A mission-driven reputation for excellence

Notre Dame Preparatory School's Marist mission — to work with God to form Christian people, upright citizens and academic scholars — informs every decision we make. It defines our students' experience and the culture our employees cherish.

As Michigan's premier Catholic school for pre-kindergarten through grade 12, we are known for academic rigor, innovation and a welcoming faith community that celebrates purpose, service and growth.

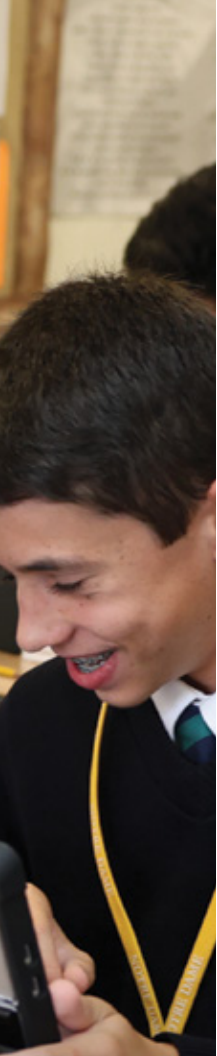

"Faith, scholarship and community — that's what drives everything we do."

Balanced benefits that support the whole person

Because your well-being matters as much as your work.

Through the Michigan Catholic Conference, we provide comprehensive health, wellness and retirement benefits that help employees live balanced, fulfilling lives — in mind, body and spirit.

Health and Wellness

Medical, dental, vision and disability coverage — plus life insurance and wellness programs designed to support your physical and mental health.

Retirement and Financial Security

A defined benefit pension and 403(b) plan help you plan confidently for the future.

Work-Life and Mental Health

Flexible leave, counseling access, and resources for emotional and spiritual well-being — because great teachers thrive when they are cared for.

Guided by our Marist values

Our Marist values guide every decision, conversation and classroom experience. They define who we are — as educators, as colleagues and as people of faith.

Christian People

We live our faith with joy, fostering a culture of prayer, compassion and service.

Upright Citizens

We model leadership, respect and integrity in a diverse world.

Academic Scholars

We pursue excellence with curiosity, humility and purpose.

WHO WE HIRE

We seek teachers and staff who believe in forming the whole person — academically, spiritually and socially — in the Catholic, Marist tradition.
