

SE Parent Partners NOTES

401 Camp Craft Road

October 23, 2025

Attendees: Matt Zemo, Emily Dunlap, Meghan Shannon, Bob Hines, Michele DiMaggio, Laura Strunk, Kerri Baldwin, Ashley Phillips, Christine Curry, Cynthia Bumba

Parent Partners & District Updates

- [Caliber Kids](#): Representatives from Caliber Kids attended to present potential partnership opportunities with Eanes ISD to offer adaptive enrichment programming after school, during summer months, and during school breaks. They proposed an 8-week program each semester designed to provide targeted support in sport-specific skill development, self-esteem building, and fostering team and school spirit through adaptive activities with peers and mentors. Feedback was collected from parent partners regarding community needs and program logistics.

- [CAFE Series - Special Education](#) - The **Special Education Conversation and Family Training Series**, hosted by the Special Education Department, begins next week and will continue throughout the school year. The district encourages families to **RSVP in advance** to help plan for adequate space and appropriate accommodations.

- Parents shared ideas and initiatives to help educate nondisabled peers and families about disability awareness. Suggestions included hosting informational meetings for families, providing educational opportunities for students, organizing awareness activities during designated months, and creating an educational video to share at the

start of the school year to promote and showcase Eanes' dedication to an inclusive culture.

- The team discussed increasing awareness including special education teachers and staff in campus recognition days, birthday gifts, teacher appreciation days, and wishlists.
