GED & Me™

The Official GED® Mobile App

GED success in the palm of your hand

Get personalized guidance directly from the makers of the GED test to prep for and pass the test. With the GED & Me app you can set goals, work on creating healthy study habits and get help from Syd, the AI tutor, with challenging topics.

The GED & Me app features were designed with an individual learner in mind, providing structure and motivational reminders.

- Goal setting for a personalized path and encouragement to stay on track
- Guidance and support on what to expect along the GED journey
- Hundreds of free practice questions with answer explanations
- Guidance on when to take a GED Ready, the only predictive practice test
- Ability to schedule the official GED test and receive test reminder notifications
- Plus, direction on what to do next after earning the GED credential!

You can take the app for a test drive before setting up a GED.com account. Or, you can simply login to the app with the same email address as your GED.com account and the two will be linked.

Get GED & Me in the App Store.

Android version coming soon!
