5. STANDARD OF QUALITY

A. The various materials and products specified in the bid documents by name or description are given to establish a standard of the quality and of cost for Bid purposes. The School District shall not be required to consider or accept any substitution (alternative) that is not specifically identified in a written request for substitution included with the Bid submittal. Failure of the successful Bidder to specifically identify a substitution (alternative) in a request for substitution included with its Bid submittal shall result in the successful Bidder being required to complete the work using materials and products named in the Specifications.

E. The School District shall be the sole judge in making a determination as to quality. If the Bidder submits no written request for substitution with the Bid submittal, it is understood that the Bidder will supply the specific item named in the Specifications.

The surety shall be licensed and qualified to do business in the Commonwealth of Pennsylvania. The bonds shall be accompanied by a power of attorney evidencing the authority of the agent of the surety to execute the bonds as of the date of the bonds.

D. Failure of a Contractor to submit the required bonds within five (5) calendar days of the date of the School District's Purchase Order shall constitute a default by the Contractor, and the School District may, at its sole discretion, award the contract to the next lowest responsible Bidder, reserving to itself all rights for damages relating to said default, or, in the alternative, allow the Contractor additional time in which to secure the required bonds. If the five (5) calendar day period ends on a weekend or national holiday, the bonds shall be due at the District's office the next day thereafter.

Contractor shall not allow any prospective employee or independent contractor on the job site prior to providing the School District with the above-referenced clearance statement for prospective employees or independent contractors.

24. CASH ALLOWANCES

No cash allowances for any purposes are included in the Specifications for this Project.

25. PREVENTION OF ENVIRONMENTAL POLLUTION

Section 3301 of the Pennsylvania Commonwealth Procurement Code requires that all invitations for Bids and requests for proposals for construction projects issued by any governmental agencies shall set forth any provision of Federal and State statutes, rules, and regulations dealing with prevention of environmental pollution and the preservation of public natural resources that affect the Project. In this regard, attached to the Bid Document as Exhibit "A" is a notice of said provisions prepared by the Pennsylvania Department of Environmental Resources under Act 247 of 1972, 52 P.S. § 1612 (repealed). Contractor is hereby notified and agrees to comply with the terms of all statutes, rules and regulations enumerated in said notice, as may have subsequently been amended, supplemented and/or supplanted.

26. WAIVER OF CONSEQUENTIAL DAMAGES

Contractor waives claims against the School District for consequential damages arising out of or relating to the Contract, including, but not limited to, damages incurred by the Contractor for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit except anticipated profit arising directly from the work.

27. FEES, PERMITS AND CERTIFICATIONS

The Contractor shall pay for, secure and provide all necessary and required local, state and federal fees, permits and certificates.

28. TAX EXEMPT STATUS

Contractor shall be responsible for and shall pay all applicable sales, use, excise or other taxes required by law (collectively, the "Taxes") on all materials, tools, apparatus, equipment, fixtures, services, incidentals or otherwise which may be purchased or used in connection with the work under the contract or portions thereof. Bids shall be made in accordance with such laws and shall include Taxes in the Bid amount. Notwithstanding the foregoing, however, certain items acquired as part of the work may be exempt from the Taxes, and no charges shall be allowed for such exempt items. It shall be the Contractor's responsibility to determine those items for which an exemption will apply, and the Contractor shall obtain legal or other tax advice to determine how and to what extent an exemption from Taxes applies. In order to facilitate purchases free of sales and/or use tax in Pennsylvania, and upon certification by Contractor that an item is, in fact, tax exempt, the School District agrees to execute a tax exemption certificate prepared by Contractor or a subcontractor as may be required by the regulations of the Pennsylvania Department of Revenue. In the event that the Contractor pays Taxes not properly due, the School District shall be entitled to any refund relating thereto and the Contractor agrees to assign any and all rights to

said refund to the School District. The School District or its representatives shall be afforded access to all the Contractor's records, books, correspondence, instructions, drawings, receipts, vouchers, memoranda and similar data relating to the contract, and the Contractor shall preserve all such records for a period of three (3) years, or for such longer period as may be required by law, after final payment.

29. ALL APPLICABLE LAWS, STATUTES, REGULATIONS AND STANDARDS

Contractor shall comply with all applicable federal, state, local and industry statutes, regulations, ordinances, codes and standards. The failure to specifically reference or include said matters in the Contract Documents does not excuse Contractor from compliance with same.

