

PILLAR 1

FAMILY ENGAGEMENT

Strong family engagement creates the foundation for student growth and achievement. When families are welcomed as partners in learning, students benefit from a web of support that extends beyond the classroom.

GOAL

Build welcoming, consistent, and structured opportunities for families to engage in their student's educational journey.

STRATEGIES

- Host signature school specific & district-wide family events
- Provide families with resources and tools to support academic, social-emotional, and postsecondary readiness.
- Strengthen communication by using consistent platforms and culturally responsive practices.
- Integrate the My Influence Matters Pledge Campaign into family events to reinforce shared values and accountability.
