Paying for College

Colorado Promise Program

Across Colorado, many colleges and universities have worked to develop Promise Programs, which help remove some of the financial barriers connected with continuing your education after high school. The Promise Programs at *each institution promise to cover at least the cost of tuition for eligible students.* At some colleges and universities, the programs cover more than tuition. Eligibility for Promise Programs depends on each college or university's specific eligibility requirements.

2026–27 FAFSA® Form Now Available!

Use the Free Application for Federal Student Aid (FAFSA®) form to apply for financial aid for college. Even if you don't think you qualify, some colleges require it for admissions and scholarships. Apply at studentaid.gov

It's the season for college visits!

Many Colorado schools offer special events for prospective students during this month. The events are free and usually include lunch. You can find information on the college's website under "Admissions" or "Visit Campus".

Skip the fee and apply to college for free!
