

Be Aware of Retirement Planning Phishing Emails

We have seen a rise in scam emails related to retirement planning. Never provide your personal information in response to an unsolicited request for retirement planning, whether it is over the phone, by email or over the internet. The District does offer supplemental retirement plans (401K, 457, 403B), but none of the vendors can confirm your eligibility for a PEBA program or benefit. Educate yourself on the retirement plan(s) you are enrolled in so you can confirm if the vendor contacting you is legitimate. Please contact your [Payroll and Benefits Account Manager](#) if you are unsure of what plan(s) you are enrolled in.