30. INDEMNIFICATION

To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the School District, its agents and employees, from and against all claims, damages, losses and expenses, including without limitation attorney's fees and legal costs, arising out of or resulting from the Contractor's performance of the Contract, including, without limitation claims, damages, losses or expenses attributable to bodily injury, sickness, disease or death, or to injury to or destruction of property, including loss of use resulting therefrom, caused in whole or in part by acts or omissions or negligence of the Contractor, a subcontractor, anyone directly or indirectly employed by them or for anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by the School District. The indemnification obligation under this paragraph shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Contractor or a subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

31. CONTRACTOR DEFAULT

A. In the event the Contractor should breach any obligation imposed by the contract documents, in addition to all other damages, losses, costs and relief, whether in law or in equity, which the Owner may recover, the Owner shall be entitled to an award of any reasonable attorney's fees and costs incurred in attempting to enforce or recover upon the contract documents by reason of the Contractor's breach.

B. In the event that Owner declares a contractor in default and the contractor's surety fails to adhere to its obligations under the Performance Bond and/or Payment Bond, furnished by contractor for the Project, the Surety shall be liable to Owner for any and all damages that Owner incurs (including all reasonable professional fees, attorney's fees, architectural fees, engineering fees and consulting fees), together with all reasonable expenses and disbursements incurred by the Owner in connection with Owner's pursuit of its rights under the Performance and/or Payment Bond.

32. PAYMENT

Contractor shall submit a detailed cost breakdown (the total of which shall equal the full amount of the contract price), and a list of all materials including the number of units to be installed and the price applicable thereto (which shall include labor, overhead and profit) in a form acceptable to the School District. The detailed cost breakdown shall be submitted to the School District within ten (10) calendar days of the date of the School District's purchase order. No payment shall be made to Contractor prior to submission and approval of the aforesaid detailed cost breakdown. Payments shall be made only for the work completed according to the detailed cost breakdown. Upon completion of 50% of the specified work, Contractor shall be entitled to payment of 50% contract price, less a 5% retainage, which shall be withheld by the School District until final completion. Upon final completion to the satisfaction and acceptance by the School District, Contractor shall be entitled to the payment of the contract balance, including retainage. Payments shall be made within 30 days of the School District's receipt of Contractor's invoice contingent upon acceptance of the work by the School District. Contractor expressly waives any right to penalties, interest and attorney's fees pursuant to the prompt payment provisions of the Pennsylvania Commonwealth Procurement Code, 62 Pa.C.S. § 3931 et seq. Progress payments due and unpaid under the Contract Documents shall bear interest from the date payment is due at the rate of 4% per annum, simple interest. Interest on final payment shall be governed by Section 3941 of the Pennsylvania Commonwealth Procurement Act, 62 Pa.C.S. § 3941.

33. TIME OF COMPLETION

The date set for completion of the contract is designated in the Scope of Work. Time is of the essence in completing all work.

34. LIQUIDATED DAMAGES

Actual damages for delay in the completion of the work are impossible to determine. Accordingly, the Contractor and the Contractor's surety shall be liable for and shall pay to the School District as fixed, agreed and liquidated damages, the sum of $500.00 for each calendar day (weekends and holidays included) which the actual time of completion shall be delayed beyond the time of completion designated in the Scope of Work. The School District shall have the right to deduct a total amount of any fixed, agreed and liquidated damages for which a contractor may be liable from any monies otherwise due to the Contractor under the Contract Documents. Contractor's surety shall be liable for any fixed, agreed and liquidated damages for which Contractor may be liable to the full extent the Contractor shall fail to make settlement thereof with the School District. In the event the Contractor and/or its surety litigates the validity of these provisions or the assessment of liquidated damages, and fails to prevail as to its entire claim or defense, the Contractor and its surety shall be liable for and shall reimburse the School District for its attorneys' fees, legal costs, and additional architectural, engineering or other expenses incurred in defending or otherwise opposing any such claim, defense or litigation.

35. HAZARDOUS MATERIALS

In the event the Contractor encounters on the job site material reasonably believed to be asbestos or other hazardous or toxic substance which has not been rendered harmless, the Contractor shall immediately stop the work in the area affected and report the condition to the

School District, in writing. The work in the affected area shall not thereafter be resumed if in fact the material is asbestos or other hazardous or toxic substance and has not been rendered harmless except as authorized by any governmental agency having jurisdiction over such matter and upon written recommendation of a properly licensed environmental consultant retained by the School District. The work in the affected areas shall be resumed in the absence of asbestos or other hazardous or toxic substance, or when it has been rendered harmless or removed, in accordance with any required determination of a governmental agency having jurisdiction over such matters and upon the written recommendation of a properly licensed environmental consultant retained by the School District. The contract time shall be extended appropriately. Contractor shall not be entitled to any compensation or recovery of any damages in connection with any related delay.

