 |
| 3 | Montalvo, Aaron | AP Statistics | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 23 | U103 |
| 3 | Norris, Kenneth | AP English Language and Composition | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 18 | U206 |
| 3 | Plourde, Brittany | Digital Drawing and Coffee Shop Vibes | Immerse yourself in the world of digital drawing in a relaxed, coffee shop-inspired setting in this JanTerm class. Students of all skill levels are invited to join this open, collaborative space where you can help each other and share ideas. Mrs. Plourde will provide a brief introduction to the world of digital art for those who need it and will be available to answer any digital art-related questions. Join us for this community-focused experience when you will enhance your skills, work on your art, enjoy delicious snacks, and vibe to the perfect playlist. | 7-12 | 15 | U109 (Innovation Lab) |
| 3 | Schnarre, Jacky | Let's Be Knotty: Embroidery Floss Creations | A lot of knots tied together can create many a lovely thing including friendship bracelets, cross stitch, and embroidery. We will spend time looking at the basics of knot tying for friendship bracelets focusing first on patterned bracelets and moving into more elaborate designs with images. Once you feel comfortable with knots, we will focus on cross stitching and creating designs on fabric with simple x's. Come and explore the colorful world of knots. | 7-8 | 16 | M204 |
| 3 | Schuldt, Mark | Strategy Board Games | Come play a selection of fantastic strategy-based board games with Mr. Schuldt. This class will be a blast for everyone from elite board gamers and casual hobbyist board gamers or even those interested in trying serious board games for the first time. We will be playing medium-to-rigorous board games, but Mr. Schuldt will help you, so do not feel intimidated. If you have a great game of your own, feel free to bring it! | 9-12 | 20 | U209 |

| 3 | Scrivner, Marianne | How to Host a Game Night | Come and join Mrs. Scrivner to learn how to host a delicious and fun game night with friends. During each class period, students will learn to prepare a quick and easy snack followed by learning and playing strategic card games together. | 7-12 | 16 | U110 |
| 3 | Shipley, Lani | AP Calculus BC | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 15 | U105 |
| 3 | Sorensen, Robert | AP European History | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 14 | U208 |
| 3 | Strobel, Brent | AP United States History | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 18 | U201 |
| 3 | Thompson, Kelsey | Upper School Beginning Band | Learn how to play an instrument with Mrs. Thompson! Beginning Band is open to all students regardless of prior musical knowledge. Students will choose a band instrument to learn over the course of JanTerm. Instruments and music will be provided. | 9-12 | 22 | U136 (Alleva Band Room) |
| 3 | Wong, Bethany | Pride, Prejudice, and Pottery | We credit C.S. Lewis with the quote, "You can never get a cup of tea large enough or a book long enough to suit me." On the theme of tea and books, in this course, we will listen to an audiobook of Jane Austen's <i>Pride and Prejudice</i> while painting mini tea sets. Bring your enthusiasm, your artistry, and a friend, to listen to one of the greatest enemies-to-lovers stories in English literature. Spilling the tea will never be the same. | 7-8 | 15 | M211 |
| 4 | Bell, Elissa | AP Chemistry | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 17 | U106 |
| 4 | Besaw, Jim | Game On: Multiplayer Madness | Do you love video games? Do you enjoy having fun? Then this JanTerm class with Mr. Smidt is for you! This class will focus on fun, friendship, and fellowship that is established through the community building process of playing fun, multiplayer videos games together as a group, including Mario Kart, Super Smash Bro's, Beat Saber, Crash Bandicoot Racing, and more! Students will be encouraged to bring in their own video game consoles so long as the games are multiplayer games that can be shared with other students present in the classroom. *Non-repeat students have priority. **Games like Fortnite, Rivals, and other Battle Royale-style games will not be permitted. ***No games on phones. | 9-12 | 18 | M202 |
| 4 | Betts, Terry | Fiber Crafting | In the Fiber Crafting class, you can learn to knit and/or crochet. No previous experience is necessary, but anyone with hand-craft experience is welcome. Students will learn basic knitting stitches and/or basic crochet stitches with the goal of making something you can wear or use. This class will be taught by Bear Creek grandparent Terry Betts. | 7-10 | 12 | M208 |
