

SWEETANGO APPLE

DID YOU KNOW?

- SweeTango Apples are a medium to large varietal, averaging 7 to 8 centimeters in diameter, and have a round to conical shape with flat shoulders tapering slightly to a narrow base.
- SweeTango Apples have distinctly crisp flesh and sweet, spice-filled flavor suitable for fresh and cooked preparations.
- SweeTango Apples are known as a “managed” or “club” variety, meaning they are exclusively grown and marketed under one organization.

FUN FACT!

SweeTango Apples, botanically classified as *Malus domestica*, are an early-season variety belonging to the Rosaceae family.
