## OWATONNA ADULT EDUCATION PARTNERS WITH RIVER BEND NATURE CENTER TO OFFER PAID OUTDOOR CAREER TRAINING

By OAE Staff

Owatonna Adult Education is excited to announce a new partnership with River Bend Nature Center to bring paid outdoor career training opportunities to our community and adult learners. This collaboration opens the door for hands-on experience in environmental stewardship, conservation, and outdoor education, providing valuable skills for careers in nature-based fields!

Participants will have the chance to learn directly from experienced professionals in a variety of outdoor roles, gaining practical knowledge and completing certifications while contributing to meaningful projects in the River Bend Nature Center's natural areas. This initiative is designed to support adult learners looking to expand their career options, explore new industries, or gain workforce-ready skills in a growing field.

This collaboration highlights the power of working together to bring sustainable career opportunities to our community and adult learners. Consider developing your own partnership with OAE for 2026!
