Re: Winter Weather Info

6-12 Parents/Guardians -

As fall weather has finally found us, I figured it would be a good idea to remind you of a few things. In 2023, we implemented a new eLearning format and revised the calendar to include both eLearning and make-up days. A refresher on that information follows:

Details:

- Late start/closing information can be found on area radio and television stations, and we will continue to use our Facebook page and Instant Alert system.
- In the event of an eLearning Day, the teachers will present mini-lessons for each scheduled class period.
- Attendance will be taken each period. Students do NOT need to check in for Advisory or Study Hall.
- Excused absences must be called into the school, and students will still be expected to complete the missed work the same as a normal school day absence.
- Teachers will present the lesson and provide approximately 10 minutes of work time each class hour.
- Teachers will have office hours from 1-3P to answer emails, return calls, or meet online with students.
- Please note that this class schedule also applies for a transition from a 2-hour late start into an eLearning Day.
- Early out days **will not** have eLearning.
- Please see the back of this letter for the class schedule.
- **Reminders:** If necessary, we will use three eLearning days, three snow days (with make-up dates on the calendar), and then two more eLearning days. Since we have a specified calendar with the State, traditional “snow days” need to be made up, even if they are for a half-day, like we had last December, as we headed into Christmas Break.

To make these days a success, students must bring their Chromebooks and chargers between school and home over the winter months, and we will do our best to announce reminders when the weather is looking tenuous.

Again, please see the reverse of this letter for the schedule. Wishing you well.

Cordially,

Judd K. Wheatley
Principal, MACCRAY Secondary School
