Dear families,

Thank you for choosing to be an active partner in your child's education. By selecting a STEM-C school, you've taken an important step in placing your child on a path of rigorous academic learning and long-term success. This decision demonstrates your commitment to helping them reach their fullest potential.

At LISA Academy, our vision is to empower students to succeed both in school and in life. We aim to open doors to careers in mathematics, science, technology, engineering, and computing—fields that are shaping the future. Along the way, we help students grow into productive, responsible citizens who may one day become leaders, innovators, and even Nobel laureates.

Our mission is to provide a challenging, college-preparatory education that equips every student with the knowledge, skills, and mindset needed to excel in a diverse, rapidly evolving world. We strive to create dynamic, resource-rich learning environments through strong partnerships with students, families, and the broader community.

Family-school partnerships play a vital role in every child's educational journey. We strongly believe that when schools and families work together, students thrive. As your administrative team, we're here to collaborate with you for the success of every child. Please don't hesitate to reach out if you'd like to schedule a meeting to discuss your child's needs. We are here to support you and work alongside you every step of the way.

Thank you for being part of our school community!

Best Regards,
Mahmut Koca, M. Ed.
Principal
