

Welcome to Special Needs Pre-K

Dear Parents and Guardians,

Welcome to our special needs Pre-K classroom! I am thrilled to have your child join our learning community this year. Our classroom is a nurturing and inclusive environment where every child is valued and supported.

About Our Classroom

In our class, we focus on individualized learning experiences that cater to each child's unique strengths and needs. Our curriculum incorporates play-based learning, sensory activities, and structured routines to promote cognitive, social, and emotional development. We will also work on developing fine and gross motor skills through various engaging activities.

Communication and Collaboration

Open communication between home and school is vital. I will provide regular updates on your child's progress and classroom activities through weekly newsletters and communication logs. Please feel free to reach out to me via email or phone if you have any questions or concerns. Your insights and feedback are invaluable as we work together to support your child's growth.

I can't wait to meet you all!

Alacia Sanders, M.Ed
