What Is a Family-School Compact?

A Family-School Compact for Achievement is an agreement that parents, students and teachers develop together. It explains how parents and teachers will work together to make sure all students get the individual support they need to reach and exceed grade level standards.

Jointly Developed with Parents

The parents at Johnson Aerospace & Engineering High School helped develop this Compact for Achievement. Each school year parent involvement events are held to gather information and feedback from parents that helps update the compact. Parents should feel free to contribute comments at any time.

Together it was decided that parents will:

- Ensure that their child attends school regularly and on time
- Communicate with their child's teachers on a regular basis
- Provide a home environment that encourages and supports their child's learning
- Stay aware of what their child is learning and how he/she is progressing
- Help their child maintain a positive attitude about learning and school
- See to it that their child seeks help when he/she/or they express struggles
- Support school offerings for parents by attending at least one a year. Offering examples include but are not limited to: Open house & Parent/Teacher conferences
