OKEMOS SCHOOLS
PERSONAL HEALTH AND SEXUALITY EDUCATION
(PHASE)
ADVISORY BOARD OPENINGS
Fall 2025

Okemos Public Schools has 2 positions open for the Personal Health and Sexuality Education Advisory Education (PHASE) Board beginning the 2024-2025 school year. They are currently looking for candidates to fill positions in the following categories:

Clergy:	(Need 1)	3-year term
Parent:	(Need 1)	3-year term
Health Professional:	(Need 1)	3-year term

The PHASE board was established to advise the school district about reproductive health. Responsibilities of the board include reviewing and recommending instructional materials and programming and assisting with evaluation of sexuality education programs in the district. The board consists of parents, teachers, administrators, clergy, community health professionals, students and other interested citizens.

Members of the Okemos Public Schools District Parent Council are responsible for selecting applicants for the PHASE board to the school board. These nominees are then presented to the school board for approval. A reasonable effort is made to ensure that the advisory board consists of members representing a cross-section of community viewpoints.

More information about PHASE and the sex ed curriculum can be found here.

Those who have questions or are interested in applying for these positions on the Advisory Board should contact Stacey Molenda, Executive Assistant (Stacey.molenda@okemosk12.net) to have an application emailed directly to you. Applications must to be returned by email or mail by **November 14, 2025** to:

Okemos Public Schools
