October 28, 2025

Dear Parents/Guardians,

As a follow-up to our letter dated March 28, 2025, all 12 of the outlets that required remediation have been retested and came back within the acceptable limits.

The results of this lead testing, as required by legislation, are [posted on our District's website](#), under the Facilities Department tab.

We appreciate your continued support as we work to ensure the health, safety, and welfare of all children and staff.

Sincerely,

Glen Freyer
Director of Facilities
