

Service Hour Opportunity

Students have an opportunity to participate in the canned food drive in a way that is meaningful and for which they can earn service hours. They can collect items from their neighborhoods. The task is to distribute collection bags with a paper explaining what the canned food drive is all about and how we support DayStar, to the houses in neighborhoods, and then to return to pick the items up. The qualifications to earn 5 service hours to do this are below, along with instructions about what information should be put on the paper attached to the bags.

5 Hours by doing the following:

- **Get 100 paper bags from Publix or Winn Winn-Dixie, Walmart, etc. Try for 100, but get as many as you can.**
- **Create a flyer to attach to the bags that introduces yourself and explains the canned food drive at SPC. This should also state the date and time range when you will come back to collect the cans.**
- **Distribute the bags in your neighborhood/surrounding neighborhoods.**
- **Collect the cans and bring them in. This is for STUDENT service hours only.**

The following information must be sent to Miss Wiand at hwiaand@spchs.org to show evidence for the five hours. The students should also say if they did this alone or with another student. The hours will also need to be entered by the student in MobileServe.

- 1. The name and location of the store from which you got your paper bags.**
- 2. A copy of the paper you attached to the bag.**
- 3. The total number of items you collected.**
- 4. Photos of yourself: 1. With your bags ready to go before you distribute them, with the paper attached. 2. With your bags after you have collected them.**

What you need to include on your paper attached to the bags:

- Your name**
- Name of the school and where cans will be donated: Daystar Life Center**
- When you will be coming back to collect the cans**
- No ramen, no glass, no family size, no fruit juices (if possible)**
- Toiletries accepted (if you want)**
