- I. Welcome, Introductions and Call the meeting to order  
Called to order at 3:04, staff and students shared end of year celebrations.
- II. Approve minutes from 3/18/25 meeting  
Amber Landa motioned to approve and Vanessa Landeros Seconded with no changes
- III. School Plan for Student Achievement (SPSA) approval  
Emailed out week prior so everyone had a chance to look it over. Discussed data, goals and action items that were new for next year, and funding connected to it.

Discussed student incentives and what were the top things students would work for. Amela shared for her she didn't work much for incentives, but if we called home that had a bigger impact on her behavior and she felt like consequences, such as detentions, have a greater impact on tardies or behavior, as most of the time kids are late because they don't want to leave their friends. If we took their friend time away it would change behavior. For Deztani, the incentives were great and she would work towards. She loves the food and snacks, the monthly "Right time, right place" parties have an amazing impact on student behaviors. She also really likes the field trips and would like to add more trips in the future and maybe some more for students to earn as incentives.

Vanessa Landeros motioned to approve and Amber Landa seconded the motion. It approved unanimously with no further comments or questions.

- IV. New business, 25-26 school year  
Discussed staffing and CSR, the increase of staff has been hired for next year and recently the district and SJTA agreed to add PE to CSR, so soon we should be able to post another PE job. Both students asked to have more sports teams in addition to what we have had this year. Adding Girls basketball, track, cheerleading or a dance team, Flag football and Volleyball for next year. Students believe behaviors improve when students are on the school sports team.
- V. Public Comment  
No public comment