36. CUTTING AND PATCHING

The Contractor shall be responsible for cutting, fitting or patching required to complete the Work or to make its parts fit together properly.

37. SAFETY PRECAUTIONS AND PROGRAMS

The Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the performance of its work. Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to employees on the work and other persons who may be affected thereby; the work and materials and equipment to be incorporated therein; and/or other property at the site or adjacent thereto.

38. CHANGES IN THE WORK

Changes in the Work may be accomplished after execution of the Contract, without invalidating the Contract, by written change order executed by both Contractor and the School District, or by a construction change directive issued by the School District. Contractor shall not be entitled to any adjustment in the Contract Sum and/or Contract time for changes in the Work without first securing a change order or construction change directive prior to commencing such Work. Adjustment to the Contract Sum resulting from a change in the Work shall be based upon one or more of the following methods: mutual acceptance of the lump sum properly itemized and supported by sufficient substantiating data; unit price stated in the Contract Documents or subsequently agreed upon; or Contractor's actual cost plus a mutually acceptable fixed or percentage fee for overhead and profit, not to exceed a combined total of 15%. School District reserves the right to issue a construction change directive, ordering changes in the Work, within the general scope of the Contract, consisting of additions, deletions or other revisions, the Contract Sum and Contract time being adjusted accordingly. A construction change directive shall be used in the absence of total agreement on the terms of the change order.

39. TRANSFER OF TITLE

Title to work, including labor and materials, shall transfer to the School District upon payment for same. Contractor shall defend and indemnify School District against any liens, claims,

security interests or encumbrances against the Work, or any part thereof, upon School District's payment for same.

40. THIRD PARTY BENEFICIARIES

This contract shall not be construed as providing any enforceable rights to any third party.

41. MATERIALS AND WORKMANSHIP

The Contractor shall perform all work and furnish all materials, supplies and equipment necessary to complete all work required under the Contract Documents, within time specified in accordance with the provisions specified. Unless otherwise specified, all materials, supplies or equipment provided by Contractor shall be new, unused in any regard and of most current design. All materials, supplies or equipment shall be suitable for their intended purpose.

42. FAILURE TO FINISH OR COMPLETE CONTRACT

In the event Contractor shall neglect or refuse to complete the Project as required, or any part thereof, or to replace any work which is rejected, then the School District is authorized and empowered to purchase materials, equipment and services in conformity with the Contract from such party or parties, and in such manner as it shall elect at the expense of the Contractor, or to cancel the Contract; reserving to itself, nevertheless, all rights for damages, including attorney's fees, legal costs, and additional architectural, engineering or other design costs, which may be incurred by the School District.

43. CLEAN-UP/DAMAGE TO PREMISES

A. Where work is to be performed by Contractor on School District premises, Contractor shall keep the School District's premises free from accumulation of waste materials or rubbish caused by the Contractor's performance. At completion of the work, Contractor shall remove from and about the premises, all waste materials, rubbish, Contractor's tools, construction equipment, machinery and surplus materials. If the Contractor fails to clean up as provided herein, the School District may do so, and the costs thereof shall be charged to the Contractor.

B. Contractor shall promptly remedy damage and loss to any school building, equipment and/or other District property caused in whole or in part by the Contractor, or anyone directly or indirectly employed by him.

44. WARRANTY

All work shall be guaranteed by Contractor against defects in workmanship and materials for a period of one year from the date of acceptance by the School District. During this period, Contractor shall agree to promptly remedy, at Contractor's expense, any defects which were caused, in the judgment of the School District, by defective or inferior workmanship or materials. The warranty provided pursuant to this paragraph shall be in addition to, and not in lieu of, any

other warranties required under the scope of work and/or other remedies available to the School District pursuant to applicable law.

45. SUBLETTING OR ASSIGNING OF CONTRACTOR

The Contractor shall not sublet, sell, transfer, assign, or otherwise dispose of the contract, or any portion thereof, or of his right, title, or interest therein without the written consent of the School District.

