

*Belief in what matters most holds the power of creating **legacies** that matter most in the long run.*

Payette School District #371 2024-25

Vision

Students will attain success through education such that each student graduates with measurable literacy skills, math fluency, and career readiness.

Mission

Payette School District will provide rigorous, high quality instruction aligned to state standards in a collaborative, safe learning environment resulting in high student achievement.

Core Beliefs

We, the Payette School District, are bold change makers committed to fostering positive community impact and achieving high academic and personal success for every student. Aligned with our mission to provide rigorous, high-quality instruction in a collaborative, safe learning environment, and our vision that students attain measurable literacy skills, math fluency, and career readiness, we passionately equip students to excel in an ever-evolving world. Through innovative teaching and strong community partnerships, we inspire critical thinking, creativity, and effective communication. Our unwavering commitment to continuous improvement ensures that each student graduates prepared to lead and contribute meaningfully to society.
