HAVERFORD HIGH SCHOOL ALMA MATER

Haverford High,
thy praise we'll ever sing,
Long shall thy fame
in florid accents ring.

Pinioned in splendor
may our banners soar
Crimson and Gold,
triumphant evermore.

Soon, all too soon,
our school day joys are gone.
Then, with the radiance
of the breaking dawn,

Ascends our love
in loyalty to thee,
And memory hold us
close eternally.

Students arise,
shout now with wild acclaim;
Join in the song
to Alma Mater's name.

Let not one foe
among her ranks be known.
Fealty and love
will ever bring us home.

ABSENCES

[Attendance - Haverford Township School District Website](#)

Students are expected to arrive at 7:25AM to be in class promptly at 7:30AM.

Per [Board Policy 204-AR: Attendance AR](#), Absences are considered unexcused until the district receives a written note, email, or other written correspondence documenting a valid reason for the absence, as detailed below. Parents/Guardians and students shall submit the required excuse note within three (3) school days of the absence to the student's building principal or their designee. The failure of the parent/guardian to provide written excuse within three (3) school days of this notice will cause the absence to be permanently categorized as unexcused and will trigger the procedures set forth by the Board Policies. **Parent(s)/guardian(s) must enter absences, tardies, and/or early dismissals in the [SchoolPass Google app](#), [SchoolPass Apple app](#), or [SchoolPass website](#).**

ANSWERS TO FREQUENTLY-ASKED QUESTIONS ABOUT ABSENCES

1. Students who wish to participate in any school-affiliated extracurricular activities, including athletics, must be in attendance at school by 10:46AM and remain in school on that day.
2. Students leaving school early for regularly-scheduled field trips, contests, or school activities will be considered present in school. The student is responsible for making up missed class work.
3. When a student misses school for a field trip, extracurricular activity, or school-affiliated sporting event, club sponsors, teachers, and/or coaches will provide a list of names to the administrative team and Attendance Office, so that pupils may be counted as present. Again, the student is responsible for making up missed work.
4. Any student who is serving a suspension may not participate in any school-affiliated extracurricular activities during the time of suspension.
5. If a student leaves the school during the day due to illness, the student cannot participate in any school-affiliated extracurricular activities on that day.

EXTRACURRICULAR ACTIVITIES

HAVERFORD HIGH SCHOOL CLUBS AND ACTIVITIES

Extracurricular activities are a privilege granted by Haverford High School. All Athletics, Music, Arts, Drama Club, and Clubs that occur during or after school fall into this category of extracurricular activities. Extracurricular activities are a direct link to College and Career Readiness. **Haverford High School hosts an Activities Fair each Fall to provide all students with the opportunity to get involved on campus.**

ATTENDANCE & ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

To be considered a “full day” of attendance, students must be in school prior to 10:46AM. The only exceptions to this regulation require prior approval of an absence or lateness by administration, or excused lateness with a note from the doctor or dentist.

Eligibility applies to any students participating in an activity which requires use of out-of-school time, including members of all athletic teams, activities and clubs. This is an attempt to:

- ensure that the focus of school is academic
- promote academic success
- encourage students to achieve potential both scholastically and through extracurricular endeavors
- ensure parents that time spent on activities will not be to the detriment of academic performance.

Academic Eligibility is determined on a weekly basis in order to participate.

- Any student failing or who has failed more than one (1) full credit with a grade of "F" will be declared ineligible for the period of ineligibility for a minimum of one (1) week. BEHAVIORAL EXPECTATIONS & FREQUENTLY ASKED QUESTIONS

School board policy can be found at the following link: <https://go.boarddocs.com/pa/have/Board.nsf/Public#tab-policies>

*** This document references many school board policies but specific language can be found at the link above.

ACADEMIC DISHONESTY

Cheating on an examination, test, quiz, project, or other assignment will result in redoing the assignment. Any subsequent cheating event will be a zero. Consequences regarding cheating span all classes for the duration of the school year.

ACCEPTABLE USE OF INTERNET, COMPUTERS, & NETWORK RESOURCES

Students are responsible for the appropriate use of the internet, network resources, and any district-issued devices, as defined by [Board Policy 815: Acceptable Use of Internet, Computers, and Network Resources](#). District-issued devices are provided to students for educational purposes only, and must be used appropriately both at school and at home. All commercial, illegal, unethical and inappropriate use of internet, network resources, and/or district-issued devices is expressly prohibited, and will be reported to an administrator. All students are required to read, sign, and abide by the [Student Internet Agreement](#).