46. DELAY AND EXTENSIONS OF TIME.

If Contractor is delayed at any time in the progress of the work by any act or neglect of the School District, its agents or employees, any separate contractor employed by School District or by changes ordered in the work, labor disputes, fire, unusual delay in transportation, adverse weather conditions not reasonably anticipated, unavoidable casualties or by any other cause beyond the control of the Contractor, Contractor's exclusive remedy shall be an extension of time allowed for completion of the work under the Contract. This extension of time shall not act as an entitlement for damages due and owing the Contractor for said delay. Under no circumstances shall Contractor be entitled to claim or recover payment, compensation or damages for any delays from any cause whatsoever in the progress of the work, notwithstanding whether such delays be avoidable or unavoidable.

47. GOVERNING LAW.

The Contract shall be governed by the law of the Commonwealth of Pennsylvania.

48. CLAIMS AND DISPUTES.

A. Claims, disputes or other matters in question between the parties to the Contract arising out of or relating to the Contract or breach thereof shall be exclusively litigated in the Court of Common Pleas of Montgomery County in a non-jury trial.

B. Pending resolution of any claim and/or dispute, unless otherwise agreed in writing, Contractor shall proceed diligently with performance of the Contract so as to avoid delay in the schedule of completion of the Project.

49. WAIVER OF CLAIMS.

The making and acceptance of final payment shall constitute:

A. A waiver of all claims by the School District against Contractor other than those arising from liens, claims, security interests or encumbrances arising out of the Contract and unsettled; faulty or defective work; failure of Contractor to comply with the requirements of the Contract Documents; terms of any special guarantees required by the Contract Documents; or any matters arising following such payment which were not within the reasonable contemplation of the School District when payment was made.

B. A waiver of all claims by Contractor against the School District other than those previously made in writing and specifically identified by Contractor as unsettled at the time of application for final payment.

50. COMPLIANCE WITH DISTRICT RULES.

A. Contractor shall comply with all District regulations and policies while on District property, as well as any special regulations adopted by the District relating to this Project. Contractor, subcontractors and their agents and employees shall not socialize with students or faculty. District specifically reserves the right to reject any person District deems unfit to be permitted on school grounds and in proximity to students. Upon written notice from District, Contractor shall have such persons removed from the Project. Inappropriate language, dress or conduct will not be tolerated on District property. Violations of the above shall be grounds for dismissal from the site.

B. The Owner reserves the right to require all construction employees to be visually identified by the use of badges. In the event this security measure is implemented, the Owner will issue badges to all authorized employees in conjunction with the prime contractors and record their issuance with names, addresses, etc. Termination of employment of the construction employee will require the respective badges to be returned to the Owner for record keeping purposes. All employees must wear the badge on the jobsite. Employees without badges will not be permitted on the Premises.

C. Contractor, subcontractor and their agents and employees, shall not be permitted in existing school facilities except in areas then currently being renovated, absent receiving prior approval from the Owner or Owner's representative.

51. TERMINATION OF CONTRACT.

Upon five (5) days written notice to Contractor, the School District may, with or without cause and without prejudice to any other right or remedy, elect to terminate the Contract. Upon receipt of written notice from the School District of such termination, Contractor shall cease operations as directed by the School District in the notice; take actions necessary, or that the School District may direct, for the protection and preservation of the work; and except for work directed

to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders. In case of such termination, where Contractor is without fault, Contractor shall be entitled to receive payment from School District for all work satisfactorily performed prior to termination.

52. TRADE PRACTICES ACT.

In accordance with the Trade Practices Act of July 23, 1968, P.L. 686 (71 P.S. § 773.101 et seq.), the Contractor cannot and shall not use or permit to be used in the Work any aluminum or steel products made in a foreign country which is listed below as a foreign country which discriminates against aluminum or steel products manufactured in Pennsylvania. The countries of Argentina, Brazil, South Korea, and Spain have been found to discriminate against certain products manufactured in Pennsylvania. Therefore, the purchase or use of those countries' products, as listed below, is not permitted:

A. Argentina: carbon steel wire rod and cold-rolled carbon steel sheet.

B. Brazil: welded carbon steel pipes and tubes; carbon steel wire rod; tool steel; certain stainless steel products, including hot-rolled stainless steel bar; stainless steel wire rod and cold-formed stainless steel bar; prestressed concrete steel wire strand; hot-rolled carbon steel plate in coil; hot-rolled carbon steel sheet; and cold-rolled carbon steel sheet.

Penalties for violation of the above paragraphs may be found in the Trade Practices Act, which penalties include becoming ineligible for public works contracts for a period of three years.

This provision in no way relieves the Contractor of responsibility to comply with those provisions of the Contract which prohibit the use of foreign-made steel and cast iron products.
