Stafford County Public Schools Payroll Deduction Authorization

I authorize my employer Stafford County Public Schools to deposit all or part of my net pay to my accounts at Apple FCU ABA# 256078514, as specified on this form. I also authorize my employer to initiate debit entries on my account for the purpose of withdrawing money from said account but solely in order to adjust an error resulting from a deposit or credit entry that has been made under this authorization in an amount that is not correct. Because there is a slight possibility that my account will not be credited in a timely manner, I understand that I must check with Apple FCU to verify that my account has in fact been credited before engaging in any financial transactions which are dependent upon the existence of the credit entry.

I understand that this authorization is to remain in effect until I deliver written revocation of it to my employer. (Please note: You may be asked to complete additional information by your employer.)
