THE SIGNIFICANCE OF THE SIGN

“This sign is more than posts and lettering- it signals the next phase. It is a promise that our dream is becoming a reality”

Demolition is right around the corner, and the journey to our permanent home moves forward. The QR code on the sign will keep our community updated every step of the way.

REFLECTIONS OF GRATITUDE AND HOPE

“I hope that this move will solidify us as Greensboro choice for Montessori”

-Betsy Sumerford, Media Specialist

“I hope that we will grow in a way that this building will not be able to hold us”

-Tiffany Taylor, 3rd grade teacher

“I’m grateful and I hope that our new school will continue to be a place that makes us happy.”

-Taylor Seegars, Student

“Honoring where we’ve been, celebrating who we are, and holding hope for what’s ahead.”

ROOTED IN OUR PAST, GROWING INTO OUR FUTURE

Soil from each place we've called home has been gathered:

- Bessemer Avenue – Our beginning.
- Alamance – A chapter of transition.
- Wiley – A season of resilience and growth.
- Archer – Our future permanent home.

What this soil represents:

- Continuity- our journey has been connected.
- Resilience – a storm displaced us, but did not defeat us.
- Hope-this land will nourish future generations.

Together, these soils symbolize our continuity, our resilience, and our hope for generations to come

The image is overlaid with a dark blue geometric shape on the right side, containing text, and a bright green horizontal bar at the bottom.

LOOKING AHEAD

Erwin Montessori

“This sign is the first visible marker of our future. The next step will be groundbreaking—and then, building the permanent home our students and staff deserve.”

IS WHERE OUR FUTURE TAKES ROOT

“From Bessemer to Alamance to Wiley, we carried the heart of Erwin Montessori with us. Today, we plant our hope here. Tomorrow, we will build.”
