

Our Learning Definition is underpinned by...

1

Everyone can learn

All learners have the capacity to grow with the right support and challenge.

2

Learning is purposeful

Learners thrive when they understand the relevance and goals of their learning.

3

Learning is authentic and meaningful

Real-world connections deepen engagement and understanding.

4

Learning is personal

Each learner's strengths, needs, and interests shape their learning journey.

5

Learning values quality over quantity

Deep learning is prioritized over surface-level coverage.

6

Learning is social

Collaboration and relationships enhance learning.

7

Learning is emotional

Emotions impact how learners engage, persevere, and make meaning.