ARTIFICIAL INTELLIGENCE

AI-generated content refers to any form of digital content, such as text, images, videos, or audio, that is created by artificial intelligence systems without direct human intervention. These AI systems use advanced algorithms and machine learning techniques to generate content that mimics human creativity and decision-making processes. There may be limited circumstances when students are permitted to utilize AI for a specific education purpose; however, students must be mindful that school rules, including the prohibition against plagiarism and cheating, the Code of Conduct, and School Board Policies and Regulations remain in effect at all times.

- **DO**
 - Use AI programs as smart search engines that present information in ways that are easy to read and understand.
 - Ask AI programs for clarification or explanations when you need help.
 - Generate ideas, topics, and writing prompts using AI programs.
 - Be transparent; attribute AI text and images properly when you use them in your own work.
 - Students must always recognize and properly attribute any citations they use in their work.
 - Consider the fact that many of the underlying “inputs” utilized by AI programs are subject to Copyright Laws
- **DON'T**
 - Use AI programs to avoid doing your own work.
 - Copy text or images from AI programs without proper attribution.
 - Use AI text or images without fact-checking and exploring potential plagiarism issues.
 - Use AI when your teacher expressly forbids it.

BREAKFAST & LUNCH

Breakfast is served daily from 7:00-7:20AM daily in the cafeteria.

Lunch is served at one of two designated times daily. Students must eat lunch on their designated side (11th/12th grade cafeteria or 9th/10th grade cafeteria), outside at picnic tables provided, in the main school lobby, or in the Library with an appropriate pass. All other lunch spots require a pass and adult approval. Lunchtime should be a relaxed part of the student day. Students need to be in sight of an adult at all times. Students clean their own lunch area daily.

BULLYING & CYBERBULLYING

Students who believe they or others have been bullied as defined by [Board Policy 249: Bullying/Cyberbullying](#) and [Board Policy 249-AR: Bullying/Cyberbullying](#) should promptly report such incidents to administration. All reports will be promptly investigated, and corrective action/school-based discipline shall be taken/imposed in accordance with Board Policy when allegations are verified.

CELL PHONES

Haverford School District supports the use of the computers, Internet and other network resources in the district's instructional and operational programs in order to facilitate learning, teaching and daily operations, and provides students, staff and other authorized individuals with conditional access to the district's computers, electronic communication systems and network, which includes Internet access.

In light of [Board Policy 815: Acceptable Use of Internet, Computers, and Network Resources](#), and our district focus on Social/Emotional Wellness, Haverford High School strives to better support students regarding responsible use of personal devices. This includes understanding when and how to appropriately use technology in our ever-evolving, interconnected world, in order to be college and career ready. We understand that personal devices such as cell phones, smart watches, headphones/earbuds, etc., can cause an unnecessary distraction in the school environment and may contribute negatively to the health of our students.

Students are permitted to bring personal electronic devices to school. **However, all devices must be silenced or turned off and remain off of a student's person during classroom instruction as directed by their teachers.** Teachers or staff members may require students to store phones in a designated location during class. Failure to follow these rules will result in disciplinary action including, but not limited to, confiscation of the device. Haverford High School is not responsible for lost personal electronic devices.

We understand that many families rely on the use of communication for a variety of reasons, including, but not limited to, family emergencies. Should students need to contact their parent(s)/guardian(s) during the instructional day, there is a phone available in the main office. Families should contact their students via the main office phone (610-853-5900 x2000) to avoid disruption and maintain an orderly school environment.

During times that students are permitted to use personal electronic devices (i.e. during lunch or in between classes), an orderly school environment, conducive to academic instruction, must be maintained in accordance with [Board Policy 815: Acceptable Use of Internet, Computers and Network Resources](#).

CONTROLLED SUBSTANCES

"Controlled substances" include, but are not limited to, those set forth by [Board Policy 227: Controlled Substances](#). Administrators will follow all guidelines set forth by Board Policy 227: Controlled Substances, including the accompanying administrative regulations. Violations of this policy shall be referred to the appropriate law enforcement agencies.

DRESS GUIDELINES

Students are expected to dress appropriately in school, as defined by [Board Policy 221: Dress and Grooming](#). We are able to accommodate a wide variety of individual tastes. The administrative team reserves the right to make decisions concerning attire, and is open to discussing any questions, concerns, and/or issues.

