Housing options discussed: buying & renting, subsidized and elderly waivers, market-rate apartments, 55+, CCRC, independent/assisted living age in place, memory care, cooperatives and condo/townhouses. Explore alternatives to just single-family living. Come with your questions to explore what will work best for you!

Sibling Care/Sibcare Policy

Sibling care gives parents the opportunity to spend individualized time with their child in an age specific class and to fully engage during parent discussion time. If a family is taking an age specific class (examples-infants, toddlers, 2s and 3s, etc) children who are not in the age group should register for sibling care. Our sibcare room is staffed by a qualified teacher who leads age appropriate exploration, activities and play. This service is available for siblings 4 months through age 5 as part of our ECFE program. Babies under 4 months may attend any class with their family. Classes that include sibcare, are designated in the description. Register at the same time you register for your ECFE class.

EARLY CHILDHOOD SCREENING

Screen at 3

Minnesota requires all children to be screened before entering public school kindergarten. The screening is most valuable soon after your child's third birthday and gives you and your child an early connection to PLSAS.

Screening is FREE and includes growth, development, and immunization checks. Your child will be assessed in preschool concepts, communication skills, motor skills and social-emotional skills.

If your child has already been screened through HeadStart, in another school district, or your own medical resource, please provide the screening report. Children only need to be screened one time. Children do not need to be screened if they have an active Individualized Education Program (IEP).

Parents can choose to conscientiously object to screening for their child. If you object, please provide a signed statement indicating your conscientious objection to screening.

A Message from the Superintendent

Our schools are full of incredible learning opportunities—but one of the hidden gems in our district is Community Education. It extends that same spirit of learning and connection beyond the school day, bringing people of all ages together to

explore, grow and engage with one another.

Whether it's a student discovering a new activity, or an adult pursuing a lifelong passion, Community Education creates meaningful experiences that strengthen our entire community. It's about more than just classes—it's about connection, wellness, creativity and the joy of learning together.

As you explore this Winter/Spring catalog, I encourage you to discover (or rediscover) all that Community Education has to offer. You might find a new skill, a new passion—or a new friend right here in Prior Lake-Savage Area Schools.

Yours in partnership,

Dr. Michael J. Thomas
Superintendent, Prior Lake-Savage Area Schools