| 4 | Bird, Prisca | That's Propaganda! Discerning Truth from Manipulation | Uncle Sam wants YOU! All the Power to the Soviets! Brush Your Teeth! Join Ms. Bird for an exciting history course that covers how different 20th century world governments and organizations have used the power of film, music, and artwork to influence the beliefs of everyday citizens. We will watch propaganda films from a variety of time periods (WWI, WWII, and the Cold War) and will analyze artwork that advances both positive and negative social agendas. Learn to think like a historical propagandist so that you can better discern fact from fiction in the media that you consume today! | 8-12 | 20 | U209 |

| 4 | Corrick, Alexandra | Books, Brownies, and Banter | Love books? Curious what your friends are reading? Mrs. Corrick's course offers a cozy space to read books of your choice, sip hot cocoa, munch on baked goods, and dive into meaningful conversations. Whether you are into fantasy, mystery, graphic novels, or memoirs, you will have time to read that book you have been meaning to finish in a laid-back environment and join group discussions guided by curated questions. You will also get to explore what others are reading and discover new favorites through a book recommendation bot designed to help you find your next great read. Requirements: curiosity, a love of chocolate, and emotional attachment to fictional characters. | 7-10 | 18 | M210 |
| 4 | Cross, Kelly | From Chaos to Creation: Metal Sculpture Art | Do you like making order out of chaos? Can you imagine constructing miniature models of famous buildings, everyday items, and/or animals? This hands-on course introduces students to the fundamentals of metal model art. Emphasis is placed on creative problem-solving, teamwork, and patience. Students will work individually and collaboratively to design artistic metal sculptures, culminating in finished products that showcases their skills and vision. No prior experience required; all skill levels welcome. You need only a cheerful and cooperative attitude! | 7-8 | 18 | M207 |
| 4 | Davison, Kevin | Tabletop Wargaming | Tabletop Wargaming is an incredibly popular pastime across the world, and has been for decades. From generals and gentry who use it to study historical battles, to popular variants that put players into fighting fantasy or scifi battles, enthusiasts love the ability to collect pieces, build, paint, model terrain, learn strategies, and face off with their friends. In this class, you will learn how to do build your own army and battle table from the ground up, from building an individual piece to constructing terrain to fight in and getting to play with your friends. So sign up and let your imagination take over! | 7-12 | 18 | U203 |
| 4 | Dunn, Donna | AP Environmental Science | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 14 | U102 |
| 4 | Gomulkiewicz, Katie | It's a Dog's Life | Do you love dogs? If so, then this class is for you! Spend two weeks petting puppies and learning more about <i>canis lupus familiaris</i> including the origins of the domestic dog, the life of a working dog, and what it's like to be a pet influencer. And why is Ms. Gomulkiewicz qualified to talk about dogs? Well, first of all she loves them! But also, when not working hard as your college advisor, Ms. Gomulkiewicz is a dog mom to Oscar Wilde and Scout who have more that 21k followers on Instagram, and she also competes with her labrador in scent detection competitions. In short, she's a total dog mom. Sign up for this class if you want to witness the amazing power of a dog's nose, learn basic tips and tricks to train your own pet, and cuddle with corgis. | 9-12 | 20 | U105 |

| 4 | Jackson, Michelle | Hand Lettering and Bullet Journaling | Students will learn a variety of hand lettering techniques and then put them to use setting up their own bullet journals. In a world filled with digital distractions, the bullet journal is a pen-to-paper organization method that is rooted in intention and reflection. Students will leave with a variety of useful pages, including space for gratitude journaling, habit tracking, setting priorities, building a regular prayer life, and more. Though bullet journaling can be simple, Mrs. Jackson will take a maximalist approach by incorporating lots of color, lettering, doodles, and stickers! Hand Lettering and Bullet Journaling is not just for students who are already artistic—come learn a creative skill and organize your life! Repeat students permitted. | 7-12 | 20 | U107 |
