

On Wednesday, Oct. 22nd students in grades 9–12 from Mohall-Lansford-Sherwood High School participated in the school's annual fall Community Volunteer Day, lending a helping hand across the communities of Mohall, Lansford, Sherwood, and Antler. Students spent the day assisting residents and community organizations with yard work, fall clean-up, and other outdoor projects while also having some fun! This event continues to be a meaningful way for MLS students to show pride in their communities and give back through service and teamwork.
