8th grade is a strong focus because all subjects are tested.

"By May of 2026, all 8th-grade students will score 6 points or higher on their district ECR."

Key Action 2:

"By May 2026, 80% of teachers will score **11** or higher ratings based on the SPOT observation form."

Key Action 3:

"Special Education teachers will achieve 100% compliance with IEPs each semester through internal audits conducted in December 2025 and May 2026."

"The student's PLAAFP will include information from a variety of data sources 100% of the time. Action 4"

"Close achievement gaps in math and reading for emergent bilingual students through targeted support and differentiated instruction."

“40% or more of Emerging Bilingual students will progress to at least one proficiency level in the composite rating as measured by TELPAS. “

Although the passing rate for Middle School is 44%, we have designated 40% for our campus, as it still represents tremendous growth for our scholars.
