3. **If using a Clever Badge (QR code):**

- On your phone, open the badge image (if provided).
- On the child's device, navigate to the badge-login page (watch camera access).
- Hold up the badge image to the camera. The child is logged in automatically.

4. Once logged in, the child picks the app they need and starts working.
5. If the device is shared, make sure to log out when done.

Parent-Tip

- Keep the student badge (or login info) somewhere safe.
- Ensure the camera is working if using badge login.
- If something doesn't work, check with your child's school for their specific login details.
