Live Virtual Classes	Students are required to attend live virtual class four days a week from 8am-12pm. You access class via a Google Meet link on the Schoology classroom homepage. Attendance is taken based on participation throughout the virtual class.
Asynchronous Work Time	Each week, students are assigned independent online coursework in Science, Social Studies, and Math. Each subject has roughly 3-5 hours of independent work per week on Buzz. In addition, if students elect to do specials asynchronously, they would complete this in Buzz as well.
Electives	There is one elective subject per semester (Art- Semester 1, Computers- Semester 2). Prior to each semester, students choose how to complete their electives content and commit to the option they choose for the entire semester. Option 1: Complete electives asynchronously in Buzz. Option 2: Attend synchronous electives class on Google Meets from 12:35-1:25 pm Monday, Tuesday, Thursday, and Friday
ELD and Special Education	Students enrolled in English Language Development (ELD) and Special Education (SPED) will have virtual classes on Monday, Tuesday, Thursday, and Friday.
