2024-25	Fall	264	93.6%	246	18
	Spring	273	93.8%	252	21

Data Source: Principal reporting of data.

Parent-Teacher Conference Attendance has been collected by the Research Division in the spring. Beginning with the 2021-22 school year, the Research Division collected both fall and spring parent-teacher conference data which includes in person and virtual attendance. This information can be used as one measurement of family engagement.

Attend: The number of students who had at least one or more parent/guardian attend PTC in person or by phone/virtually.

% Attend: Fall percentage is determined using Official Fall Membership. Spring percentage is determined using monthly membership from the month the conference occurred.

Student Mobility

Data Source: NDE NEP website. Nebraska Student and Staff Record System

Any child who enters or leaves school between the last Friday in September and the last day of school is counted in the mobility rate. An individual child is counted only once. The percentage is calculated using the number of students in grades K-12 who are mobile divided by the number of students in grades K-12 as reported in the October or Fall membership. The October or Fall membership includes students enrolled on the last Friday in September.

In cases where no data is available, school level statistics do not appear.

Percent Absent by Grade: Enrolled 40 or More Days (No PK)

Data Source: Student Information System (Infinite Campus)

Includes students enrolled at the school for 40 or more days in the school year. The data represented may be different from the attendance dashboard because it was compiled at the end of each school year and is not subject to change. Absences used in these calculations are an accumulation of all out of school absent time and do not include activity, office, Student Success Center absences, technology, senior release, or bus related absences. All other excused and unexcused absences are included in attendance calculations.

Percent Absent: The percent absent charts display the number and percentage of students who fall into each absence rate category. The district goal is for every student to be absent for 5% or less of their school year. An absence rate of 10% or more is considered chronically absent. Only students enrolled for 40 or more days are included in this calculation.

Early childhood students are not included in any demographic or discipline counts. Student demographics are based on Official Fall Membership enrollments and all discipline rates by group or school are calculated by dividing the number of students disciplined throughout the school year by the number of students enrolled at official membership.

Unique Student Incidents by School Year reflects the total number of distinct students involved in distinct incidents in that school year. A student involved in multiple unique incidents counts multiple times.

Student Climate Survey

Data Sources and Notes:

This summary page presents favorability scores for the identified domain areas based on the annual climate survey results of students and staff. Student responses are collected from grades 5-12. These domain scores are calculated by aggregating individual item responses, showing the percentage of responses that were negative (1 or 2), positive (4 or 5), or neutral (3).

Parents have the opportunity to provide feedback throughout the year via the Parent Voice Survey, which allows them to choose from multiple categories to respond to. Parent response counts are often lower, especially in the climate/culture section, as many opt not to participate. Consequently, if there are 10 or fewer responses, the data is not displayed due to the results not being able to be generalized to a larger population.