| 4 | Kuhle, James | Ukulele JAMTerm | Enjoy the island vibes and learn the basics of Hawaii's famous instrument with Mr. Kuhle. We will learn chords, strum patterns, and play along to both popular and traditional songs. Students with their own ukuleles are welcome to bring them to the class; for those who don't own one, the school will provide one. | 7-12 | 16 | M30 (Main Music Room) |
| 4 | Lee, Hana | Annyeong Hankook: An Immersion into South Korean Language and Culture | Curious about K-pop or K-dramas? Or maybe you are already a fan. Do you love Korean food or are you curious about dishes such as kimchi and Korean BBQ? Join Mrs. Lee and dive into all of the above topics and more while immersing yourself in the Korean language. Through exploration of Korean food, music, fashion, and art, students will learn how to engage in basic conversations in Korean. They will also master Hangeul, the Korean alphabet, in order to read and write in Korean. No prior knowledge of Korean required. | 7-12 | 16 | Farmhouse |
| 4 | Mack, Jared | IMPROV! with Mr. Mack | Come explore long and short form improvisation with Mr. Mack. We will use a variety of games and exercises to gain in-the-moment experience of thinking and responding in public settings. This course will challenge students to say "yes/and," to celebrate risk taking, and to create characters with speed and precision. Students will enjoy learning new techniques for storytelling, expression, and public speaking. | 7-12 | 22 | U40 (Diamond Performing Arts Center) |
| 4 | Mangin, Joel | Discover Japan! | Get ready for an exciting adventure into the heart of Japanese culture! Whether you are a total beginner or already love all things Japan, this course is your passport to explore the traditions, tastes, art, and everyday life of one of the most fascinating cultures in the world. Each day brings something new—from trying delicious Japanese snacks and drinks to learning traditional arts like origami, calligraphy, and manga drawing. You will dive into pop culture with anime and J-pop and explore ancient customs like the tea ceremony and samurai history. We will play traditional games, learn a few handy Japanese words and phrases, and maybe even try out a sport like kendama or Japanese-style dodgeball! No textbooks, no pressure—just hands-on experiences, cool activities, and a chance to discover what makes Japan unique and awesome. This course is perfect for curious minds who want to learn through doing, tasting, and playing. | 7-12 | 18 | Nagel Commons |
| 4 | Mendezona, Tyler | Basketball | Join Coach Mendo for basketball! Come shoot hoops and play against each other in The Den. We will play some smaller games but mostly big, full court games. Students will scrimmage every day so please bring basketball shoes, basketball clothes, and water. | 7-12 | 22 | Gym |
| 4 | Norris, Kenneth | AP English Language and Composition | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 18 | U206 |

|-------|-------------------------------|---|---|--------|----------------|----------------------------------|
| 4 | Pina, Laura | Vocal Lab: The Science of Singing + Application | Love to sing? Vocal Lab is a hands-on singing workshop that blends vocal technique with performance prep. Students will explore the five core systems of voice production—respiration, phonation, registration, articulation, and resonance—to improve tone, breath control, and vocal efficiency. The course includes rehearsal time for two major performing arts events: Solo and Ensemble Festival and the spring musical, <i>Cinderella</i> . However, students do not need to be enrolled in Concert Choir or Musical Theater to participate—this lab also supports independent vocal study and personal repertoire. Open to all experience levels. | 7-12 | 18 | U143 (Charles Wesley Choir Room) |
| 4 | Plourde, Brittany | DIY Brand Studio | Design your own brand from scratch! In this hands-on course, students will create a logo for a personal or business brand, then use the Cricut machine to produce custom merch like stickers, decals, T-shirts, and cards. No experience needed—just bring your ideas and creativity. The class ends with a showcase of each student's brand and creations. | 9-12 | 15 | U109 (Innovation Lab) |
| 4 | Rogers, Sean | AP Physics 1 | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 15 | U110 |
