# November

## Principals' Blurb

November brings a perfect opportunity for reflection and gratitude. I am genuinely thankful for the many blessings in my life, especially the chance to work with the incredible students, parents/caregivers, teachers, and staff that make up the Northland family. It is a honor to continue serving as your Elementary Principal, and I appreciate the unwavering community support that contributes to our school's success.

Even as the seasons change and winter weather approaches, we're holding firm to our Eagle Pride expectations here at Northland. I'm enthusiastic about stepping into this new season and seeing the continued growth of all our students!

It's getting cold outside! Students need to be prepared to be outside for recess. Students in grades K-5 are required to participate in recess each day. The majority of recess time will be held outdoors weather permitting. Your student(s) will need to have the appropriate outdoor clothing at school each day to ensure that they are safe and comfortable during this outside time.

Please be sure that your student(s) have the following items of clothing:

- Hat
- Mittens/Gloves
- Winter Coat
- Snow Pants
- Boots

Please label all items with your child's name to ensure that lost items are returned to them.

Proper winter attire is an important factor in keeping our children healthy. Thank you for your anticipated cooperation in this matter.
