Description of Activities / Session I
(1-6)

1~***Too many cooks in the kitchen! – Cooking Class***: (Thursday) Have you ever wanted to learn how to cook or wanted to explore some new recipes? Then this is the club for you! Start your culinary adventure by joining today! Learn the tricks of the trade and the fundamentals of cooking to become a kitchen wizard. Best of all, you will be able to sample what you make! **Caution - Food Allergy** – Various cooking ingredients will be used in this club. If you have a food allergy, you **MUST** use caution when signing up. ***Higher fee due to supplies.*** *First come first serve for this club so don't wait!*
Limit: 20 students

2~***Basketball Club:*** (Thursday) Get together with friends and play some competitive basketball! This club is designed to teach young participants about basketball skills, sportsmanship, and team concepts. Each week students will focus on doing fun drills, activities, and games to improve dribbling, passing, and shooting skills. Athletes will also play some 3 vs 3 games as well as some full court 5 vs 5. Never played? Not a problem! We will also play activities that can be modified to challenge all levels. Whether you want a space to work cooperatively and focus on improvement or space to compete with your friends, this club will get everyone involved. Come have some fun! Limit: 20 students

3~***Fitness Club***: (Wednesday) Would you like to learn new ways to use the exercise equipment in the wellness room? This club is designed to not only get students active, but also to help promote healthy living and physical fitness in a fun and positive environment thus increasing our students' health as well as their self-esteem. If the weather permits, we'll take our fitness outdoors to enjoy fresh air while running, walking, or doing group activities outside. No experience is necessary—just bring your energy, sneakers, and a positive attitude! Limit: 20 students

4~***Art Club****:* (Tuesday) Students will have time for individual exploration of creative processes through the use of drawing materials, as well as some paint and clay use. Material focus will vary from week to week and there will be some group lessons as well as individual time for sketchbook drawing and art journaling. Students should bring their own pencils, sketchbooks or notebooks for drawing/doodling if so desired. Paint/clay will be provided by the school. Limit 15 Students

5~***Ultimate Games Club***: (Wednesday) This activity will take place indoors and outdoors (if weather allows). Structured popular weekly activities will take place such as pickleball, capture the flag, flag football, homerun derby, floor hockey, basketball and a few others will be played. This program is fun, competitive, and open to all students with different athletic backgrounds. Sneakers are required to participate. Come put your skills to the test and have some fun! Limit: 30 students

6~***Homework Club***: (Wednesday & Thursday) Students will have the opportunity to complete their homework in a quiet atmosphere where your child will have access to a variety of teachers available for assistance. Our mission statement for the homework club is to reinforce students' skills and self-esteem. Our staff will work to better prepare the students and help them to achieve their potential. No limit.
