

Neff Early Learning Center

School–Parent Compact Summary and Implementation Report (2025–2026)

Overview

Neff Early Learning Center (Neff ELC) is devoted to ensuring that every child receives the best educational foundation possible. Through the School–Parent Compact, Neff ELC formalizes a commitment among the school, parents, and students to work collaboratively toward academic and social success. This compact, developed in accordance with Title I, Part A of the Every Student Succeeds Act (ESSA), outlines shared responsibilities for supporting learning, maintaining open communication, and providing an inclusive and welcoming environment where all students can thrive. Neff ELC recognizes that when schools and families work together, students achieve greater success academically and personally.

Shared Responsibilities

School: Neff ELC provides high-quality instruction tailored to meet diverse student needs, using research-based strategies and a nurturing environment. The school ensures that teachers regularly communicate student progress and provide families with opportunities to participate in educational decision-making. Staff members remain committed to maintaining a culture of collaboration and respect that promotes learning for every child.

Parents: Parents play an essential role in supporting their child's education by fostering a love for learning at home, attending school events, and maintaining consistent communication with teachers. They are encouraged to take part in family engagement activities and volunteer opportunities that reinforce the partnership between school and home.

Students: Students are expected to take ownership of their learning, set academic goals, and demonstrate respect for themselves and others. They are encouraged to approach challenges with a growth mindset, remain engaged, and strive for excellence in all areas of development.

Family Engagement & Communication

Family engagement is a cornerstone of the Neff ELC community. The school hosts regular family nights, bilingual Title I events, and informational workshops that equip parents with resources to support learning at home. Effective communication methods such as parent–teacher conferences, school newsletters, emails, Google Voice, and callouts keep families informed and involved. All communications are accessible in a language that families understand, ensuring that every parent feels welcomed and empowered to participate in their child's education.

Annual Review & Evaluation

The School–Parent Compact is reviewed annually with input from parents, teachers, and staff. Feedback from family surveys, engagement logs, and meeting evaluations is carefully analyzed to identify strengths and areas for improvement. This annual review ensures the compact continues to align with both HISD and state expectations, promoting shared accountability for student achievement. By fostering continuous reflection and collaboration, Neff ELC sustains a thriving partnership between home and school.
