1. Typically, we provide the services and software (not just software for your staff to do it), is that potentially something you would be interested in?

Answer: Yes, we are interested in both the services and the software.

2. After reviewing the RFP I did not notice any mention of volume of claims and/or collections per month for medical billing which will help us provide appropriate pricing as well as possibly determining if we are a good fit.

Answer: About 139,000 claims
