

# CARMEL HIGH SCHOOL

## WORK-BASED LEARNING

A **work-based learning (WBL) experience** connects a student with a local business who assigns meaningful and authentic career-related experiences. The school, student, and workplace mentor create a training plan to guide the student's WBL experience. Through this experience, a student will develop specific career-related skills, as well as a variety of employability skills, necessary for success in today's workforce.

### Who Participates in Work-Based Learning?

To be eligible for a work-based learning experience, students must be enrolled in the **capstone course** of a **career pathway**. Carmel High School currently offers a variety of career pathways. Each pathway offers a four-course sequence featuring a principles course, two advanced courses, and a capstone course. For the pathways listed below, the capstone course features work-based learning experiences with a local business.

- Accounting
- Automotive Service
- Biomedical Science
- Business Administration
- Computer Science
- Construction Trades
- Criminal Justice
- Culinary Arts
- Cybersecurity
- Digital Design
- Early Childhood Education
- Education Careers
- Emergency Medical Services
- Engineering
- Exercise Science
- Fashion & Textiles
- Finance
- Healthcare Specialist (CNA)
- Human & Social Services
- Interior Design
- Marketing & Sales

Through our career capstone courses, Carmel High School aims to connect highly motivated students who are eager to apply what they have learned through three years of career-related coursework with employers who are interested in investing in the future of our city and our state.

### The Benefits of Work-Based Learning

#### Students will:

- Make connections between the classroom and the world of work.
- Strengthen employability skills that are essential for success in any career.
- Develop technical skills that will be needed for success in their career of choice.
- Begin building a network of professional contacts.

#### Businesses will:

- Develop a talent pipeline with access to a new labor pool of highly motivated and innovative students.
- Lower future recruiting costs by developing relationships with students who will be seeking full-time employment.
- Build goodwill in the community for supporting local education efforts.

## The Benefits of Work-Based Learning

CHS students follow a “block schedule” and attend different classes every other day. Student interns are typically scheduled to work offsite for two consecutive blocks. This allows the student complete meaningful work for a minimum of 3 hours every other day. Paid interns may choose to work prior to or after their assigned release times. As example, a student may start work at 7:00 AM and work until Noon. Please note that CHS has a “late start” every other Wednesday, which slightly impacts release times for our students.

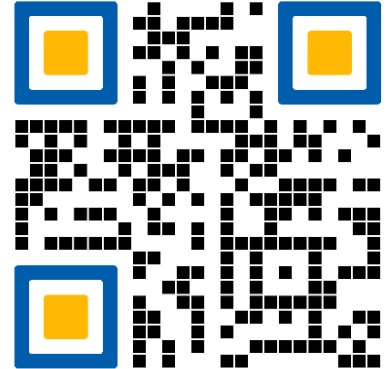

### Daily Block Schedule

<b>Blue 1</b> 9:05 - 10:35	<b>Gold 1</b> 9:05 - 10:35
<b>Blue 2</b> 10:45 - 12:15	<b>Gold 2</b> 10:45 - 12:15
<b>Blue 3</b> 12:25 - 2:25	<b>Gold 3</b> 12:25 - 2:25
<b>Blue 4</b> 2:35 - 4:05	<b>Gold 4</b> 2:35 - 4:05

## Receive Matching Funds Through the EARN Grant

Employers with an approved internship may receive **state matching funds** by hiring students for a resume-building, experiential, paid internship. **Fifty percent of your wages paid could be reimbursed for eligible students who average 12.5 hours/week.**