| 4 | Schnarre, Mark | Serving Our Natural Community | Guided by Mr. Schnarre, students will work across the street on the school's wooded property continuing some much-needed tasks (pruning trees and grape vines, clearing ivy, holly, and brush, laying down new trails, etc.). Time will also be carved out for a nature walk or two to see what's happening in the Twenty Acre Wood. Mr. Schnarre holds a degree in terrestrial ecology so he is equipped to point out the connections between individuals in this forest community. In prior years, this class has been a great help, providing care and healthy environments for plants and critters, who in turn give us cleaner air and water from this natural oasis. Most of the class time will be spent outside, so waterproof shoes, jackets, and work gloves make for an enjoyable time outside. Upper School students can get up to 10 community service hours for this course! | 7-12 | 20 | U149 + Wood's Property |
| 4 | Schwartz, Brian; Smith, Bryan | Inside the Game: Strategies for Business and Beyond | What does it really take to succeed in the real world? This two-week course, taught by Bear Creek dads and senior leaders at the world's largest asset manager and featuring guest speakers, including top executives and entrepreneurs, equips students with real-world skills rarely taught in school. Topics include the fundamentals of investing, how to interview like a pro, persuasive communication, and negotiation tactics. Along the way, students will hear from influential leaders who will share their stories and strategies. Whether you are interested in finance, sports, entrepreneurship, or just want to sharpen your competitive edge, this course will challenge you to think bigger, act strategically, and communicate with confidence. Students will leave with practical tools, insider perspectives, and a clearer sense of how to build a successful, impactful career—on their own terms. | 9-12 | 18 | U208 |
| 4 | Summers, Ryan | AP English Literature and Composition | Required AP class - only for AP students assigned to this class (see separate pdf with assignments) | 9-12 | 21 | U204 |

| 4 | Turella, Bobye | Fruhstück to Nachtschkarte: German Culture and Language for Tourists | Visiting Germany soon (perhaps on the Reformation trip)? Want to learn the difference from Tschüss (goodbye) and Weichgekochtes Ei (soft boiled egg)? Then come learn about the German language and culture! This course will cover practical, real-world language topics like ordering food, tourist sights, as well as salutations. Exploring the true meaning of Schadenfreude, the German phenomenon of feeling joy at the sight of seeing another's misfortune, learn to unlock the surprising specific and delightfully complex lexicon of the German language. The class will focus on the cultural areas of Heidelberg, Worms, Wittenburg, and Berlin, areas rich in culture, distinctive histories, and special dialects. Journey past the stereotypes and discover the nuances, beauty, and wit of the German language and its people. Los geht's! (Let's go!) *Note: No prior understanding of German is required. This class is intended for true beginners. | 7-12 | 18 | U205 |
| 4 | Various | Lower School Classroom Assistant | Looking for a meaningful way to spend JanTerm? Get to know some of our youngest Grizzlies and make a lasting impact! This special opportunity invites seniors to serve in a Lower School classroom (grades K – 4) for one 80-minute block each day of JanTerm. You will be matched with a Lower School teacher and become part of his/her classroom community for eight days. Each day will look a little bit different, assisting teachers with prep, supporting students during homeroom lessons, joining them in specialist classes, or even playing alongside students at recess. It is a chance to build relationships, grow in leadership, and earn up to 10 hours of community service. Pre-registraion is required for this course, and spots are not guaranteed. If you are interested, please let Ms. Hale know by October 29. Daily attendance is required. | 12 | Limited | Lower School |
| 4 | Wong, Bethany | Lit and Little Worlds | Do you enjoy beautiful words, miniatures, and fine company? Join Lit and Little Worlds (hopefully with a friend) to make a literary-themed book nook while listening to audiobooks. The hope for this class is as our little worlds come together, so will the narrative and our connections with each other. Requirements: a healthy dose of resilience, some hand-eye coordination, a sense of humor, and an active imagination. | 7-12 | 14 | M211 |