Guidelines include, but are not limited to:

- Clothing may not create health and/or safety issues.
- Clothing may not interfere with school work, create disorder, or disrupt the educational program.
- See-through or mesh garments must not be worn without appropriate coverage underneath.
- Clothing may not depict, imply, advertise, or advocate illegal, violent, or lewd conduct, weapons, or the use of alcohol, tobacco, marijuana, e-cigarettes, or other controlled substances.

[Board Policy 259-AR: Gender Expansive & Transgender Students - Ensuring Equity and Nondiscrimination](#)

HARASSMENT & SEXUAL HARASSMENT

The Board strives to provide and maintain a safe, positive learning environment for students that is free from harassment. Harassing behavior, including sexual harassment, is inconsistent with the educational goals of the district and is prohibited at all times. Students who believe they or others have been subjected to harassment as defined by [Board Policy 248: Harassment](#) and [Board Policy 259-AR: Gender Expansive & Transgender Students - Ensuring Equity and Nondiscrimination](#), should promptly report such incidents to administration. All reports will be promptly investigated in the same manner as student disciplinary investigations; or, in the case of alleged sexual harassment, investigations will be handled by the Title IX Coordinator in accordance with all applicable legal obligations and procedures set forth in the district's [Title IX Grievance Process](#).

HAZING

We will maintain a safe, positive environment for students and staff that is free from hazing, in accordance with [Board Policy 247: Hazing](#). Hazing activities are inconsistent with the educational goals of the district and are prohibited at all times.

PLAGIARISM

Plagiarism is defined as the taking and/or use of another person's ideas, writings, or creations as one's own. This includes, but is not limited to:

- Plagiarizing on any school assessment/assignment by using another person's work or allowing another person to use your work
- Turning in someone else's work as your own
- Copying another's lab report or comparable assignment
- Copying material without putting it within quotation marks and crediting the source
- Paraphrasing any work without giving credit to the initial author

Consequences regarding plagiarism span all classes for the duration of the school year. Students' second offense with plagiarism counts.

- Teacher will notify the student's parent(s)/guardian(s) as well as the grade-level administrator.
 - **1st time offense for the school year:** Students will have the opportunity to correct and resubmit the assignment to the teacher within 3 school days. A 20% deduction of the assignment grade will occur.
 - **2nd time offense for the school year:** Students will receive a zero on the assignment without the opportunity to correct and resubmit.

SEARCHES OF/ON SCHOOL PROPERTY

Searches of a student's person, locker, desk, or personal property may be made when there is reasonable suspicion to believe there has been a violation of school district policies, school regulations, or the law. All searches will be conducted in accordance with [Board Policy 226: Searches Of/On School Property](#).

STUDENT EXPRESSION & TERRORISTIC THREATS

The right of public school students to freedom of speech and expression is guaranteed by the Constitution of the United States and the constitution of the Commonwealth. The Board respects the rights of students to express themselves in word or symbol and to distribute and post materials in areas designated for posting as a part of that expression. The Board also recognizes that the exercise of these rights must be limited by the District's responsibility to maintain an orderly school environment and to protect the rights of all members of the school community. Refer to [Board Policy 220: Student Expression/Distribution and Posting of Materials](#) and [Board Policy 220-AR: Student Expression/Distribution and Posting of Materials](#) for additional information.

STUDENT PARKING

There is no student parking in the parking lot before or during school hours – parking in the HHS lot is only available for students after school and on weekends. There is minimal parking available along Golf Road – these parking spots end at the line painted on the wall near the back entrance of Haverford Middle School. HHS does not govern parking in the surrounding neighborhood. We encourage you to follow all parking signs, as we have no jurisdiction with neighborhood parking.

TITLE IX

“No person...shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” For information regarding Title IX, consult the [HSD Title IX Website](#) or the [Athletics](#) section of this handbook.

TOBACCO, E-CIGARETTES, & VAPE DEVICES

In accordance with Act 145 of 1996, the Board of School Directors prohibits at all times the possession of and/or use of tobacco by pupils in school buses and vehicles, on school grounds, in school buildings or facilities and on real property or premises owned by, leased by, or under the control of the school district including but not limited to facilities or real property utilized for school district activities. For additional information, consult [Board Policy 222: Tobacco](#).

WEAPONS

The Board recognizes the importance of a safe school environment relative to the educational process. Possession of weapons in the school setting is a threat to the safety of students and staff and is prohibited by law. Administration will follow the guidelines set forth in [Board Policy 218.1: Weapons](#). Violations of this policy shall be referred to the appropriate law enforcement agencies.
